Cuba Reports Small Force Invades Isle

U.S. Says It's Put-Up Job; Exiles Claim 'Second Front'

HAVANA (UPI)—The government reported today that a 27-man invasion force, including three Americans, landed on the extreme northeastern tip of Oriente Province Tuesday.

Unconfirmed reports said Premier Fidel Castro had flown into eastern Cuba to lead his troops against the invaders.

An official communique charged the invaders "came from the United States and carried an American flag." (In Washington, the State Department indicated it believed the "invasion" to be a put-up job by the Castro regime to embarrass the United States).

A Cuban communique said troops and militia made contact with the enemy at Hiram de Nibujon, 24 hours after the sea landing at Navas Bay, between Moa and Baracoa.

The expeditionary leader, Armentino Feria, known as "El Indo" (The Indian), was said to have been killed and two of his men captured.

The communique said the invaders forced 50 peasants to join them, but that the peasants fled when the fighting began.

Besides the American flag, the government soldiers were reported to have captured three mules laden with ammunition, some M-1 carbines, a book of regulations of the U.S. Army and various other documents.

The Cuban communique gave no clue as to the identity of the

Wilson Named New Municipal Court Judge

Joseph G. Wilson, 42, San Rafael attorney and president of the Marin County Bar Assn., will be sworn in as judge of Marin Municipal Court, probably late next week.

Gov. Edmund G. Brown late yesterday announced appointment of Wilson to fill the vacancy left by the recent elevation of Judge Richard M. Sims Jr. to the superior court bench.

"I am grateful to the governor and all those who supported me," said Wilson. "I will do the best I can to maintain the high standard of the Marin judiciary."

Wilson said he met the governor in San Francisco Tuesday by appointment and learned of his impending appointment to the bench, but was sworn to secrecy until the official announcement.

Wilson and his wife, the former Betty Lovelace of Seattle, and their two children, Paul, 13, and Sara, 11, live at 2 Mountain View Avenue, San Rafael.

He served with the Navy as lieutenant during World War II, then joined the legal staff of the Atomic Energy Commission, in Hanford, Wash., and later in San Francisco. He is still a special consultant to the personnel security board of the Atomic Energy Commission office in Oakland.

Neutrals' Bid For Summit Talk Defeated

Reds Claim Victory; China Admission Issue Before U.N.

COMBINED AP & UPI

UNITED NATIONS, N.Y. —Embittered over their defeat in an attempt to produce a Soviet-United States summit meeting, neutral nations today pushed a campaign for a peace bridge between the two nations.

At the same time the General Assembly decided to discuss the admission of Communist China to the U.N. late today, and Western observers confidently predicted a major victory for the United States in its battle to keep Peiping out.

REDS EXUBERANT

The Communist bloc reacted exuberantly to the developments, hailing the neutralist clash with the United States as a clear victory for Premier Nikita Khrushchev.

As one Communist representative put it, the Soviet premier "did not even have to lift a finger" to achieve it. The neutral proposal came from the Afro-Asian block.

U.S. maneuvers succeeded early today in heading off the neutralist proposal urging a conference of President Eisenhower and Khrushchev. But American diplomats conceded the United States may have sustained damage as a result of the neutralist struggle.

LEADS STRATEGY

Both Eisenhower and Khrushchev had made clear they did not want to meet, but the Communists simply stood by and abstained from voting while the United States led the strategy to defeat the neutralists' bid.

The neutralists finally gave up the struggle for their five-nation U.S.-Soviet summit proposal after the Assembly, at U.S. urging, voted to delete specific reference to the two government heads and call merely for resumption of Soviet-American diplomatic contacts. But there was no one-sized majority such as the United States had enjoyed on other issues.

MAY SPEAK AGAIN

There was a possibility Khrushchev might speak again on the Red China issue, although he was not among the 11 speakers listed for the debate expected to begin this afternoon after a policy speech by the delegate of the former French Congo.

An indication of the Asian-African bloc's new tactics came at the outset of today's Assembly session. Iraq, a member of the bloc, appealed to all nations of Asia, Africa and Latin America to advocate "positive neutrality" and establish an East-West bridge.

2 Homers Blasted By Mantle

PITTSBURGH (UPI) — Mickey Mantle's home run heroics led a modern "Murderers' Row" today as the wrathful New York Yankees rose up to square the World Series at one game each by annihilating the Pittsburgh Pirates, 16-3.

Mantle, making up for four previous strikeouts in this series, clouted two home runs —one a tape measure dandy over the distant ivy-covered brick wall in centerfield — to knock in a record-tying five runs and feature a 19-hit Yankee attack.

TURLEY VICTOR

It made Bullet Bob Turley the victor before 37,308 awed Pittsburgh fans, although he needed ninth-inning help from bantam Bobby Shantz.

The Yankees, on this alternately cloudy and sunny day, gave a morale-shattering display of power as they hung the defeat on fire-balling Bob Friend, first of six Pirate pitchers.

But it was Mantle, the American League home run champion with 40, who stole the show as he left Dodger Duke Snider behind in the World Series home run derby and closed in to within two of the immortal Babe Ruth's all-time total of 15.

REAL BLAST

For the Oklahoma kid broke the game open in the fifth inning with a clothesline drive into the right field seats with one aboard which gave the Yanks a 5 to 1 lead and then hit his 13th series homer in the seventh with two on. That one was a real blast, arching high and far over that 15-foot brick wall in right center field and it made him the only man ever to clear the barrier 436 feet from the plate while hitting right handed.

Those two shots gave him five runs batted in, equalling a feat previously performed by Yankee immortals Tony Lazzeri and Bill Dickey as well as Ted Kluszewski, hitting for the White Sox last year.

The Yankees really put the game away in the sixth inning when they sent 12 men to the

Tam Expansion Is Well Planned

(Voters of the Tamalpais High School District — who comprise three-quarters of all the people living in Marin —will go to the polls next Tuesday to decide the fate of a three-million-dollar program to expand Drake, Redwood and Tamalpais High Schools. Here is the second article in a series examining the background of the bond issue.)

How can Tamalpais District meet the impending enrollment crisis which threatens to engulf Drake, Redwood and Tamalpais High Schools?

The answer can be simply stated:

Additional classroom and other high school facilities must be started forthwith in order to be ready for the 20-plus per cent growth in enrollments that are in sight for the next two years.

The plans are ready. All that remains to be done is to vote approval of the necessary funds (three million dollars) at next Tuesday's special election.

Never in the oldest citizen's memory was there ever a school construction plan so thoroughly worked over by lay citizens as was the plan on which the Tam bond proposal is based.

It was born—as are all school expansion plans—in the minds of school administrators and architects.

These people are, quite properly, idealists and perfectionists.

Their initial proposal handed to the elected trustees of the Tamalpais district envisioned a six-million-dollar construction program!

Without gold-plating or frills, everything was provided for, with some capacity to spare.

There was no question that the plan was the ideal; but the high cost slowed down the trustees.

Sukarno Talks To Ike, Still Wants Meeting

WASHINGTON (UPI) — President Eisenhower today failed to shake Indonesian President Achmed Sukarno's belief that an Eisenhower - Khrushchev meeting would help ease cold war tensions.

Sukarno, a leader of the United Nations neutralist bloc, said after a 35-minute White House meeting with the president that Eisenhower explained why he did not want to meet with the Soviet premier at this time.

The Indonesian chief said Eisenhower's explanation gave him a clearer picture of the situation. But, drawing his index fingers together to illustrate a meeting, he added:

"I still stick to the idea that Eisenhower and Khrushchev should meet."

The White House made no mention of this issue in a brief communique after the conference. It said only that Eisenhower and Sukarno "agreed on the necessity of continuing strongly to support the United Nations."

The Eisenhower-Sukarno meeting came after Indonesia and four other neutralist nations lost out in their attempt to force through the United Nations a resolution calling for a big two summit meeting.

Indian Prime Minister Jawaharlal Nehru withdrew the motion after it became obvious it was headed for defeat in the U.N. General Assembly. Secretary of State Christian A. Herter had opposed the resolution.

Eisenhower previously wrote the five neutralists that he would not meet with Khrushchev unless there was some prospect of fruitful talks. He also called on Russia to release two captured U.S. airmen from an RB-47 shot down by Soviet fighters.

Sukarno was the last of the five neutralist leaders to meet with Eisenhower. He flew to Washington from the U.N. meeting and returned to New York immediately after the White House conference. He planned to leave for home tonight.

Cat Proves Downfall Of San Rafael Woman

Mrs. Mimi Adams of San Rafael, who tripped over her cat and broke her ankle Monday, then lay helpless and without food for two days in her home because she "didn't want to bother the neighbors," observed her 66th birthday in good spirits today in San Rafael General Hospital.

Mrs. Adams was rescued by ambulance yesterday after she crawled to the telephone and called her physician, suggesting that "maybe you'd better send for an ambulance."

She gave away the cat that caused it all.

Monday night, Mrs. Adams, a widowed practical nurse, arose from bed in her home at 110 Laurel Place. Her small Siamese cat, Sammy, began playfully jumping around her feet. As she tried to avoid the cat in the darkness, she fell, breaking her left ankle.

Although the pain was sharp, Mrs. Adams said, she did not think the injury was serious. She remained on the floor, waiting for the pain to subside.

Next morning, her landlord came by. She crawled to the door and pushed the cat out to him.

"Take it to the pound," she told him, then, changing her mind, "No, give it to the little girl next door."

The landlord took the cat, unaware that Mrs. Adams was unable to arise.

As Tuesday went by, Mrs. Adams was still unable to stand She could get water from the sink, she said, but could not reach food in her refrigerator —except a melon on a lower shelf.

All that night and yesterday she lay helpless.

She saw several of her neighbors through her door during the two days, she said, but did not call out to them because "I didn't want to bother them."

But yesterday she decided she must have medical attention. She crawled to the telephone and called her physician, Dr. William M. Edwards Jr. of San Rafael. She asked him to send an ambulance.

The ambulance crew found her sitting patiently on the floor beside the telephone.

"I wasn't mad at the cat," she said today, "but I do think he might be a little too much for me."

Eating heartily of the hospital food that comprised her birthday dinner, she commented, "I was pretty hungry when I got here."

FORECAST SAYS SKIES TO CLEAR

Intermittent showers dumped close to one-half inch of rain on most of Marin County yesterday and this morning. Clear skies tonight and tomorrow were forecast by the Weather Bureau.

Today's readings from the season's first measurable rainfall which began yesterday morning showed San Rafael .54 of an inch, San Anselmo .40, Belvedere .51, Sausalito .56, Tamalpais Valley .55, Mill Valley .44, Muir woods .37, Tiburon .51, Woodacre .71, Point Reyes Station .80 and Novato .20.

Marin's Joe DeMaestri Plays In First World Series Game

Joe DeMaestri played in his first World Series game today, and the San Anselmo resident joined in the fun as the New York Yankees bombed the Pittsburgh Pirates.

DeMaestri, a utility infielder, was inserted into the lineup at shortstop in the sixth inning and in his first time at bat collected a single during the Yankees' three-run rally. He later scored ahead of Mickey Mantle's home run. His single came with two strikes on him and was drilled sharply to right field.

DeMaestri struck out his next time up as leadoff batter in the ninth inning.

Afield, the 32-year-old former Tamalpais High School star did not have any chances.

This is DeMaestri's 10th season in the major leagues and his first World Series game.

TRUCK DRIVER MAKES A REAL U-TURN

William Thomas Shelley, Salinas truck driver, was heading north on Highway 101 this morning with an empty 60-foot trailer. At Grant Avenue in Novato, he applied the brakes for a stop light. The trailer skidded and jack-knifed, knocked a hole in the truck cab and wound up heading south in the left turn lane—making a complete "U" of truck, semi-trailer and trailer. Shelley emerged unscatched, reported California Highway Patrolman William Gregg; but the jack-knifed truck-trailer blocked all three northbound lanes of the highway. (Independent-Journal photo)

Paradise Beach Park May Be Ready In Spring

Marin residents may be able to use Paradise Beach County Park, the site of the former Tiburon Naval Net Depot, for recreational purposes by next spring.

The Marin County Parks and Recreation Commission yesterday decided to clean up the area, removing all dangerous debris and structures.

Mrs. Wayne Tharp of Novato, secretary of the commission, said the commissioners hope to have the area in shape for "minimal use" by next spring. Recreational activities would include picnicking, bathing, shore fishing, and possibly hiking in the newly acquired 18 acre uplands area overlooking the beach.

The uplands is now being used by nature groups and some hikers. The commission plans to put in some trails, and possibly some benches and eventually sanitary facilities.

For the time being, the existing pier may have to be fenced off until it can be made safe, said Mrs. Tharp.

The county parks and recreation group also asked the county planners to bring in ideas for directional signs for county parks. The commission will ask the board of supervisors to appoint County Administrator D. A. Jensen as ex-officio member of the group.

lege in Walla Walla and Stanford University Law School. He and his family came to Marin in 1951. Wilson served as San Rafael city councilman from 1955 to 1957. He failed of election in 1957.

Active in Boy Scout and Little League baseball, Wilson is also a member of the Marin Council for the Prevention of Crime and Delinquency. For two years, he was chairman of the Chamber of Commerce education committee. He is vice president of the Marin United Fund and represents Marin on the United Bay Area Crusade executive committee.

He is attorney for the Redevelopment Agency in Marin, which is supervising redevelopment of Marin City.

Wilson is past president of the Marin Toastmasters Club and former vice president of the San Rafael Optimists Club.

Wilson was defeated by Everett A. Matzen of Petaluma for the Democratic nomination for the State Assembly last June. He was endorsed by the Marin Democratic Central Committee for the judgeship.

The new judge said no arrangements have been made yet for the 'swearing in ceremonies but "it will probably be the latter part of next week."

In New York, Cuban exile sources said a "second front" had been opened against Castro on Cuban soil and predicted more landings at widely separated points.

Government spokesmen said troops and militia were pursuing the 23 survivors of the expeditionary force who were reported headed into the Sierra Maestra Mountains, and "they cannot escape."

Corte Madera Eatery Loses Safe, $400

The Captain's Room, a tavern and restaurant at 208 Redwood Avenue in Corte Madera, was looted of almost $400 sometime last night.

The theft was discovered at 9 a.m. today by John McKenzie of South San Francisco, who entered the premises to make repairs to the stove.

The owner, F. G. (Red) Kern, said about $85 in currency and coins was taken from the cash register. A safe, weighing nearly 500 pounds and containing about $300 in cash and checks, was hauled away.

Entry was made by jimmying the Redwood Avenue entrance door, Police Chief Frank Nelson said. The cash register was destroyed beyond repair by the thieves, the chief reported.

Glenwood Group Plans Election

Plans for a Nov. 30 election of the Glenwood Home Owners Assn. were made at a meeting of the board of directors last night.

Six of the seven board positions will be open, only Gerald O. Melbo as president carrying over automatically for a second term.

Robert Christensen was named chairman of a nominating committee also comprising Mrs. David Hudson, Mrs. Malcolm Powell and Maj. Dale Schultz, whose selections are to be made by Oct. 15 after which members may nominate through petitions signed by a minimum of five.

The election will be held at the Church of the Redeemer, 121 Knight Drive.

Plans were made for a Halloween party at the church on Oct. 29, and for a parents' party at Rancho Nicasio at 7:30 p.m. Nov. 5.

Indio Rancher Jailed Again; Rape Charge

Indio ranch owner Mattias Irving Kornell, 45, who faces trial on charges he terrorized a Belvedere family with a gun last August, now faces a rape charge in El Dorado County.

Marin Sheriff's Deputy Robert F. Bertrand went to Ross General Hospital, where Kornell was taking private treatment, and arrested him about 8 p.m. yesterday. Kornell said the new charge stems from a complaint made by his estranged wife, Mrs. Joelle Kaufmann Kornell, 43, in Placerville.

The rape charge apparently arose from an incident which allegedly occurred near Lake Tahoe last August involving a 14-year-old girl. Kornell was held today in Marin County Jail in lieu of $5,000 bail.

His troubles in Marin County started last Aug. 7 at the home of William J. Kaufmann of 6 Pelican Point, Belvedere, Mrs. Kornell's brother. Mrs. Kornell and her three children were at the Kaufmann home when Kornell arrived to discuss details of a divorce.

Kornell allegedly brought a .22-caliber rifle and herded his wife and other members of the family into an upstairs living room. Joel Kaufmann, 17, got a baseball bat and knocked out Kornell.

Gift Shop Open House Planned

Oriental Treasures, a shop featuring gifts from the Far East, is holding an open house at 2010 Fourth Street, San Rafael, at the entrance to the Miracle Mile, starting today and continuing through Sunday.

Mrs. Mary Simmie, who has collected many art objects during her years of residence in the Orient, is owner and operator of the shop.

The store will be open from 10 a.m. to 5 p.m. Coffee will be served in the morning and tea in the afternoon.

Coffee Salesman Collapses, Dies At Novato Home

Edward Melvin Baranski, 40, route salesman for Farmer Brothers Coffee Co., collapsed and died today at his Novato home.

Sheriff's deputies said Baranski was ill with virus pneumonia for about three weeks and may also have suffered a heart attack about 1 a.m. today.

He and his wife, Janice Ann, resided at 1247 Cambridge Street.

Mrs. Baranski told Sheriff's Deputies William Johansen and William Brust that Baranski was occupying a separate bedroom because of his illness.

She was awakened by a noise in the bathroom this morning and found her husband lying on the floor. She ran for help to the home of Richard D. Colombo at 1250 Cambridge Street.

Novato firemen used a respirator on the victim without success. Baranski's family doctor said the victim had been suffering from a rapid heart, and also from pneumonia.

Baranski was born in Patterson, N.J., and had lived in Novato for several years.

Keaton's of San Rafael is in charge of funeral arrangements.

Paul S. Cabrol Rites Saturday

Funeral services will be held Saturday in San Rafael for Paul S. Cabrol, 57, a Marin resident for 34 years, who died Tuesday in a Sonoma County auto crash.

Results of an autopsy to determine whether Cabrol died of a heart attack or was killed when his car ran off Highway 37 near Sonoma were awaited today.

One of the founders of the San Rafael French Cleaners, he was a leader of the local French colony, and a member of the La Gauloise French Lodge, the Marin Lafayette Club, the French Athletic Club, and the French Hospital Assn. He was also a member of the San Rafael Elks Lodge.

He is survived by his wife, Alice, and a sister, Mrs. Alice Marty of San Francisco.

The funeral procession will form at 9:15 a.m. Saturday at Keaton's, San Rafael. Requiem High Mass will be celebrated at St. Raphael's Church at 9:30 a.m. Interment will be in Mount Olivet Cemetery, San Rafael. The rosary will be recited tomorrow at 8 p.m. at the mortuary.

John M. Tremari Mass Saturday

Requiem Mass for John M. Tremari, longtime Nicasio rancher, will be celebrated at 10 a.m., Saturday, at the Church of the Assumption in Tomales.

Tremari, who was 59, died Monday night in a Petaluma hospital after long illness. He had been hospitalized a month.

A native of Italy, he came to the United States in 1921 and worked on various West Marin ranches before buying his own ranch at Nicasio. He retired in 1946 and since then had resided in Petaluma.

He was a member of the United Ancient Order of Druids.

He is survived by three sisters and three brothers: Mrs. Maddelene Terza of Fallon, and Mrs. Annette Tamola, Mrs. Angelina Caracci, Elisio, Enrico and Domenic Tremari of Italy.

The rosary will be recited at 8 p.m. tomorrow at Sorensen Funeral Home in Petaluma, where the cortege will form at 9:15 a.m. Saturday. Entombment will be in Tomales Catholic Mausoleum.

Marie Serres Services Set

Funeral services for Mrs. Marie Serres, 62, of Novato, will be held Saturday in San Francisco.

Mrs. Serres died Tuesday night. She had resided at 658 Hancock Avenue, Novato for four years, with her husband, Pierre, who survives. She had been ill for some time, and died while being driven to a San Francisco hospital.

Mrs. Serres was born in Cuqueron, France, and came to the United States as a young girl. She and her husband, a retired San Francisco laundry owner, had lived in San Francisco before moving to Novato four years ago. She was a member of the garden group of the Novato Community Club.

She is survived also by a son, Emile A. Serres of Novato.

The Rosary will be recited at 8 p.m. tomorrow at the Magendie and Malfanti Mortuary, 1340 Golden Gate Avenue, San Francisco. Services at the funeral chapel at 8:30 a.m. Saturday will precede a High Mass at 9 a.m. at Notre Dame Des Victoires Church. Interment will be in Holy Cross Cemetery, Colma.

Workers Achieve Full G.E. Strike

NEW YORK (UPI)—New picket-line violence broke out today as the International Union of Electrical Workers achieved full strength in its five-day strike against General Electric Co.

About 500 tickets, shoving and shouting "go home!" blocked police efforts to open the way for non-striking employes at GE's biggest plant at Schenectady, N.Y.

One woman was knocked down in the scuffling and two men were reported to have been taken from the area by police.

An IUE official, James Ingalls, was arrested in Burlington, Vt., early today when 22 policemen and 30 pickets battled for half an hour after an early morning shift of non-strikers left the plant. Ingalls was charged with breach of the peace and freed in $100 bond.

Another person was arrested in a flareup at the G.E. plant outside Syracuse, N.Y., bringing to 20 the total of arrests there since Tuesday. A total of 12 persons have been arrested on New England picket lines.

More than 100 policemen with riot clubs were assigned to guard plant gates in fear of further outbreaks. In Schenectady about 40 policemen were on hand.

The Schenectady violence came after 9,000 members of the Local 301 IUE voted by petition to join the nationwide walkout, reversing an earlier secret vote against the strike.

G.E. is seeking injunctions in Bucyrus, Ohio, where G.E. charges a "wild, threatening" picket line has imprisoned 34 non-striking employes in its lamp plant, and in Lynn, Mass., where subpenas were served on strike leaders to appear in court today to answer a company petition for injunctions against mass picketing and picket line violence.

STOPPED 4 CARS

Road Bandits Sought; They Posed As Police

EL PASO, Tex. (AP)—A search for a trio of vicious bandits who posed as police officers to hijack motorists has switched to Mexico.

El Paso County Sheriff Bob Bailey said, "We believe we have the three bottled up in Juarez." Juarez, Mexico, is just across the Texas border from El Paso.

The three bandits, while posing as police officers, stopped four cars on a lonely stretch of U.S. 62-180 early yesterday and robbed the travelers. One woman was raped by one of the bandits who was described as dark. Other motorists were beaten and left bound in a roadside pasture.

The high-jackings occurred about 40 miles east of El Paso in deserted, open range country. Following the robberies, one of the victims freed himself from his bonds and made his way to the highway and summoned help.

The victims said their attackers approached from the rear in a car equipped with a siren and spotlight and the leader of the group wore a policeman's cap.

Bailey said there is no doubt in his mind that there is a definite connection between the high-jackings that occurred near El Paso and similar ones reported in Arizona, California and in other Texas points.

Workers Achieve Full G.E. Strike

NEW YORK (UPI)—New picket-line violence broke out today as the International Union of Electrical Workers achieved full strength in its five-day strike against General Electric Co.

About 500 tickets, shoving and shouting "go home!" blocked police efforts to open the way for non-striking employes at GE's biggest plant at Schenectady, N.Y.

One woman was knocked down in the scuffling and two men were reported to have been taken from the area by police.

An IUE official, James Ingalls, was arrested in Burlington, Vt., early today when 22 policemen and 30 pickets battled for half an hour after an early morning shift of non-strikers left the plant. Ingalls was charged with breach of the peace and freed in $100 bond.

Another person was arrested in a flareup at the G.E. plant outside Syracuse, N.Y., bringing to 20 the total of arrests there since Tuesday. A total of 12 persons have been arrested on New England picket lines.

More than 100 policemen with riot clubs were assigned to guard plant gates in fear of further outbreaks. In Schenectady about 40 policemen were on hand.

The Schenectady violence came after 9,000 members of the Local 301 IUE voted by petition to join the nationwide walkout, reversing an earlier secret vote against the strike.

G.E. is seeking injunctions in Bucyrus, Ohio, where G.E. charges a "wild, threatening" picket line has imprisoned 34 non-striking employes in its lamp plant, and in Lynn, Mass., where subpenas were served on strike leaders to appear in court today to answer a company petition for injunctions against mass picketing and picket line violence.

STOPPED 4 CARS

Road Bandits Sought; They Posed As Police

EL PASO, Tex. (AP)—A search for a trio of vicious bandits who posed as police officers to hijack motorists has switched to Mexico.

El Paso County Sheriff Bob Bailey said, "We believe we have the three bottled up in Juarez." Juarez, Mexico, is just across the Texas border from El Paso.

The three bandits, while posing as police officers, stopped four cars on a lonely stretch of U.S. 62-180 early yesterday and robbed the travelers. One woman was raped by one of the bandits who was described as dark. Other motorists were beaten and left bound in a roadside pasture.

SUNSHINE FOR ROYALTY? — Mrs. Esther Laine (left), manager of Aldersly Danish Old People's Home, and Mrs. Anna Thomsen-Hansen look out window of latter's room at Aldersly, hoping for sunshine tomorrow when they will again see the king and queen of Denmark—whom they last saw in 1939 when the couple were crown prince and princess. ROYALTY DUE TOMORROW

Aldersly Plans Warm Welcome For Danes

By RANDALL GOULD

Denmark's sailor king Frederik IX and his consort, Queen Ingrid, will be warmly greeted in San Rafael tomorrow by several score fellow-Danes, including at least three who met them here in 1939.

One of these, it was learned today, both met and worked for the king's father, King Christian X, some 70 years ago.

Ninety-year-old Mrs. Anna Thomsen-Hansen at the Aldersly Danish Old People's Home modestly neglected to mention, on the previous royal visit, that for three years as a young girl she was cook at Kranborg Castle near Copenhagen and frequently saw King Christian.

Nor had she bothered to mention it since then until a reporter blundered on it to the surprise of Mrs. Esther Laine, manager of Aldersly, who with her husband Adolf are the other two who were present at the 1939 visit.

All three remember the then-crown prince and princess as from fairyland—handsome and regal, yet friendly, kind and intelligent.

Mrs. Thomsen-Hansen remembers clearly just how father differed from son and how they resembled each other, though she never saw them together and first met the present king only a trifling 21 years ago.

"Both were tall and good-looking but King Christian was somehow not so mild and soft as his son," she recalled. "More stern, you might say—but still very kind.

"Once I went to the door and found that it was the king himself. He smiled and patted me twice on the shoulder to make me feel comfortable."

Mrs. Thomsen-Hansen worked as a cook at Kranborg Sloet, as she calls it ("sloet" is castle in Danish) —for the three years before she came to the United States in 1894.

The royal family had and still has many castles. This one was specialized for training soldiers, she said. Frequent calls were made by the king to observe work in progress.

Of Frederik and Ingrid's 1939 visit she said:

"The queen was one of us. As we had coffee together, she went to speak with each in turn while the king sat at a small table and also talked with everybody.

"They showed the greatest interest and we—oh, we liked them, from our own home-born country!"

Mrs. Laine's recollections were equally happy. Her husband, now retired and in the infirmary, was then manager. A leisurely afternoon was set aside, to which one surprise was contributed by the Laines' little daughters Elsa (later to be a professional skater and now married with a daughter of her own in Los Angeles).

"By arrangement a fine big bouquet of flowers was presented to the queen," said Mrs. Laine, "but Elsa also presented a small surprise bouquet of California poppies she had picked out in the yard.

"I think the princess, as she was then, felt this very much for she really hung on to her little bouquet!"

The royal couple have three daughters in Denmark, one of whom will become queen in a royal line unbroken for 10 centuries.

As the now 61-year-old king measures six feet four inches tall and holds himself erectly as a rule, Mrs. Laine was a little worried about the need for taking him tomorrow through some narrow covered passageways which will make his stoop a bit before he reaches the open area where—weather permitting—the reception party will be gathered.

The royal motor party will leave San Francisco at 3 p.m. and may pause at Vista Point. How much time will be spent at Aldersly is uncertain.

The king and queen arrived in Los Angeles yesterday, and were to fly to San Francisco late today, with arrival scheduled for 4:45 p.m. Their U.S. tour will end in New York on Oct. 17.

Tiburon Firehouse To Get Painted

The Tiburon Volunteer Firemen's Assn. last night decided to turn out en masse Saturday to paint the outside and trim of the newly constructed Trestle Glen substation before the community open house on Oct. 15 and 16.

Fred C. Hannahs and Allen A. Olson are co-chairmen of the "paint-up."

Neider Set To Answer Strawberry Objections

Strawberry developer Samuel R. Neider will answer objections of the Strawberry Property Owners' Assn. to his proposed rezoning of land in the area at an emergency meeting of the association at 8 p.m. today in the Strawberry Point Elementary School.

Neider met with the association's negotiating committee last night, according to Ralph Cole, chairman, and following discussion said, "We will try to go as far as we can or we will suggest alternate proposals to the recommendations of the negotiating committee."

At the meeting last night the committee told Neider they would go along with his proposals for rezoning with the following exceptions:

The property owners would ask for a 100-foot-wide buffer strip to be developed for recreational purposes by Neider directly behind residences on Ricardo Road. They ask that only single story multi-unit dwellings be built from the buffer zone to the grove of trees. From the grove towards the Golden Gate Baptist Theological Seminary, multi-story apartments would be approved.

The committee asked Neider secondly that he not construct multi-dwelling units at the end of Harbor Point. They oppose this unalterably, Cole said.

Lastly, the property owners say they would approve rezoning at Harbor Cay, also known as Eel Island, provided the lot size is 10,000 square feet or larger, that only single-story buildings are permitted, and that a bridge must be built to the island rather than an earth causeway.

Conclusions of tonight's meeting, Cole said, will be presented to the Marin County Planning Commission Oct. 10.

Committee members besides Cole are Russ R. Lloyd, Tom Martin, Forrest Davidson, Marcel R. Ehrer and Clifford Young. Neider was represented last night by his attorney, Harold R. La Bonte Jr. Neider was present.

Marin's Assessed Value Increases

Marin County's assessed valuation has increased 11.1 per cent over last year, a survey by the California Taxpayers' assn. indicates.

In 1959-60 assessed valuation in Marin was $218,393,943. The preliminary total for 1960-61 shows an increase to $242,607,575.

Throughout the state, assessed valuation totals have climbed $2,131,165,081, or 7.8 per cent over last year.

Marin is one of eight counties with 10 to 15 per cent more valuation this year. Six other counties have increases of more than 15 per cent.

Intoxicated Driver Draws Fine Of $263

Ross dentist Walter Gordon Swett, 57, paid $263 fine and drew six months probation yesterday in Marin Municipal Court for his first drunken driving conviction.

Judge Harold J. Haley also restricted the dentist's driving privilege for the next 90 days. Dr. Swett pleaded guilty to driving while intoxicated along Highway 101 last March 14.

Novato Phone Toll Charges May End Soon

Toll charges between two telephone exchanges in Novato will end next year if negotiations between the two telephone companies serving the city are successfully concluded next month.

Novato now has a Twinbrook exchange serving most of the city from the Western California Telephone Co. But some phones in the southern part of the city are in Tucker exchange of Pacific Telephone and Telegraph Co. A call between exchanges costs 10 cents.

The California Public Utilities Commission has set Nov. 16 as the deadline for a report from the companies on their almost six months of negotiations to drop the toll. Ross Wright, Western California manager in Novato explained today.

The report was scheduled for Sept. 16 but a continuance was granted at the request of both companies.

No rate increases are expected if the companies reach agreement and drop the toll.

If talks are successfully concluded next month, telephone subscribers to both companies in Novato will have toll-free calls between exchanges sometime next year, following installation of new equipment by both companies to handle the change.

Ross Valley Approves Sewer Plant Expansion

Preliminary plans for a $350,000 expansion of the Greenbrae sewage treatment plant were approved by directors of the Ross Valley Sanitary District last night.

Doubling the present capacity to three and one half million gallons per day, the enlargement would entitle Corte Madera to the treatment of an addition million gallons of sewage per day.

Corte Madera Sanitary District voters last June passed a $900,000 bond issue, part of which was earmarked for the treatment plant. Corte Madera which had been paying $31 for every million gallons had been exceeding its contract for 170,000 gallons daily.

After completion of the expansion, Corte Madera will pay for the cost of maintaining the plant rather than paying monthly rates, according to district manager Ralph C. Noah.

Because Corte Madera is paying the bill for the expansion, there will be no increase in taxes for the rest of the district, including Fairfax, San Anselmo, Ross, Kentfield and Greenbrae, he said.

Noah said the board hopes to have the final plans prepared by Harry N. Jenks, Palo Alto consulting engineer, by the next regular meeting, Nov. 2.

"If all goes well," Noah added, "the plant could be in operation by the early part of 1962."

A special meeting to discuss increasing rates for Larkspur, which contracts with the district for treatment of its sewage at $29.50 per million gallons, was set for 8 p.m. Tuesday.

The directors will meet with the Larkspur City Council in the district office at 11 Library Place, San Anselmo. Noah said Larkspur is overproducing its quota.

Firm To Supply Electronic Needs

Two San Anselmo men are officers of a corporation being formed to invent and create new prototype devices for the electronics industry.

Richard E. Dickens of 52 Barber Avenue will be president of the new firm, Prototypes, Inc., and James L. Dunlap of 15 Carlson Avenue will be vice president. Both are now employees of Fairchild Semiconductor Corp.

According to Dunlap, plans are for the corporation to locate in Marin County, though a site has not been selected. At present there are nine associates in the firm. Capitalization was listed in the application, filed in Sacramento, at 100,000 shares of no par value.

Neider Set To Answer Strawberry Objections

Strawberry developer Samuel R. Neider will answer objections of the Strawberry Property Owners' Assn. to his proposed rezoning of land in the area at an emergency meeting of the association at 8 p.m. today in the Strawberry Point Elementary School.

Neider met with the association's negotiating committee last night, according to Ralph Cole, chairman, and following discussion said, "We will try to go as far as we can or we will suggest alternate proposals to the recommendations of the negotiating committee."

At the meeting last night the committee told Neider they would go along with his proposals for rezoning with the following exceptions:

The property owners would ask for a 100-foot-wide buffer strip to be developed for recreational purposes by Neider directly behind residences on Ricardo Road. They ask that only single story multi-unit dwellings be built from the buffer zone to the grove of trees. From the grove towards the Golden Gate Baptist Theological Seminary, multi-story apartments would be approved.

The committee asked Neider secondly that he not construct multi-dwelling units at the end of Harbor Point. They oppose this unalterably, Cole said.

Lastly, the property owners say they would approve rezoning at Harbor Cay, also known as Eel Island, provided the lot size is 10,000 square feet or larger, that only single-story buildings are permitted, and that a bridge must be built to the island rather than an earth causeway.

Conclusions of tonight's meeting, Cole said, will be presented to the Marin County Planning Commission Oct. 10.

Committee members besides Cole are Russ R. Lloyd, Tom Martin, Forrest Davidson, Marcel R. Ehrer and Clifford Young. Neider was represented last night by his attorney, Harold R. La Bonte Jr. Neider was present.

Marin's Assessed Value Increases

Marin County's assessed valuation has increased 11.1 per cent over last year, a survey by the California Taxpayers' assn. indicates.

In 1959-60 assessed valuation in Marin was $218,393,943. The preliminary total for 1960-61 shows an increase to $242,607,575.

Throughout the state, assessed valuation totals have climbed $2,131,165,081, or 7.8 per cent over last year.

Marin is one of eight counties with 10 to 15 per cent more valuation this year. Six other counties have increases of more than 15 per cent.

Intoxicated Driver Draws Fine Of $263

Ross dentist Walter Gordon Swett, 57, paid $263 fine and drew six months probation yesterday in Marin Municipal Court for his first drunken driving conviction.

Judge Harold J. Haley also restricted the dentist's driving privilege for the next 90 days. Dr. Swett pleaded guilty to driving while intoxicated along Highway 101 last March 14.

Novato Phone Toll Charges May End Soon

Toll charges between two telephone exchanges in Novato will end next year if negotiations between the two telephone companies serving the city are successfully concluded next month.

Novato now has a Twinbrook exchange serving most of the city from the Western California Telephone Co. But some phones in the southern part of the city are in Tucker exchange of Pacific Telephone and Telegraph Co. A call between exchanges costs 10 cents.

The California Public Utilities Commission has set Nov. 16 as the deadline for a report from the companies on their almost six months of negotiations to drop the toll. Ross Wright, Western California manager in Novato explained today.

The report was scheduled for Sept. 16 but a continuance was granted at the request of both companies.

No rate increases are expected if the companies reach agreement and drop the toll.

If talks are successfully concluded next month, telephone subscribers to both companies in Novato will have toll-free calls between exchanges sometime next year, following installation of new equipment by both companies to handle the change.

Ross Valley Approves Sewer Plant Expansion

Preliminary plans for a $350,000 expansion of the Greenbrae sewage treatment plant were approved by directors of the Ross Valley Sanitary District last night.

Doubling the present capacity to three and one half million gallons per day, the enlargement would entitle Corte Madera to the treatment of an addition million gallons of sewage per day.

Corte Madera Sanitary District voters last June passed a $900,000 bond issue, part of which was earmarked for the treatment plant. Corte Madera which had been paying $31 for every million gallons had been exceeding its contract for 170,000 gallons daily.

After completion of the expansion, Corte Madera will pay for the cost of maintaining the plant rather than paying monthly rates, according to district manager Ralph C. Noah.

Because Corte Madera is paying the bill for the expansion, there will be no increase in taxes for the rest of the district, including Fairfax, San Anselmo, Ross, Kentfield and Greenbrae, he said.

Noah said the board hopes to have the final plans prepared by Harry N. Jenks, Palo Alto consulting engineer, by the next regular meeting, Nov. 2.

"If all goes well," Noah added, "the plant could be in operation by the early part of 1962."

A special meeting to discuss increasing rates for Larkspur, which contracts with the district for treatment of its sewage at $29.50 per million gallons, was set for 8 p.m. Tuesday.

The directors will meet with the Larkspur City Council in the district office at 11 Library Place, San Anselmo. Noah said Larkspur is overproducing its quota.

Firm To Supply Electronic Needs

Two San Anselmo men are officers of a corporation being formed to invent and create new prototype devices for the electronics industry.

Richard E. Dickens of 52 Barber Avenue will be president of the new firm, Prototypes, Inc., and James L. Dunlap of 15 Carlson Avenue will be vice president. Both are now employees of Fairchild Semiconductor Corp.

According to Dunlap, plans are for the corporation to locate in Marin County, though a site has not been selected. At present there are nine associates in the firm. Capitalization was listed in the application, filed in Sacramento, at 100,000 shares of no par value.

The station said Khrushchev would receive unlimited time to air his views during the program.

Hits Advertising

PASADENA (UPI)—Dr. Linus Pauling, controversial Nobel Prize-winning scientist, yesterday branded advertising as "the most immoral activity today."

The Caltech chemist and outspoken foe of nuclear testing told 500 delegates to the 62nd annual conference of the California Library Assn. that advertising often makes people buy products they would be better off without.

Car Crash Kills 8

CHATTANOOGA, Tenn. (AP)—A taxicab skidded into a truck and careened head-on into a car killing eight persons, including a mother and her baby.

The death toll in last night's accident was believed the largest ever in a single Tennessee traffic accident.

Ike To Go On TV

WASHINGTON (UPI) — President Eisenhower will go on nationwide television Monday night to support the Nixon-Lodge ticket by answering questions put to him by a group of women Republican campaign workers.

The half-hour program, to be broadcast by the National Broadcasting Co., will be sponsored as a paid political broadcast by the Volunteers for Nixon-Lodge.

Successful Flight

CAPE CANAVERAL, Fla. (AP)—The Army has lofted a Redstone missile on a successful 200-mile flight down the Atlantic range.

Project officials reported the 61-foot rocket performed perfectly on the short trip, which is similar to that which one of America's astronauts may take early in 1961.

Convicts Cut Ankles

SAN FRANCISCO (AP) — Ten convicts in isolation at Alcatraz Island Prison slashed at their ankle tendons yesterday. Warden Paul J. Madigan said he did not know why or how the convicts inflicted their wounds but surmised they merely were trying to gain attention. He said they made no demands.

Plaintive Appeal

LOUISVILLE, Ky. (AP) — An attorney asked U. S. Commissioner Ray H. Kirchdorfer to reduce the bond for a woman being held on a stolen check charge.

"She has a terribly sick mother she must look after," the attorney said.

A check of police miles showed the mother had been shot in the arm. Her daughter was awaiting a hearing on that charge, too.

Sausalito's First Ski Shop To Open

Sausalito's first ski shop will be opened Oct. 15 by a newly-wed Belvedere couple.

The store, called Battens and Boards, will be located at Bridgeway and Pine and will stock marine supplies and yachting clothes, as well as ski clothing and equipment.

Owners are Allan Loeffler, 49, of 327 San Rafael Avenue, Belvedere, and his wife, Nancy. They have been married for eight months.

Regular hours for the black and white one-story shop will be 10 a.m. to 6 p.m. Tuesday through Sunday. Featured will be imported ski sweaters from Sweden, Denmark, Germany and Austria.

The shop will also carry boat fittings and hardware, paints, jewelry and a string of gift items for the yachtsman, Loeffler said.

Loeffler, who is leasing the building from Zack's Restaurant next door, spent two months remodeling the structure. It had been a yacht sales office.

Formerly a general manager for Nafi Corp., producer of interior trim for automobiles, Loeffler moved to Belvedere from Newport Beach a year ago.

NIXON SAYS DEMOS DUCK CIVIL RIGHTS

Vice President Speaks In Nashville, Kennedy Crosses Line Into Dixie

WASHINGTON (UPI) — GOP presidential nominee Richard M. Nixon, charging his Democratic rival has ducked the civil rights issue in the south, had the opportunity today to demonstrate in Dixie what he terms his own "straightforward" stand on the problem.

The vice president scheduled a midday speech in Nashville, Tenn.—his eighth campaign venture into the normally Democratic South—before flying to Cleveland for an evening rally.

Democratic candidate John F. Kennedy had an appearance in the border state of Kentucky — at Covington — where he could answer Nixon's charges.

Before the Covington address, Kennedy planned to rest and work on a speech on Cuba he will deliver in Cincinnati tonight.

Last night the candidates were greeted by almost uncontrollably enthusiastic mobs—Nixon in Philadelphia by the biggest crowds of his campaign, and Kennedy in Louisville, Ky., by the wildest reception of his campaign.

In Philadelphia, and earlier in New York City—both with large Negro populations—Nixon hammered at the civil rights stand of Kennedy and Democratic vice presidential nominee Lyndon B. Johnson, a Texan.

Nixon said Kennedy stated his civil rights position in only one of 10 southern speeches. When he delivered the speech, Nixon left out about half the civil rights statements contained in his advance text.

This caused a possible controversy. Among the parts left out was a quote attributed to Johnson in which the senator said he was not a civil rights advocate.

Three hours after the speech was delivered and nine hours after the advance text was given to reporters, Nixon's press Secretary Herbert G. Klein said the quote had not been used because the vice president discovered it was from a Drew Pearson column and was not complete.

Kennedy touched briefly on civil rights yesterday during his campaigning in Louisville.

Annual Exhibit Of Tam Painters Slated Oct. 23

The annual exhibit of the Tamalpais Painters will be held Oct. 23 at the Dick Ford Gallery, 169 Miller Avenue, Mill Valley.

Works of 40 artists belonging to the Marin County organization will be on display from 3:30 to 5:30 p.m. The public is invited.

Mrs. Edith Truesdell, a graduate of the Boston Art Museum School, directs four classes held regularly by the Tamalpais Painters.

A class for beginners is being formed and will meet three times a month in the Guild Hall of Christ Church in Sausalito. Information may be obtained from Jeanne Nooney of 73 Sunshine Avenue, Sausalito.

Drake Math Club Names Officers

Senior Eric Hyman has been elected president of the Delta Pi Math Club of Sir Francis Drake High School.

Junior John Gaylord and junior Tanya Lazar were chosen vice president and secretary-treasurer, respectively.

FIRST LADY GIVES SOME ADVICE TO BOY WITH HOLE IN HIS HEART

PHILADELPHIA (AP)—"Do everything the doctors and nurses ask you to do and you will be pleased and surprised to find how soon you will be able to play baseball again."

The motherly advice came from Mrs. Dwight D. Eisenhower, the President's wife.

She wrote to Jimmy Kircher, 11, of Audubon, N. J., when she learned he underwent a delicate open-heart operation to have a hole in his right auricle closed.

Jimmy became a Little League champion despite his defective heart. He was a pitcher and outfielder on the team that won the 1960 Audubon Little League championship. He entered the hospital Sept. 27—the day after the league's annual championship dinner.

Doctors said today he is doing well.

Mrs. Eisenhower congratulated Jimmy for his part in winning the championship and offered the best wishes of herself and the president for recovery. She noted that her grandson, David, is a Little Leaguer, "so we know how much it means to you to be able to play with this team."

Kiwanis Delegates

San Rafael delegates to a district Kiwanis International convention at San Jose Oct. 16-19 will include George Silvestri, president; Paul Leahy, first vice president, and Harold Keaton, lieutenant governor of Division 8.

Conservative Elected President Of Brazil

RIO DE JANEIRO (UPI)—Conservative Janio Quadros has won election as president of Brazil by one of the largest pluralities in the nation's history, unofficial tabulation of more than half the votes cast in Monday's election indicated today.

Quadros had a nearly 1.5 million vote lead over his nearest opponent in a three-way race with nearly 7 million votes counted of the estimated 13 million cast.

At noon, Quadros' vote count was 3,351,300 against 1,993,469 for ex-war minister Marshal Henrique Teixeira Lott, the administration candidate, and 1,443,566 for Adhemar De Barros, independent.

The newspaper Diario da Noite quoted Teixeira Lott as conceding victory to Quadros and announcing his retirement from active political life.

Quadros' plurality at the halfway mark was nearly triple that by which President Juscelino Kubitschek won his seat in 1955.

Emergency Fund Set To Fight Forest Fires

WASHINGTON (AP)—The Forest Service has allotted $179,500 of emergency funds for forest fire rehabilitation work in California.

Rep. Harold T. Johnson (D-Calif.) said the work will consist primarily of seeding, gulley plugging and tree planting to prevent extensive water erosion damage during the rainy season.

British Labor Party Softens View On National Industry

SCARBOROUGH, England (AP)—Britain's Labor Party today cast aside its backing for nationalization of industry in favor of broad welfare state concepts.

The decision represented a surprising victory for Hugh Gaitskell, the party leader who suffered a setback yesterday when the conference voted against the nuclear deterrent and Britain's continued participation in the North Atlantic Treaty Organization.

The 1,261 delegates at the party's annual conference, voting the strength of the organizations they represented, took their decision this way:

1. By a vote of 4,153,000 to 2,310,000 they supported a statement of aims by the executive committee. This defined party goals as something broader than the old demand for full public ownership of the means of production, distribution and exchange.

2. By 4,304,000 to 2,226,000 the delegates approved a motion backing up the executive statement.

After Labor's election defeat by Prime Minister Harold Macmillan's conservatives a year ago, Gaitskell sought to have the party constitution rewritten to lessen the emphasis on nationalization of industry.

This produced an explosive party battle, and in the end Gaitskell was forced to give up his attempt to tinker with the constitution, drafted in 1918. But by today's conference decision he has achieved his point by a round-about route.

The "Missouri Waltz" was made the official Missouri state song by the state legislature in 1949.

$5,000 Given For Dog Bite

San Anselmo insurance adjuster Roy Domke will get $5,000 damages for injuries suffered to his left hand when a neighborhood dog bit him in May of 1959.

A jury in Judge Thomas F. Keating's division of Marin Superior Court heard the case and awarded that amount to Domke Tuesday night.

Domke, who lives at 30 Irving Drive, had sued Mr. and Mrs. William W. Hanly Jr. of 219 Van Tassel Court, who owned the dog.

Domke claimed $200 medical expense and $3,400 loss of earnings, and sued for $25,000 general damages. He said the dog entered his yard and bit him on the left hand.

Building Permits Issued In Fairfax

The City of Fairfax issued nine permits for $49,150 worth of new building last month.

This was an increase over the eight permits for $48,900 issued in August, but a substantial drop from last September in which 14 permits amounted to $102,450.

Last month's permits were issued for two new homes totaling $27,800, a duplex worth $15,400, five alterations valued at $5,650 and a small swimming pool worth $300.

Khrushchev Finally Looks Like He's Slowing Down

By JOHN SCALI

NEW YORK (AP)—Soviet Premier Khrushchev is finally beginning to slow down after waging a day-and-night propaganda offensive against the West for the past 17 eventful days.

The 66-year-old Soviet premier seems to have lost some of the bouncy pep that has made him communism's No. 1 salesman.

He is grimly pressing ahead with his one-man crusade. But the pace is beginning to tell on even his robust physique.

Last night for the first time since arriving here he showed definite signs of being tired. He cracked fewer jokes, shook fewer hands and bragged less about the virtues of communism as he moved—just a bit slower than usual — through three diplomatic receptions.

His normally pink complexion seemed less ruddy. Security and other aides hovered around him solicitiously as he limited himself to 20-minute stops at Indian and Cambodian receptions.

He wound up with a 45-minute stay at a Communist Romanian get-together. But instead of circulating through the crowd, he spent most of the time in a side room conferring privately with his European satellite chiefs.

Khrushchev is known to have some health problems. But there seems to be nothing wrong with him now except that he's tuckered out from jamming his schedule with some 25 private conferences, trips to about 20 diplomatic cocktail parties and about a dozen free-wheeling sessions with reporters.

'Sneak Preview' Set At Rafael Theater

A "sneak preview" movie will be presented at the Rafael Theater tonight, starting at 9 o'clock between the two halves of the regular twin bill.

The movie, not yet released for general showing, is a Technicolor production by Warner Brothers, said manager Al Goodwin.

Navy Raising Plane Where 61 Perished

BOSTON (AP) — Two Navy floating cranes today begin raising the forward section of the Eastern Airlines Electra that carried 61 persons to their deaths in a takeoff plunge into the harbor Tuesday night.

Federal Aviation Administrator E. R. Quesada suggested yesterday starlings sucked into the air intakes may have disabled one or more of the four turbine-propeller engines. More than a hundred dead birds were found on the runway.

Only 11 of the 72 aboard the plane, bound for Philadelphia, Charlotte, N.C., Greenville, S.C., and Atlanta, survived the shattering crash. All were injured, six on the danger list at hospitals.

The pilot, co-pilot and engineer died but two stewardesses escaped serious injury.

Fifty-seven bodies have been rcovered, all identified but one. Four persons are missing.

Two divers, James Walton and Jim Cahill, said the main section of fuselage, in 35 feet of water, looked "as though it had been ripped open with a can opener."

The engines could help to determine whether birds caused a stall.

Birds have damaged planes but officials said there is no instance on record of their having caused a fatal accident.

Vote In South Africa Points To Republic

JOHANNESBURG, South Africa (AP) — A diminishing anti-republican lead indicated today that South Africans have voted to cut their country loose from the British crown.

The forces opposing Nationalist Prime Minister Hendrix Verwoerd's plan to turn the British Commonwealth nation into a republic still clung to a lead of 102,000 votes with 86 of the 156 districts reported. But many heavily Nationalist rural districts were yet to be heard from.

Prof. Arthur Vleksley, running an electrical computer, predicted the margin in favor of a republic would approach 80,000 when all the votes were in from yesterday's referendum.

Verwoerd has declared that he will consider a majority of only one vote a mandate to submit to the Nationalist-controlled Parliament legislation to turn South Africa into a republic, substituting an elected president for Queen Elizabeth II as chief of state and recognizing the British sovereign only as head of the commonwealth.

A record outpouring of nearly 1.5 million votes apparently was cast from an all-white electorate of about 1.8 million.

Fires In '59 Killed 11,300, Caused $1.4 Billion Damage

BOSTON (UPI)—Fires caused 11,300 deaths and 1.4 billion dollars damage in the United States during 1959, the National Fire Protection Assn. said today.

The International Fire Safety Organization said "the over-all 1959 fire record added up to the worst in history."

The NFPA report issued today concentrated on property damage.

A detailed analysis of fire deaths was issued earlier, but the NFPA added in today's report that nearly 50 per cent of the fire deaths occurred in homes.

The value of property destroyed increased by $160 million over 1958. Although about 60 per cent of this amount was due to a U.S. Forest Service change in the method of calculating forest fire losses, the cost of all other destruction, in buildings, aircraft and motor vehicles, reached a new high, the NFPA said.

The number of fires jumped by more than 120,000 to a total of almost 2,115,000, a figure that has been exceeded only once before, in 1950.

American homes were hit by fire at the rate of more than 10,000 weekly.

The World Bank has made an allocation of $70 million to India for improvement and expansion of its railways.

ASTRONAUT'S WORKING SUIT

A man peers from inside of what is described as an experimental two-piece lunar exploration suit. The suit was developed by the Republic Aviation Corp., at Farmingdale, N.Y., and is supposed to be the "working clothes" for an astronaut as he scouts around, digs, gardens or does other chores on the moon. To rest he lowers the tripod, two legs of which can be seen hanging from the "waist line." (AP Wirephoto)

Joseph Welch Dies; In McCarthy Hearings

HYANNIS, Mass. (AP)—Joseph N. Welch, Army counsel in the Army-McCarthy hearings, died unexpectedly today at Cape Cod Hospital of a heart condition.

He would have been 70 years old Oct. 22.

Welch, known as a lawyer's lawyer, gained national prominence as special counsel for the Army in its 1954 wrangle with the late U.S. Sen. Joseph McCarthy.

Welch, who had been living quitely at his secluded Cape Cod home for the past few years, was hospitalized at Hayannis with a heart ailment early in September.

Until the Army-McCarthy hearings put his face—and his wry, sometimes devastating wit—on the nation's television screens, Welch was little known outside legal circles. But among lawyers, he was considered one of the best.

Colleagues said he was a lawyer's lawyer—one who frequently was called by other attorneys and law firms for consultation on their cases.

In 1959, Welch moved from the courtroom to the movie set, to portray the judge in the film "Anatomy of a Murder." He appeared on television periodically, taking part in discussion programs.

According to local legend, there are 365 islands in the Bermuda group, one for each day of the year.

PAUNCHY MEN 'SAG' LONDON COMMUTE RUN

LONDON (AP) — Too many fat men in one coach sank the 7:13 commuter train from Reading to London this morning.

There were 40 men in the coach, and more than half of them were sedentary types with paunches. Their weight caused the coach to sag, fouling the automatic brake mechanism.

The nine-car train wheezed to a halt twice before giving up the ghost just outside London's Paddington Station.

"About time you got a bit of weight off, isn't it?" said an irate thin passenger as the chubby occupants of the coach trudged along the tracks.

Labor Council Favors County Hospital Bonds

The Marin County Labor Council last night went on record in favor of the county hospital bond issue and against the proposed reapportionment of the state senate.

The bond issue measure on the Nov. 8 ballot is to authorize a $2,250,000 issue to construct a new county hospital on the county farm property in Lucas Valley.

The reapportionment measure, Proposition 15 on the state ballot, would increase Southern California representation in the senate at expense of Northern California.

The labor council is composed of delegates from AFL-CIO union locals in Marin.

Building trades delegates reported a late summer upsurge in employment. Tom Beyers of the Machinists Union reported continuance of a shortage of skilled help.

The Palomar Observatory on Mt. Palomar, Calif., is equipped with a 48-inch telescope that is capable of photographing a candle flame 10,000 miles away.

Bond Issue Endorsed

The Reed District Parent Teacher Club board of directors last night unanimously endorsed the proposed Tamalpais High School three million dollar bond issue which will be voted on next Tuesday, announced Mrs. Benton B. Mathews, president.

Produce District Plan In S.F. Wins Approval

SAN FRANCISCO (AP) — A large portion of San Francisco's dingy wholesale produce district will be transformed into an area of towering apartments and a 25-story office building.

The San Francisco Redevelopment Agency announced yesterday the 60-million-dollar Golden Gateway plan proposed by Perini-San Francisco Associates and its parent syndicate was winner in a competition for the extensive face-lifting job.

A panel of architects unanimously recommended the plan to the agency, saying their choice was based on esthetic considerations.

Eight proposals were submitted originally.

The Perini firm will pay the city six million dollars for 16.3 acres of land in which five 22-story apartment buildings and three slab-type apartments almost as high will be erected. An additional $2.59 million will be paid for the site of the office building and a garage beneath it.

The residential district will also include 106 maisonettes or individual row houses with private gardens.

More than four acres will be reserved for park and recreation areas.

The syndicate estimated the overall cost to be 60 million dollars.

Larkspur Votes Road Work To High School

Plans for extension of Doherty Drive to Redwood High School were approved last night by the Larkspur City Council and City Engineer John C. Oglesby was instructed to issue a call for bids following state approval.

Bids are to be opened and a contract awarded at the Nov. 2 council meeting. By agreement with the Tamalpais Union High School district, which will share in the cost of the development, the contract date had been extended until Oct. 31. The district will be asked to extend the time for two more days to avoid a special meeting of the council.

Oglesby estimated the cost of the road and bridge at $53,519. Cost of the bridge over Corte Madera Creek, originally estimated at about $15,000, last night was estimated at $19,647. Increased costs were caused by the necessity to raise the bridge level to allow freeboard for eight-foot tides, Oglesby said.

Cost of the entire job was pared by $5,049, according to Oglesby, by reducing by four feet the width of a portion of the road, by using asphalt instead of concrete for a sidewalk, shortening a culvert and postponing installation of a tidegate.

The council appointed Daniel Allen as its spokesman at a meeting Oct. 19 with the county board of supervisors to discuss county participation in maintenance of "through" streets.

The council also set a meeting for Oct. 11 at 8 p.m. in the office of the Ross Valley Sanitary District in San Anselmo to discuss costs of sewage disposal with the district directors.

In other action last night, the council:

1. Approved a map of Bon Air subdivision 4 submitted by Niels Schultz Jr. and accepted dedication of public right of ways within the 35-lot development.
2. Was told by City Manager Ronald E. Piper that improvements on property of Mrs. Helen Martin at 328 Madrone Avenue report be given at the next council men asked that another progress report be given at the next conucil meeting. The property was recently threatened with condemnation by the council unless it was brought up to "reasonable standards."
3. Approved attendance of Councilman Allen at a meeting of the League of California Cities in Los Angeles Oct. 23-26. Allen's expenses were to be submitted "at his discretion."
4. Approved attendance of Piper at a meeting of the City Managers Assn. in San Francisco Oct. 16-19.
5. Agreed to join the Assn. of Bay Area Governments at an annual cost of $49.

Larkspur Shies Away From Assessment

Larkspur city councilmen last night refused to involve the city in any financial responsibility for the development of a proposed 50-lot subdivision in Madrone Canyon.

The owners and developers of the property at the end of Wilson Way, L. C. Smith of San Mateo and William Clayton of Redwood City, had sought approval of the city for issuance of bonds for assessment district improvements under the 1915 public improvement act.

That procedure, in effect, would require the city to underwrite the bonds by an additional tax in case of default.

"The less we get involved in a partnership with private developers, the better," was the expressed opinion of all five councilmen.

The development of the property under the assessment district would include streets, curbs, gutters and a water supply.

Speaking in favor of bonds under the 1915 act was Carl M. Hannauer of the firm of J. B. Hannauer and Co., a bonding company. Hannauer said his firm had appraised the lots at a retail value of $7,000 apiece.

The council agreed, at the request of Clayton, to leave the matter until the next meeting, at which the developers said they would come in with another bonding proposal which would not obligate the city.

TEXAS WIFE SENDS NIKITA 2nd PACKAGE

LULING, Tex. (UPI) -- The Texas housewife who touched off a bomb scare when she sent Soviet Premier Khrushchev a pie last week, today mailed the Communist leader another package.

Mrs. Virginia L. McLeary said the package contained "some Communist items I picked up in America."

She listed the contents as: "Mittens for your fist pounding, made from the wool Communism has pulled over many victims' eyes.

"A red iron curtain I found in America. (Mrs. McLeary admitted she made the curtain.)

"Handcuffs I removed from Communist 'prisoners.'"

"A bit for placing between your teeth when you grit them."

Mrs. McLeary's first package to the Soviet Premier was mailed last Saturday. She surmised that a metal locket with the 10 commandments engraved on it that she enclosed with the pie had caused security officers to believe the package contained a bomb. An X-ray showed the metal.

City Seeks Way Out Of Treasurer Snarl

The Mill Valley City Council instructed City Attorney Thomas C. Nelson last night to examine ordinances which might relieve City Treasurer William G. Rutherford of some of his duties.

It also asked City Manager A. E. Almcrants to look into "streamlining" operations of the treasurer's office.

Mayor Robert D. Huber said both actions were suggested by City Auditor Warren G. Lafort in his audit for the fiscal year ending last June 30.

The council took no action on Rutherford's request for $2,700 additional funds he said he needed to process 81 new assessment district bonds.

Rutherford, when asked to comment, said, "I will watch the results with a great deal of interest."

A special open meeting on Rutherford's request was held at 7:30 p.m. prior to the regular council meeting.

Councilman George D. Monardo strongly urged that "no more money be poured into the treasurer's office. I have no quarrel with Mr. Rutherford," he said, "but any additional money should be poured into the fiscal department."

Councilman Michael Wornum agreed with Monardo, saying "I don't see more money going into the treasurer's department. It seems to be a bottomless pit."

Howard Lieben, who retired three years ago as deputy treasurer, said: "All mechanical work should be in the fiscal department. You raised the treasurer's salary from $150 to $300 . . . a man taking that job should post books and balance his cash and take care of it himself. If not, he should pay it out of the $300."

Nelson said the treasurer's salary cannot be reduced during his term of office. He said a deputy could be hired for Rutherford.

Blackwell called to the council's attention that a bill had been received from the treasurer for $150 for extra services to bring his books up to date.

"He's cost you plenty now," said Lieben.

Almcrants said the budget for the treasurer—aside from salary—is $1,200. To date, $835 has been used, he said. The fiscal year ends next June 30.

"We had a combination treasurer and fiscal director with Harry Tomlinson in both positions at one time," said Mayor Huber. "Our auditors said separate the two. Now we have done it and we're talking about combining it again."

Blackwell said that it was planned by the council earlier this year that the question of whether the treasurer's job be appointive or elective go on the 1962 ballot. That was recommended by council and the past treasurer, E. H. Daniels.

Huber said, "I oppose the idea of making the treasurer's job appointive."

NIXON KITTY SENT TO GIRL IN MICHIGAN

WASHINGTON (AP) — A gray-striped kitten is being sent today from the home of Vice President Richard M. Nixon to a little girl in Flint, Mich.

Nixon, while campaigning in Flint Sept. 20, promised 13-year-old Linda McGrain that she could have one of a litter born to the Nixon family cat, Donna.

The 6-week-old male kitten is being sent by airline the vice president's office said.

Linda wrote the vice president asking for one of the kittens because her pet cat had disappeared.

Russ Holding 2 Yanks For Taking Photos?

WASHINGTON (UPI) — The State Department said today it has information indicating that two American tourists missing in Russia since August are being held for taking photographs near the Soviet border.

The two are Harvey C. Bennett, 26, of Bath, Me., and Mark Kaminsky, 28, of Jefferson Township, Mich.

State Department spokesman Francis W. Tully Jr. said an American tourist reported to the U.S. government that he had seen Kaminsky Aug. 25 at the Soviet border control point in the intourist hotel at Uzhgorod on the Czech border. The tourist said Kaminsky had "stated he was under detention for having taken a photograph."

Repeated inquiries by the U.S. government have failed to bring any information about Kaminsky or Bennett from the Soviet official intourist travel agency or the Russian foreign office.

Tully said, "It is quite clear that two Americans cannot be missing in the Soviet Union without the knowledge of the Soviet government."

Mill Valley Council Seeks Use For Park

The Mill Valley City Council last night put it up to the parks and recreation commission to find a use for Sycamore Park, of which Mayor Robert D. Huber said, "I'm ashamed to say this park belongs to the city."

A proposal that the 1.2-acre park be abandoned was discussed by councilmen, along with suggestions that it be used for a swimming pool or tennis courts. Then the council voted to refer the problem to the parks commission.

Joseph C. Brewster, parks commission chairman, urged that a pool be placed in the park. He said the location is better than that proposed for a swimming pool at Project 17 in the marshlands.

Mayor Huber said, "If we're not going to put it to use, let's get rid of it. You look at it and it makes you kind of sick."

The council also:

1. Called for bids for Oct. 31 on curbs, topsoil and planting on the Miller Avenue center strip between Camino Alto and Reed Street.
2. Requested city manager A. E. Almcrants to investigate whether the Adolph Biggio property at Camino Alto and East Blithedale Avenue is for sale and if so at what price. The property, adjoins the Project 17 recreation area, and its addition to the project was discussed.
3. Voted 4-1, councilman George Blackwell dissenting, to turn down an offer of Reedland Heights Inc. to exchange fill for 18 acres of city-owned marshland for an option to buy some of the city property. The council said it is in process of condemning property in the area.
4. Heard the city manager report efforts are continuing on providing storage on Herbert Shapiro property for Greyhound buses presently stored on the Miller Avenue center strip.
5. Put over to next meeting a request to convert the Greyhound bus depot rest rooms into office space and heard that the chamber of commerce's civic affairs committee is studying the matter.
6. Received a pedestrian safety record certificate for freedom from pedestrian deaths in 1959. Mayor Huber said it was the ninth consecutive year Mill Valley has received the award. He also praised the installation of the new radar speed detector system, saying he felt it would assist in the city's safety record.

Mill Valley Council Requested To Endorse Sister City Idea

Mrs. John Wilberg asked the Mill Valley City Council last night to endorse sending tours of Mill Valleyans to Europe as "ambassadors of the United States."

She also suggested that, in time, a sister city might be chosen for Mill Valley through these representatives.

Mayor Robert D. Huber said he believed the council was "1,000 per cent in favor" of the program. However, he said he thought Mrs. Wilberg should first get her group of "ambassadors." Then the council might adopt a resolution and present the group with gold seals and materials from Mill Valley to show Europeans.

Mrs. Wilberg, who lives at 55 Janes Streets said the first tour was tentatively planned for next April. She said the program she plans would be somewhat similar to Sausalito's sister city program with Vina Del Mar, Chile.

Members of the tours, Mrs. Wilberg said, would be representative of different fields. For example, it would be arranged that doctors from Mill Valley would talk to doctors in the foreign countries, housewives to housewives.

Council reactions were various.

Councilman George Blackwell asked, "Why should Mill Valley adopt a city in Europe?"

Mayor Huber commented that "there is a city of Huber in Germany." He said the council thought internationally and noted it has two English-born members—Blackwell and Councilman Michael Wornum. They might want to take a tour and stop off in London, he suggested.

Wornum said: "I'm willing to give private blessings but not official blessings. If we endorse this, it is something over which we have no control."

Girl Breaks Arm

Stephanie Wolters, 10-year-old daughter of Asst. Dist. Atty. Harold Wolters, fell during the noon recess in St. Rita's School yard and broke her left arm. She was treated at Marin General Hospital and sent home to 275 Van Winkle Drive, Sleepy Hollow.

"...and we're close to the new school!"

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of *buying* the municipal bonds issued in your area? They're available in denomination of $1,000. Municipal bonds pay you a good return and the income you get is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to

City Seeks Way Out Of Treasurer Snarl

The Mill Valley City Council instructed City Attorney Thomas C. Nelson last night to examine ordinances which might relieve City Treasurer William G. Rutherford of some of his duties.

It also asked City Manager A. E. Almcrants to look into "streamlining" operations of the treasurer's office.

Mayor Robert D. Huber said both actions were suggested by City Auditor Warren G. Lafort in his audit for the fiscal year ending last June 30.

The council took no action on Rutherford's request for $2,700 additional funds he said he needed to process 81 new assessment district bonds.

Rutherford, when asked to comment, said, "I will watch th results with a great deal of interest."

A special open meeting on Rutherford's request was held at 7:30 p.m. prior to the regular council meeting.

Councilman George D. Monardo strongly urged that "no more money be poured into the treasurer's office. I have no quarrel with Mr. Rutherford," he said, "but any additional money should be poured into the fiscal department."

Councilman Michael Wornum agreed with Monardo, saying "I don't see more money going into the treasurer's department. It seems to be a bottomless pit."

Howard Lieben, who retired three years ago as deputy treasurer, said: "All mechanical work should be in the fiscal department. You raised the treasurer's salary from $150 to $300 . . . a man taking that job should post books and balance his cash and take care of it himself. If not, he should pay it out of the $300."

Nelson said the treasurer's salary cannot be reduced during his term of office. He said a deputy could be hired for Rutherford.

Blackwell called to the council's attention that a bill had been received from the treasurer for $150 for extra services to bring his books up to date.

"He's cost you plenty now," said Lieben.

Almcrants said the budget for the treasurer—aside from salary—is $1,200. To date, $835 has been used, he said. The fiscal year ends next June 30.

"We had a combination treasurer and fiscal director with Harry Tomlinson in both positions at one time," said Mayor Huber. "Our auditors said separate the two. Now we have done it and we're talking about combining it again."

Blackwell said that it was planned by the council earlier this year that the question of whether the treasurer's job be appointive or elective go on the 1962 ballot. That was recommended by council and the past treasurer, E. H. Daniels.

Huber said, "I oppose the idea of making the treasurer's job appointive."

NIXON KITTY SENT TO GIRL IN MICHIGAN

WASHINGTON (AP) — A gray-striped kitten is being sent today from the home of Vice President Richard M. Nixon to a little girl in Flint, Mich.

Nixon, while campaigning in Flint Sept. 20, promised 13-year-old Linda McGrain that she could have one of a litter born to the Nixon family cat, Donna.

The 6-week-old male kitten is being sent by airline the vice president's office said.

Linda wrote the vice president asking for one of the kittens because her pet cat had disappeared.

Mill Valley Council Seeks Use For Park

The Mill Valley City Council last night put it up to the parks and recreation commission to find a use for Sycamore Park, of which Mayor Robert D. Huber said, "I'm ashamed to say this park belongs to the city."

A proposal that the 1.2-acre park be abandoned was discussed by councilmen, along with suggestions that it be used for a swimming pool or tennis courts. Then the council voted to refer the problem to the parks commission.

Joseph C. Brewster, parks commission chairman, urged that a pool be placed in the park. He said the location is better than that proposed for a swimming pool at Project 17 in the marshlands.

Mayor Huber said, "If we're not going to put it to use, let's get rid of it. You look at it and it makes you kind of sick."

The council also:

1. Called for bids for Oct. 31 on curbs, topsoil and planting on the Miller Avenue center strip between Camino Alto and Reed Street.
2. Requested city manager A. E. Almcrants to investigate whether the Adolph Biggio property at Camino Alto and East Blithedale Avenue is for sale and if so at what price. The property, adjoins the Project 17 recreation area, and its addition to the project was discussed.
3. Voted 4-1, councilman George Blackwell dissenting, to turn down an offer of Reedland Heights Inc. to exchange fill for 18 acres of city-owned marshland for an option to buy some of the city property. The council said it is in process of condemning property in the area.
4. Heard the city manager report efforts are continuing on providing storage on Herbert Shapiro property for Greyhound buses presently stored on the Miller Avenue center strip.
5. Put over to next meeting a request to convert the Greyhound bus depot rest rooms into office space and heard that the chamber of commerce's civic affairs committee is studying the matter.
6. Received a pedestrian safety record certificate for freedom from pedestrian deaths in 1959. Mayor Huber said it was the ninth consecutive year Mill Valley has received the award. He also praised the installation of the new radar speed detector system, saying he felt it would assist in the city's safety record.

Russ Holding 2 Yanks For Taking Photos?

WASHINGTON (UPI) — The State Department said today it has information indicating that two American tourists missing in Russia since August are being held for taking photographs near the Soviet border.

The two are Harvey C. Bennett, 26, of Bath, Me., and Mark Kaminsky, 28, of Jefferson Township, Mich.

State Department spokesman Francis W. Tully Jr. said an American tourist reported to the U.S. government that he had seen Kaminsky Aug. 25 at the Soviet border control point in the intourist hotel at Uzhgorod on the Czech border. The tourist said Kaminsky had "stated he was under detention for having taken a photograph."

Repeated inquiries by the U.S. government have failed to bring any information about Kaminsky or Bennett from the Soviet official intourist travel agency or the Russian foreign office.

Tully said, "It is quite clear that two Americans cannot be missing in the Soviet Union without the knowledge of the Soviet government."

Mill Valley Council Requested To Endorse Sister City Idea

Mrs. John Wilberg asked the Mill Valley City Council last night to endorse sending tours of Mill Valleyans to Europe as "ambassadors of the United States."

She also suggested that, in time, a sister city might be chosen for Mill Valley through these representatives.

Mayor Robert D. Huber said he believed the council was "1,000 per cent in favor" of the program. However, he said he thought Mrs. Wilberg should first get her group of "ambassadors." Then the council might adopt a resolution and present the group with gold seals and materials from Mill Valley to show Europeans.

Mrs. Wilberg, who lives at 55 Janes Streets said the first tour was tentatively planned for next April. She said the program she plans would be somewhat similar to Sausalito's sister city program with Vina Del Mar, Chile.

Members of the tours, Mrs. Wilberg said, would be representative of different fields. For example, it would be arranged that doctors from Mill Valley would talk to doctors in the foreign countries, housewives to housewives.

Council reactions were various.

Councilman George Blackwell asked, "Why should Mill Valley adopt a city in Europe?"

Mayor Huber commented that "there is a city of Huber in Germany." He said the council thought internationally and noted it has two English-born members—Blackwell and Councilman Michael Wornum. They might want to take a tour and stop off in London, he suggested.

Wornum said: "I'm willing to give private blessings but not official blessings. If we endorse this, it is something over which we have no control."

"...and we're close to the new school!"

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of *buying* the municipal bonds issued in your area? They're available in denomination of $1,000. Municipal bonds pay you a good return and the income you get is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to

NOVATO BIOLOGIST SAYS:

Balloon Fly Must Bear Gifts, Or Be Eaten

A young man who complains about having to shower a girl with gifts before she will consent to marry him doesn't have it so bad.

He should take a look at the balloon fly.

According to Dr. Edward Kessel of Novato, professor of biology at University of San Francisco and associate curator of insects at the California Academy of Sciences, a male fly of the Empididae family wouldn't think of approaching a female without a gift. If the male comes around without a present for a hungry female, the female is likely to kill and devour her luckless suitor.

The male balloon fly has developed an ingenious solution to the problem, according to Dr. Kessel, who is one of the world's leading authorities on flies.

"Males of a certain species provide themselves with a beautifully done-up gift package which serves as a come-hither to the female," Dr. Kessel says. The gift distracts the female and often saves the male's life.

Male balloon flies find it expedient to capture one or two insects before attempting to mate with the female. The male carries the captured insects in a silvery, balloon-like sac, which he presents to the female. While the female is eating the gift insect, the balloon flies mate.

While balloon flies were first described by Baron Osten-Sacken in the Swiss Alps in 1875, scientists were not sure what purpose the balloon had, and a lively academic debate ensued. Dr. Kessel was the first to study the balloon flies on the Pacific Coast and discovered several new forms of the strange insects.

Kessel says that the balloon flies have developed eight stages of evolutionary development, ranging from forms which do not carry balloons (females of this type often eat males) to balloon flies which carry balloons without gifts. In this latter stage, the balloons merely stimulate the female mating instincts. This type of balloon fly goes into a kind of mating dance, and the female is attracted by the shiny silvery balloon.

Sausalito Art Festival Postponed By Damp Sky

Rain has caused the postponement of the annual Sausalito Art Festival scheduled for Saturday and Sunday, Mrs. Elsie Milne, secretary of the sponsoring chamber of commerce, said today.

The festival will be held Oct. 15 and 16 starting at 10 a.m. each day and running to dark, she announced.

Mrs. Milne said the rains have made it impossible to set up standards and panels in the city parking lot at Bridgeway and Humboldt Avenue, where the festival is to be held.

The show will have 70 contributing artists, Mrs. Milne said, all from Marin except for Luis Guzman, who will show ceramics, sculpture and paintings representing Sausalito's sister city, Vina Del Mar, Chile.

Attorney Waiting For Word From Indicted Financier

Attorney J. W. Ehrlich of Corte Madera continued today to await word from Stewart B. Hopps, Belvedere financier now traveling "somewhere in the east" and indicted Tuesday by a Los Angeles grand jury as one of a group of 12 charged with grand theft and conspiracy.

Although the grand jury recommended bail of $100,000 for Hopps, Ehrlich said that bail of $50,000 has been set for Eliot W. Berkwit, president of the bankrupt Equitable Plan Co. at the time of the firm's seizure in 1957, and that this indicates bail for Hopps will be set at some figure "substantially less" as Hopps was only an advisor.

Assurance has been given by the State Department that it will prevent any of those indicated from fleeing the country.

Fire Chief Asks For Early Photos Of Huge Blaze

Did you get there early when the J. B. Rice building on San Rafael's Francisco Boulevard burned on Aug. 26? And did you have a camera?

If so, the San Rafael Fire Department would like to hear from you.

Asst. Fire Chief Vance Trivett said today the department is still trying to determine just where the fire started in the building, which housed O'Neill and Logan Hardware Co. and Rafael Floor Covering, Inc., along with other firms.

When firemen arrived, the blaze was general. But Trivett is hopeful that someone passing on Highway 101 may have seen it and taken pictures earlier. If so, he would like whoever did so to communicate with him at the No. 1 San Rafael fire station.

New Planning Policy Looms In Larkspur

A policy statement by the Larkspur Planning Commission, following its regular meeting Tuesday night, may cause 90 per cent of applicants for alterations to their homes to appear before the commission.

In considering plans for alteration of a house at 340 Alexander Avenue, B. A. O'Hare was informed that a variance to change his home from a non-conforming use would have to be granted before a permit could be issued.

Planning commissioner S. W. (Bud) Eason said many of the older homes in Larkspur were technically non-conforming because of violations in setback which occurred before an ordinance established setback regulations.

William Wegner, city building inspector, estimated 90 per cent of the permits for alterations were to older homes that could be classed technically as non-conforming.

Commission chairman Price J. Hall said the commission had no choice but to follow the letter of the law unless otherwise instructed by the city council.

Gov. Brown Charges Nixon 'Complacent'

WHEATON, Md. (UPI) — Gov. Edmund G. Brown said tonight the United States is the most powerful nation in the world but is "coming off second best" in meeting world problems and domestic issues.

He hurled a charge of "complacency" at Vice President Richard M. Nixon, the Republican presidential candidate, in the first of a series of appearances in a four-day campaign swing.

The governor's drive for Sen. John F. Kennedy, the Democratic presidential nominee, also will take him into New York and New Jersey.

In his speech for the Kensington-Wheaton Democratic clubs, Brown pointed to Cuba and the Congo as trouble spots abroad and spoke of the threat of a recession at home.

"The simple fact is that this nation, still the greatest and most powerful on earth, is at the moment coming off second best in the world struggle and is itself leading a second-best domestic existence," he said.

"The vice president may regard this second-best situation with complacency in speech after speech, but I see no evidence that the American people are satisfied with either the Republican performance or his reassurances about it."

Brown said Nixon's voting record offered nothing to support "the humanitarian instincts he professes every four years" at election time.

He said "there is no new Nixon and there is no old Nixon" in the field of social and economic legislation, but only "the same striving opportunistic young man" who first ran for Congress in 1946.

Turning to foreign affairs, Brown said that if Nixon "is aware of what faces the United States in the world of the 1960s, he has managed to conceal that awareness from the American people."

Earlier, Brown told a Washington, D.C., news conference he planned to call attention to New York Gov. Nelson A. Rockefeller's attacks last spring on the Eisenhower defense program. He said he wanted to contrast that criticism with Nixon's campaign statements that "all is well."

He also predicted that Kennedy would carry California, which is Nixon's home state, and win its bloc of 32 electoral votes.

MARIN FIRE CALLS

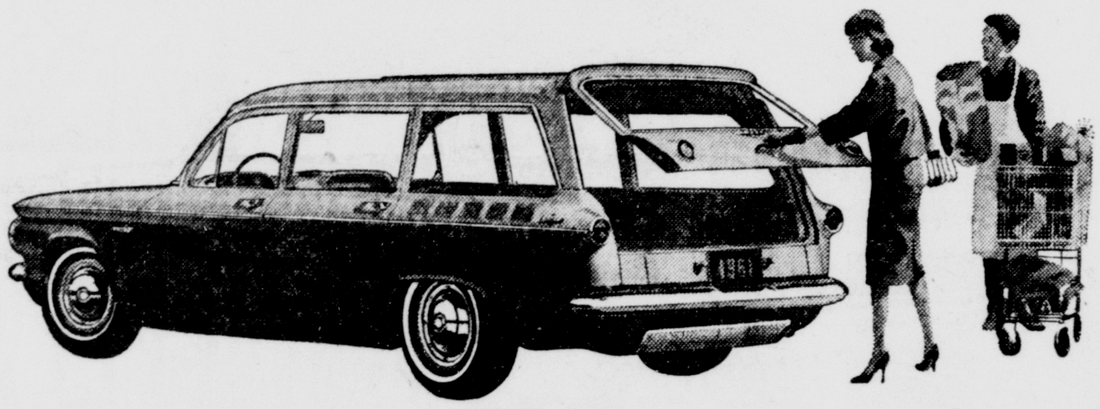
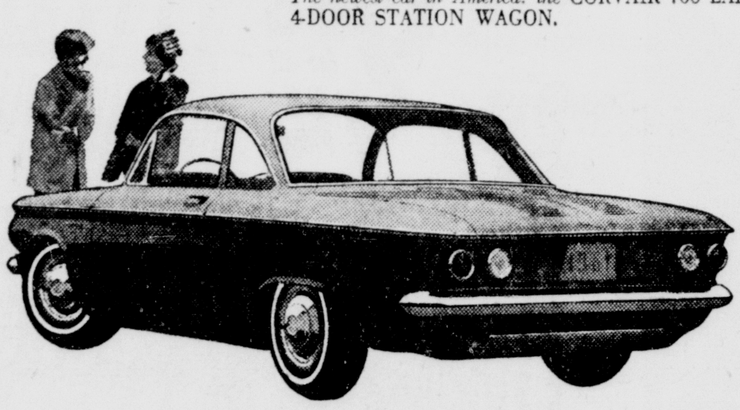
NEW '61 CHEVY CORVAIR

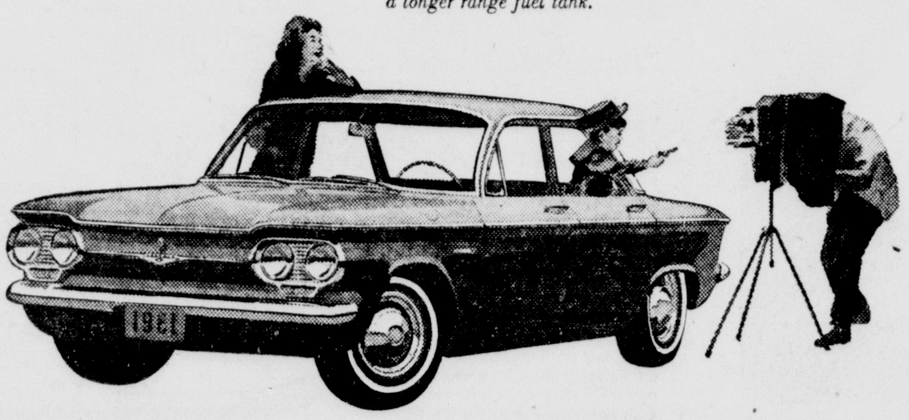
More space... more spunk and wagons, too!



The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.



CORVAIR 700 CLUB COUPE. *Like all coupes and sedans it has a longer range fuel tank.*



CORVAIR 700 4-DOOR SEDAN. *Provisions for heating ducts are built right into its Body by Fisher.*

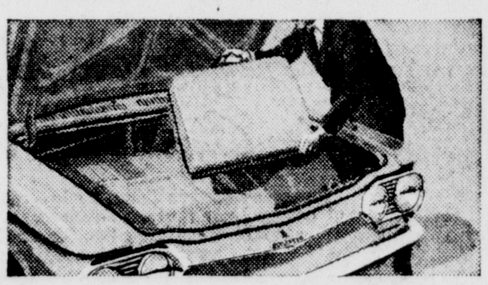
Now in production—the GREENBRIER SPORTS WAGON *with up to twice as much room for people and things as ordinary wagons (shown with optional-at-extra-cost third seat in position).*

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everybody evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have nearly 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things. Compare *that* with any other U.S. wagon going!

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.



Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Fire Chief Asks For Early Photos Of Huge Blaze

Did you get there early when the J. B. Rice building on San Rafael's Francisco Boulevard burned on Aug. 26? And did you have a camera?

If so, the San Rafael Fire Department would like to hear from you.

Asst. Fire Chief Vance Trivett said today the department is still trying to determine just where the fire started in the building, which housed O'Neill and Logan Hardware Co. and Rafael Floor Covering, Inc., along with other firms.

When firemen arrived, the blaze was general. But Trivett is hopeful that someone passing on Highway 101 may have seen it and taken pictures earlier. If so, he would like whoever did so to communicate with him at the No. 1 San Rafael fire station.

New Planning Policy Looms In Larkspur

A policy statement by the Larkspur Planning Commission, following its regular meeting Tuesday night, may cause 90 per cent of applicants for alterations to their homes to appear before the commission.

In considering plans for alteration of a house at 340 Alexander Avenue, B. A. O'Hare was informed that a variance to change his home from a non-conforming use would have to be granted before a permit could be issued.

Planning commissioner S. W. (Bud) Eason said many of the older homes in Larkspur were technically non-conforming because of violations in setback which occurred before an ordinance established setback regulations.

William Wegner, city building inspector, estimated 90 per cent of the permits for alterations were to older homes that could be classed technically as non-conforming.

Commission chairman Price J. Hall said the commission had no choice but to follow the letter of the law unless otherwise instructed by the city council.

Gov. Brown Charges Nixon 'Complacent'

WHEATON, Md. (UPI) — Gov. Edmund G. Brown said tonight the United States is the most powerful nation in the world but is "coming off second best" in meeting world problems and domestic issues.

He hurled a charge of "complacency" at Vice President Richard M. Nixon, the Republican presidential candidate, in the first of a series of appearances in a four-day campaign swing.

New Recreation Unit Plan Detailed

A six-point program for the newly formed Terra Linda Recreation District was suggested by the Terra Linda Community Services District board at a meeting in Bernard Hoffman School last night.

The plan, prepared by director Remington W. Hodgson, urged the recreation board to:

1. Sponsor a bond election not exceeding $244,000 to finance a swimming pool with diving facilities, community recreation building, play area for children and landscaping.

2. Hold the bond election as soon as possible.

3. Contract with architects Royston, Hannamoto and Mayes of San Francisco (who worked on the $350,000 recreation bond issue which failed by 66 votes last September) for plans of the proposed facilities.

4. Work with the county counsel in determining legal aspects of establishing the recreation district and readying a bond election.

5. Take over maintenance of public lands and parkways in Terra Linda (the services district board agreed to deed the lands to the recreation district).

6. Benefit from close cooperation with the services district board in the future.

Only two of the five-man recreation board were present: Jack Brandon, who is also a services district director, and Walter J. Fairweather, public works commissioner for the services district.

Fairweather resigned his post with the services district because of his new responsibility.

Although the Terra Linda Recreation District was approved by a popular vote of 640 to 253 Tuesday, creation of the district must be by action of the county board of supervisors, probably at their meeting next Tuesday. Following that the directors, Brandon, Fairweather, Gordon Young, Shao-yuen (Sy) Yuan and James B. Schryver, will be sworn in at the county clerk's office.

The rest of last night's meeting was devoted to routine business.

Spending of $620 was authorized to pave an area next to the Terra Linda firehouse for laying out hoses to dry.

Frederick Caso of 221 D Street, San Rafael, was hired as a traffic guard at the school crossing of Manuel T. Freitas Parkway and Las Gallinas Avenue at $5 a day.

The board will meet again next Wednesday at 8 p.m. in the Hoffman School.

Larkspur Council Approves Myrtle Avenue Bulkheads

A series of bulkheads on Myrtle Avenue—source of a recent charge that City Manager Ronald E. Piper had "given away" city property—were approved last night by the Larkspur City Council.

The bulkheads, being constructed by P. L. Pinotti, first came to the council's attention on Sept. 21 when a neighbor, E. H. Wayne, of 148 King Street, complained that Pinotti's "denuding" of the hillside would dump mud and debris in Wayne's yard when the rains set in.

During the discussion, it was revealed Pinotti did not have council approval for the construction but had been given the go-ahead by Piper.

A letter from Pinotti last night assured the council that at no time had Piper "given away" any city property, and that Pinotti had agreed to remove the bulkheads at any time the city announced intention to use the right of way on which the bulkheads are being constructed.

"I merely want to know whether to go ahead or stop this project," Pinotti wrote. "There is not now, nor has there ever been, any intent to encroach on city property except for landscaping."

Council approval of the bulkheads came after lengthy discusion of a policy report prepared by the city zoning commission which set forth the city's stand on encroachments. The committee was made up of Piper and councilmen Lesly A. Daveler and James T. Lienkaemper.

The council agreed that all persons encroaching on city property must, in the future, sign an encroachment agreement declaring they will bear the expense of removing the encroachment if the city wishes to make use of its right of way.

City Atty. Samuel W. Gardiner advised the council to make use of the same form in effect in Sausalito.

Also approved by the council was construction of a bulkhead on Bayo Vista Avenue above Francis Avenue by Anthony B. Pontecorvo.

Train Noisier Than Big Jets, Official Says

SAN FRANCISCO (UPI)—Passenger trains make more noise than jet airliners, according to a San Francisco International Airport official.

Don Wiley, director of the airport's sound abatement council, told delegates to the Air Traffic Control Assn.'s national convention yesterday that tests made June 1 in suburban Millbrae backed up his statement.

However, he added that because the shriek of a jet engine is a different type of sound than the noise of a train or propeller aircraft "we do have very serious problems . . . over communities that have grown up with the airport."

Attorney John Noonan of South San Francisco, told the delegates that the airlines industry was "abusing the public" by failing to solve the noise problem. He said South San Francisco would continue to seek congressional action in quiet the sound of jets over the city.

Clifford P. Burton, Federal Aviation Agency special projects chief, said earlier yesterday that noise is the most critical problem facing airports, next to safety.

He said he hoped new inventions would cut down the noise from jet planes, and he asked civic leaders to exercise foresight in not letting housing developments spring up near airports.

The three-day convention ended yesterday.

Prison Rate Increase Less Than Population's

SACRAMENTO (UPI) — The number of men in California prisons increased last year, but at a slower rate than the state's population, the Department of Corrections said today.

A total of 280 more men were sent to prison last year than in 1958. Commitments for homicide, robbery, assault and auto theft dropped, while the number of men sent to prison for burglary, sex offenses, narcotics and escape increased.

The department reported a prison population of 19,299 inmates at the end of 1959, 124 for every 100,000 persons in the state. Last year, the ratio was 128 out of 100,000.

Burglary dropped bad checks into second place in 1959 as the offense for which the largest number of men were committed to prison. Narcotics moved up from fourth place in 1958 to third in 1959, trading places with robbery.

A total of 292 women felons were received in prisons last year, an increase of 27 from the previous year. Bad checks led the offenses, followed by narcotics and theft.

Train Noisier Than Big Jets, Official Says

SAN FRANCISCO (UPI)—Passenger trains make more noise than jet airliners, according to a San Francisco International Airport official.

Don Wiley, director of the airport's sound abatement council, told delegates to the Air Traffic Control Assn.'s national convention yesterday that tests made June 1 in suburban Millbrae backed up his statement.

However, he added that because the shriek of a jet engine is a different type of sound than the noise of a train or propeller aircraft "we do have very serious problems . . . over communities that have grown up with the airport."

Attorney John Noonan of South San Francisco, told the delegates that the airlines industry was "abusing the public" by failing to solve the noise problem. He said South San Francisco would continue to seek congressional action in quiet the sound of jets over the city.

Clifford P. Burton, Federal Aviation Agency special projects chief, said earlier yesterday that noise is the most critical problem facing airports, next to safety.

He said he hoped new inventions would cut down the noise from jet planes, and he asked civic leaders to exercise foresight in not letting housing developments spring up near airports.

The three-day convention ended yesterday.

TAKES OWN LIFE—Magda de Fontanges, former girl friend of Italian dictator Benito Mussolini and one-time French spy, took her own life Saturday, it was announced today. Officials said she took an overdose of sleeping pills at her Geneva, Switzerland, home. Believed to be in her 50s, she spied for the French security police in the 1930s. (AP Wirephoto)

Prison Rate Increase Less Than Population's

SACRAMENTO (UPI) — The number of men in California prisons increased last year, but at a slower rate than the state's population, the Department of Corrections said today.

A total of 280 more men were sent to prison last year than in 1958. Commitments for homicide, robbery, assault and auto theft dropped, while the number of men sent to prison for burglary, sex offenses, narcotics and escape increased.

The department reported a prison population of 19,299 inmates at the end of 1959, 124 for every 100,000 persons in the state. Last year, the ratio was 128 out of 100,000.

'Warm' Setting Hinted For Great Debate

WASHINGTON (AP)—The setting for the Nixon-Kennedy debate tomorrow from 7:30 to 8:30 p.m. PST is designed to suggest a feeling of warmth and comfort.

The National Broadcasting Co. reported this today but without giving details of the special set.

This will be in contrast to the stark background in the first televised meeting Sept. 26 in Chicago between Vice President Richard M. Nixon, the Republican presidential candidate, and Sen. John F. Kennedy, the Democratic nominee.

NO OPENING TALKS

NBC, in anouncing the final arrangements for tomorrow's event, said the candidates will make no formal opening statements. The format will be a news panel interview. In the first debate each candidate presented an opening statement of eight minutes.

Tomorrow's meeting will be in an NBC studio here, but will be covered by the three television networks and the four major radio networks.

An NBC makeup artist, Bob O'Bradovich, has been made available to the candidates if they desire his services.

MAY NOT USE HIM

There has been no indication whether either Kennedy or Nixon will make use of him.

The news panel interview will be unlimited as to subject matter and will be moderated by NBC news correspondent Frank McGee. The panel will include Edward P. Morgan of ABC and Paul Niven of CBS and two newspapermen, Alvin Spivak of UPI and Hal Levy, Washington correspondent of Newsday.

QUESTIONS IN TURN

Each of the newsmen will question the candidates in turn. The program will use four cameras and two microphone booms, in addition to lavalier mikes worn by the candidates.

The first Nixon-Kennedy TV program dealt with domestic affairs. The one tomorrow and one planned for Oct. 13 are unrestricted as to subject matter. The fourth and last, to be on Oct. 21, will deal with foreign policy.

Cleopatra's Needle, an obelisk in New York's Central Park, dates back to 15 centuries before Christ and is said to have been gazed upon by Moses. It was presented to New York City in 1877 by Egypt.

Ex-Assemblyman Wants To Build S.F. Bay Dike

RIVERSIDE (AP) — A former state assemblyman has an alternate plan to the Feather River Project: Diking San Francisco Bay.

Charles M. Weber told the Assembly Committee on Water that a canal system could bring fresh water from the bay as far south as the Antelope Valley. The cost, he said, would be a fraction of the Feather River Project.

He said the plan was developed by the Weber Foundation at a cost of $250,000. He said a salt water barrier in San Francisco Bay would keep sea water out of the existing inland waterways, some of which could then be utilized for moving fresh water south.

He said the plan would cost $2,081,000 and could deliver 300,000 acre feet of water as far south as Antelope Valley.

The Feather River Project would provide 1.8 million acre feet to the same area as part of a 1.75-billion-dollar statewide project.

Weber's report to the committee here Wednesday stated that the Feather River Project is neither the most economical nor the most desirable water plan available to the state.

Root Beer Bust Slated Saturday

The annual root beer bust will be given by the Belvedere Volunteer Fire Department in culmination of National Fire Prevention Week Saturday from 2 to 5 p.m.

Belvedere children will be guests for movies and refreshments and will have a chance to inspect the fire engines and receive instruction in the use of firefighting equipment during the afternoon. Equipment viewed will be the new resuscitator, two-way radio equipment and the new truck, volunteer president John A. Ericson said.

Chairman of the affair is Robert Rey, assisted by George Diaz and William Fraas. Fire Chief Lawrence (Bunk) Mersereau will be master of ceremonies.

FIRST SERIES GAME

Walking Wounded Big Pirate Heroes

PITTSBURGH (AP) — The walking wounded did a pretty fair job in the first World Series game.

Dick Groat, the Pittsburgh Pirate captain whose left wrist was broken Sept. 6, drove in the first run of the Pirates' three-run outburst against Art Ditmar in the first inning. Groat also scored the second run.

It was Groat's double to right that brought home Bill Virdon, who had gone from first to third when Tony Kubek neglected to cover second base on Yogi Berra's throw.

Groat had two putouts and three assists and was involved in one of the three double plays that snuffed out potential New York Yankee rallies.

Vern Law, pitching with a tender ankle injured in the Pirates' pennant clinching celebration at Milwaukee, was the winning pitcher. Although he had to be relieved in the eighth after allowing 10 of the Yanks' 13 hits, he pitched effectively most of the day.

Don Hoak revealed after the game he was playing with an extremely painful groin injury. Although the fiery ex-Marine hasn't missed an inning in two years, he admitted he would not have played yesterday if it hadn't been a series game. Hoak also still suffered from the effects of a cut on his foot in a swimming pool incident in August.

Despite his aches and pains, Hoak scored one of the Pirate runs when he walked and rode home on Bill Mazeroski's homer in the fourth. He had to handle only one chance in the field.

The "old Oriole" heroics were not confined to the Pirates. Elston Howard, the Yankee catcher who suffered a dislocated finger in the final week of the season, stepped to the plate as a pinch hitter and slammed a two-run homer into the right field seats in the ninth. Elroy Face was the victim.

Jim Coates, a Yankee pitcher who was feared lost for the series with a kidney infection two weeks ago, did a creditable job in relief of starter Art Ditmar.

Then there was Casey Stengel, the Yankee manager, whose dignity was badly bruised in the first when his starting pitcher was knocked out. Old Case still was in there masterminding to the bitter end.

SERIES NOTES

Berra Increases Hit Record To 62

PITTSBURGH (AP)—Figuring the series:

By getting a single in the second yesterday, Yogi Berra extended his series record for most hits to 62. The veteran Yankee catcher also extended his marks for most games played to 62 and most times at bat to 227. Berra has a series average of .267.

THE YANKEES got no more than 12 hits in any game of their season-end 15-game winning streak. Yesterday they got 13 hits and lost.

THE PIRATES, who stole two bases yesterday, had a total of only two thefts in their final 35 games of the regular campaign. Their season aggregate was 34, three less than the Yanks.

THE STOLEN bases by Bill Verdon and Bob Skinner in the first left Pitsburgh one short of the record for a single inning held by five clubs. The White Sox of 1917 were the last to steal three.

THE LAST time there was a 6-4 score in the series was in 1949 when the Yanks beat the Dodgers in the fourth game. Eddie Lopat was the winning pitcher, defeating Don Newcombe.

ELSTON HOWARD'S homer was his fourth in series play. The Yankee catcher also hit one in 1955, 1956 and 1957. He has an average of .246 with 15 hits in 61 tries.

JIM COATES of the Yankees, who was tagged for Bill Mazeroski's fourth inning home run, had not allowed a homer since Aug. 3 when Norm Cash of Detroit belted him for one. The span covered 38 innings.

BY GROUNDING into two double plays, Hector Lopez of the Yanks got a good jump on the record of five set by Irv Noren of the Yanks in 1955.

GINO CIMOLI of the Pirates has played in two series games, but has yet to bat. He replaced Bob Skinner in left field in the eighth inning yesterday. In 1956 while with the Dodgers, Cimoli took over from Sandy Amoros in left field in the second game.

HUNDREDS of persons stood in line for hours yesterday to buy standing-room tickets. Four thousand were available.

But 43 minutes after the sale started, no buyers were left. About 2,000 tickets were never sold.

WILLIAM ARNOWITZ and his brother, Mickey, live at opposite ends of Pittsburgh. They hardly see each other.

Two weeks ago, both sent separate applications for tickets to the series. Both got ducats for the opener.

Yesterday, the brothers discovered that they were sitting beside each other.

DAVID LAWRENCE of Pennsylvania, the Pirate's self-styled No. 1 rooter, not only threw out the first ball but said the Pirates "might win the series in four straight games." He made the statement before the game—and was wearing the biggest grin of anyone when the Pirates came up with the game-ending double play that gave them a 6-4 victory.

Foreign Entries Top Contenders In Laguna Seca Race

MONTEREY (AP) — An Englishman and a New Zealander will be among the top contenders in northern California's first international professional sports car race at Laguna Seca Oct. 22-23.

Ken Miles, California's biggest money winner on the U.S. professional circuit last year, filed entry yesterday for the Pacific Grand Prix. He hails from England but now calls Hollywood, Calif., his home.

Bruce McLaren, of New Zealand, second ranking driver for the world's championship honors this year and winner of the American Grand Prix at Sebring last December also entered.

Miles, who will pilot a Porsche RS60, won first overall in the Grand Prix at Pomona last year.

McLaren will drive Briggs Cunningham's E-type Jaguar.

WILDCAT STARS—Marin Catholic Coach Harry Moore holds football and talks over plays with some of his stars at yesterday's muddy workout. Injuries Handicap Mariners For Tomorrow Nights Game

College of Marin Tars, whose squad of only 25 men can't afford injuries, counted a few bruises today that will handicap them for tomorrow night's game against the Cal Aggies junior varsity at Kentfield.

Definitely out of action is tackle Harry Hersh, 6-foot-3-inch, 222-pound tackle with a knee injury.

Coach Harry Pieper also listed as "doubtful" halfback Russ Cook with a bruised knee, guard Nat Johnson a bruised rib and halfback Fred Pfeffer with a tender shoulder.

E. C. Barnes will sub for Cook, Don Beacock is Hersh's replacement while Johnson and Pfeffer probably will start, although their action may be limited.

In Tuesday night's scrimmage Marin's former J.C. All-America tackle Tom Elliott worked out with the Tars.

Marin Rifleman Wins Nat'l Award

The Expert Rifleman Medal, second highest ward in American Junior shooting has been won by George W. Gosser of 41 East Manor Drive, Mill Valley, the National Rifle Assn. announced in Washington, D.C.

Shooting several hundred targets in the last few months the new expert marksman fired his way through 13 lower NRA qualifications to achieve his new high rating. With one more set of targets to fire the new expert will up his rating to Distinguished Rifleman, the select top rating for the junior shooters of the nation.

The new junior expert attends Tamalpais High School and is a member of the Marin Rod and Gun Junior Rifle Club.

SAN JOSE (AP) — San Jose State lacked sharpness in a two-hour drill yesterday, says Coach Bob Titchenal.

The Spartans play Oregon in Eugene Saturday.

Marin Catholic Star Crowe Wins Prep Of Week Honors

"He played the best ball game I've ever seen one player play."

Coach Harry Moore was speaking of his star fullback, Jerry Crowe, whose performance last Friday night enabled the Marin Catholic High Wildcats to hold the favored San Rafael Bulldogs to a 12-12 tie.

And, for that game, Crowe has been selected Marin County's "Prep of the Week" by the Independent-Journal and Radio KTIM.

Crowe personally accounted for 171 yards in the Wildcat offensive machine. He passed for 86 yards and picked up 85 more on rushing and pass receptions. The latter statistic includes a 28-yard touchdown pass from quarterback Mike Quinn.

Besides that offensive show, the 5-foot 10-inch, 165-pounder turned in a great defensive game. Or, in Moore's appraisal, "He's our best defensive man, too."

THE I-J's weekly Marin football roundup, usually published on Thursday, will be published tomorrow instead.

Here's this week's menu for hungry Marin fans:

Jensen No. 1 Topic In Trade Talks

PITTSBURGH (AP) — Boston Red Sox trade talks designed to acquire a shortstop bogged down today on the subject of Jackie Jensen.

Manager Mike Higgins said his talks to date at the World Series gathering of baseball men have included Jensen, the slugging outfielder who recently announced he will end his one-year retirement and return to the Sox.

Higgins has discovered the other teams all want Jensen as part of a trade.

The field pilot earlier had said all his players were available if the right deal was offered and that his primary job was to strengthen the seventh-place Sox at short and second base.

"Everyone has a shortstop to give but they won't guarantee how well their shortstop can play," Higgins explained. "At the same time they want to talk very big about Jensen. But I don't think we can afford to give him up."

Bulldogs' Injured Players Back In Action Tomorrow

San Rafael High's football squad should have some of its "bulliest" Bulldogs back in action for tomorrow afternoon's contest with Jefferson High at Daly City, Coach Dick Read announced today.

Team captain and halfback Gary Ledson, out of action for the last two games with a pulled tendon in his left leg, is expected to return to full time duty, Read said.

Also expected to play since recuperating from injuries are tackle Warren Nickel and guard-linebacker C. J. Mueller.

Read said he has been working on a defense to cope with Jefferson's Notre Dame box system.

Tomorrow's game, San Rafael's only daylighter of the season, will start at 3:30 o'clock. San Rafael has an even-Steven record of one win, one loss and one tie.

FIRST SERIES GAME

Walking Wounded Big Pirate Heroes

PITTSBURGH (AP) — The walking wounded did a pretty fair job in the first World Series game.

Dick Groat, the Pittsburgh Pirate captain whose left wrist was broken Sept. 6, drove in the first run of the Pirates' three-run outburst against Art Ditmar in the first inning. Groat also scored the second run.

It was Groat's double to right that brought home Bill Virdon, who had gone from first to third when Tony Kubek neglected to cover second base on Yogi Berra's throw.

Groat had two putouts and three assists and was involved in one of the three double plays that snuffed out potential New York Yankee rallies.

Vern Law, pitching with a tender ankle injured in the Pirates' pennant clinching celebration at Milwaukee, was the winning pitcher. Although he had to be relieved in the eighth after allowing 10 of the Yanks' 13 hits, he pitched effectively most of the day.

Don Hoak revealed after the game he was playing with an extremely painful groin injury. Although the fiery ex-Marine hasn't missed an inning in two years, he admitted he would not have played yesterday if it hadn't been a series game. Hoak also still suffered from the effects of a cut on his foot in a swimming pool incident in August.

Despite his aches and pains, Hoak scored one of the Pirate runs when he walked and rode home on Bill Mazeroski's homer in the fourth. He had to handle only one chance in the field.

The "old Oriole" heroics were not confined to the Pirates. Elston Howard, the Yankee catcher who suffered a dislocated finger in the final week of the season, stepped to the plate as a pinch hitter and slammed a two-run homer into the right field seats in the ninth. Elroy Face was the victim.

Jim Coates, a Yankee pitcher who was feared lost for the series with a kidney infection two weeks ago, did a creditable job in relief of starter Art Ditmar.

Then there was Casey Stengel, the Yankee manager, whose dignity was badly bruised in the first when his starting pitcher was knocked out. Old Case still was in there masterminding to the bitter end.

SERIES NOTES

Berra Increases Hit Record To 62

PITTSBURGH (AP)—Figuring the series:

By getting a single in the second yesterday, Yogi Berra extended his series record for most hits to 62. The veteran Yankee catcher also extended his marks for most games played to 62 and most times at bat to 227. Berra has a series average of .267.

THE YANKEES got no more than 12 hits in any game of their season-end 15-game winning streak. Yesterday they got 13 hits and lost.

THE PIRATES, who stole two bases yesterday, had a total of only two thefts in their final 35 games of the regular campaign. Their season aggregate was 34, three less than the Yanks.

THE STOLEN bases by Bill Verdon and Bob Skinner in the first left Pitsburgh one short of the record for a single inning held by five clubs. The White Sox of 1917 were the last to steal three.

THE LAST time there was a 6-4 score in the series was in 1949 when the Yanks beat the Dodgers in the fourth game. Eddie Lopat was the winning pitcher, defeating Don Newcombe.

ELSTON HOWARD'S homer was his fourth in series play. The Yankee catcher also hit one in 1955, 1956 and 1957. He has an average of .246 with 15 hits in 61 tries.

JIM COATES of the Yankees, who was tagged for Bill Mazeroski's fourth inning home run, had not allowed a homer since Aug. 3 when Norm Cash of Detroit belted him for one. The span covered 38 innings.

BY GROUNDING into two double plays, Hector Lopez of the Yanks got a good jump on the record of five set by Irv Noren of the Yanks in 1955.

GINO CIMOLI of the Pirates has played in two series games, but has yet to bat. He replaced Bob Skinner in left field in the eighth inning yesterday. In 1956 while with the Dodgers, Cimoli took over from Sandy Amoros in left field in the second game.

HUNDREDS of persons stood in line for hours yesterday to buy standing-room tickets. Four thousand were available.

But 43 minutes after the sale started, no buyers were left. About 2,000 tickets were never sold.

WILLIAM ARNOWITZ and his brother, Mickey, live at opposite ends of Pittsburgh. They hardly see each other.

Two weeks ago, both sent separate applications for tickets to the series. Both got ducats for the opener.

Yesterday, the brothers discovered that they were sitting beside each other.

DAVID LAWRENCE of Pennsylvania, the Pirate's self-styled No. 1 rooter, not only threw out the first ball but said the Pirates "might win the series in four straight games." He made the statement before the game—and was wearing the biggest grin of anyone when the Pirates came up with the game-ending double play that gave them a 6-4 victory.

Foreign Entries Top Contenders In Laguna Seca Race

MONTEREY (AP) — An Englishman and a New Zealander will be among the top contenders in northern California's first international professional sports car race at Laguna Seca Oct. 22-23.

Ken Miles, California's biggest money winner on the U.S. professional circuit last year, filed entry yesterday for the Pacific Grand Prix. He hails from England but now calls Hollywood, Calif., his home.

Bruce McLaren, of New Zealand, second ranking driver for the world's championship honors this year and winner of the American Grand Prix at Sebring last December also entered

Miles, who will pilot a Porsche RS60, won first overall in the Grand Prix at Pomona last year.

McLaren will drive Briggs Cunningham's E-type Jaguar.

WILDCAT STARS—Marin Catholic Coach Harry Moore holds football and talks over plays with some of his stars at yesterday's muddy workout. Injuries Handicap Mariners For Tomorrow Nights Game

College of Marin Tars, whose squad of only 25 men can't afford injuries, counted a few bruises today that will handicap them for tomorrow night's game against the Cal Aggies junior varsity at Kentfield.

Definitely out of action is tackle Harry Hersh, 6-foot-3-inch, 222-pound tackle with a knee injury.

Coach Harry Pieper also listed as "doubtful" halfback Russ Cook with a bruised knee, guard Nat Johnson a bruised rib and halfback Fred Pfeffer with a tender shoulder.

E. C. Barnes will sub for Cook, Don Beacock is Hersh's replacement while Johnson and Pfeffer probably will start, although their action may be limited.

In Tuesday night's scrimmage Marin's former J.C. All-America tackle Tom Elliott worked out with the Tars.

Marin Rifleman Wins Nat'l Award

The Expert Rifleman Medal, second highest ward in American Junior shooting has been won by George W. Gosser of 41 East Manor Drive, Mill Valley, the National Rifle Assn. announced in Washington, D.C.

Shooting several hundred targets in the last few months the new expert marksman fired his way through 13 lower NRA qualifications to achieve his new high rating. With one more set of targets to fire the new expert will up his rating to Distinguished Rifleman, the select top rating for the junior shooters of the nation.

The new junior expert attends Tamalpais High School and is a member of the Marin Rod and Gun Junior Rifle Club.

Financial Report On Candlestick: Giants Enjoyed A $5 Million Year

HANLEY

It was a $5,000,000 plus year for the Giants in their first season in Candlestick Park. Paid attendance for the 74 home games totalled $4,500,000. Concession commissions, radio rights and sundry other sources of income produced the rest of the gross.

Only the gate attendance income can be pinpointed with reasonable accuracy because the Giants' 35-year lease of Candlestick is a matter of public record. It calls for a minimum annual rental of $125,000 or 5 per cent of the gate.

The San Francisco City Controller's office exercised the 5 per cent option this year because it meant "roughly $100,000 more than the minimum," according to Controller Harry Ross. That means $225,000 which is 5 per cent of $4,500,000.

In addition to the $225,000 rent, parking lot fees produced $300,000 and advertising another $40,000. These three sources of income, totaling $565,000, were funneled into Stadium, Inc., the non-profit corporation that operates Candlestick Park.

After 5 per cent interest and principal payments of $353,000 this year on the $5,500,000 bonds it sold, Stadium, Inc. will wind up with a surplus of $212,000 from which approximately $10,000 will be deducted for the paper work servicing of the bonds. The $202,000 will go into a bond surplus fund.

IF THE surplus should continue to pile up in future years, Stadium, Inc. may elect to call in the bonds—in other words pay them off for a small premium and thus save the heavy interest payments instead of allowing them to run to their full 35-year maturity.

When the Stadium, Inc. bonds are paid off—retired is the financial term—the City of San Francisco will get free and clear ownership to Candlestick Park for the initial $5,000,000 its voters approved in a 1954 bond issue. This original $5,000,000 was not enough to build Candlestick. That is why Stadium, Inc. was formed to float the additional $5,500,000.

TWO INSURANCE companies, Continental Casualty and Continental Assurance, each bought $1,000,000 worth of bonds. Charles L. Harney and his construction firm, which built the stadium, bought the remaining $3,500,000.

This year the insurance companies received $134,000—$100,000 in interest plus $34,000 payment on the principal. Harney and his firm received $219,000, of which $175,000 was interest. Neither the insurance companies nor Harney and his firm need pay income tax on these sums. They are tax-exempt because they are derived from a non-profit corporation that created a public improvement—that's what the tax boys call Candlestick.

ALL OF the $5,000,000 plus the Giants took in was not net profit. Willie Mays' $85,000 salary, Johnny Antonelli's $42,000, Orlando Cepeda's $27,000 and quite a few other salaries and operating expenses, plus taxes, will add up to a substantial sum. One little tax item—a $117,487 tab for what San Francisco Assessor Russell Wolden values the Giants' "possessory interest" in Candlestick — will go directly into the city coffers, not Stadium, Inc.

Even after all of these and other items, such as state and federal income taxes, are paid Horace Stoneham and his fellow stockholders will wind up with a tidy profit.

Indians Brace For Invasion Of Huskies

By ASSOCIATED PRESS

STANFORD — The Stanford Indians are going through rough drills to ready themselves for Saturday's encounter with the University of Washington.

All members of the squad participated in a limited scrimmage Wednesday with the junior varsity running Washington plays againgst the varsity defenders, Coach Jack Curtice said.

SEATTLE—"They can hurt us a lot," said Coach Jim Owens. "We'll have to settle down and put a good ball game together."

The Washington football mentor talked apprehensively of Saturday's encounter with Stanford.

He planned to name his traveling squad today. The Huskies will fly south at 1 p.m. tomorrow. They have a workout scheduled at Stanford Stadium shortly after their plane sets down.

STRENGTHEN LINE

BERKELEY — California, winless in three games, is trying to strengthen its battered line.

Coach Marv Levy moved 210-pound Ted Dinkler to one of the starting tackle spots and made Mel Piestrup, a 195-pounder, second team right tackle.

The Bears meet Washington State here Saturday.

BEWARE, BEARS

PULLMAN, Wash. — "The Cougars are going to come back!"

That was the word from Washington State University Football Coach Jim Sutherland.

"We've got the talent," he told boosters, "and we'll soon have our heads above water."

The Cougars won their first game, but have lost two straight.

"And we haven't played a game in which injuries haven't been a factor," said Sutherland. "We've yet to play at full strength."

Annual Football Skill Contests Slated Saturday

The annual football skill day contests will be held Saturday from 9 to 11 a.m. at San Rafael High School.

Included in the six events open for boys 9 to 14 years old will be passing for accuracy, distance passing, punting, kick-off, extra point placement and two man pass pattern. The contests for boys between 11 and 14 years old will begin at 9 a.m., for 10 year olds at 10 a.m.

Awards for first, second and third place in each event and for each age group will be made by the sponsoring recreation and parks department. Participation will be limited to four of the events for any one boy.

SERIES FEVER HITS SCHOOLS

PITTSBURGH (AP) — A wave of "colds" hit Pittsburgh school children yesterday for the opening of the World Series.

One school in the city had 363 students absent, another had 172 and a third had 126.

Recreation Member Named In Mill Valley

Carl E. Book of 48 Coronet Avenue, Mill Valley, was appointed to the parks and recreation commission by the city council last night to replace Mrs. Martin Collor who resigned to move with her family to Hawaii.

Book, an industrial designer, made the plans for remodeling of the municipal golf clubhouse.

DRESSING ROOM COMMENTS

Virdon's Great Catch Key Play In First Series Game

PITTSBURGH (AP) — The Pittsburgh Pirates, confident but not cocky after winning the opening game of the World Series, found out a couple of things about the New York Yankees that they suspected all along.

"They're like any other club," said Elroy Face. "They can be pitched to."

"And they can scare you," said Dick Groat.

It was Face, the scrawny relief pitcher who helped the Bucs get fat after 33 years between pennants, who saved the victory for starting pitcher Vernon Law. The little right-hander got rid of Yankee power with two on and none out in the eighth inning by striking out Mickey Mantle, retiring Yogi Berra on a fly, and fanning Bill Skowron.

In the ninth, pinch-hitter Elston Howard tagged him for a two-run homer, but Face then ended it by getting Hector Lopez to hit into a doubleplay.

"We knew they had power," said Groat, pivot man at short on the wrapup doubleplay, "but they strike so fast!

"You go into the ninth inning and you figure you've got it made. And then bing, bing, bing! You're in trouble."

The Pirates also were in trouble in the fourth inning, when Bill Virdon's running catch of Berra's long drive to right center saved a 3-1 lead. That catch, with Virdon reaching over Roberto Clemente as they bumped slightly, was the turning point.

Hardly any of the Yankees saw Virdon in the first inning, when he pulled a delayed steal of second that caught Yankee shortstop Tony Kubek napping. Kubek drew the error — after convincing the scorer that the responsibility was his, not Berra's—when no one was at second to take the throw by the Yankee catcher.

Law, who gave up a first-inning home run by Roger Maris, also admitted to some mistakes. "I think I made more mistakes in the first two innings than I did all season," he said. "I only walked one batter, but it wasn't my game. I was behind on a lot of hitters. I couldn't keep my pitches low."

Pitching was the Yankees' problem. "It was the type of game, I figure, where if we get any kind of pitching we win it because we got four runs," said Manager Casey Stengel.

Dipsea Champion Bob Hope Paces Tam Runners To Win

Bob Hope, the slender distance runner who won the seven-mile Dipsea Handicap Race from Mill Valley to Stinson Beach last month, yesterday led Tamalpais High School's cross-country runners to victory over four other schools at Mill Valley.

Hope covered the 1.9-mile rain soaked course in 10 minutes, 47 seconds as Tam scored the low total of 33 points to 55 for Vallejo, 80 for Sonoma, 93 for Redwood and 139 for Montgomery.

Redwood's Marv Stephens came in second. Others to follow in the first 15 were Roger Sturgeon (V), Steve Bohannon (R), Dennis Gustafson (T), Reed Dillingham (T), Warren Duncan (Son.), Jay Johnson (V), Jeff Olson (T), Dave Carey (Son.), Paul Smith (Son.), Bill Nelson (T), Roger Selsback (V), Jim McAuley (V), Greg Jennings (T).

The Hope family made it a clean sweep as Bob's freshman brother, Siguird, won the "reserves" division.

Fairfax Park Drawings Due Soon

A student of landscape architecture at College of Marin is preparing a plan for Fairfax's city park.

William Brown, planner of the Fairfax Park and Recreation Commission's master plan committee, told the commission this week that college student Hal Walker expects to have drawings completed sometime next month.

The commission, looking toward a plan of a complete parks system for the city, asked that the city council inform it of completion of placement of stones marking the city park's boundaries.

The problem of cleaning the small park area in Claus Circle is one for the council to deal with, the commission decided.

Marin County Car Clubs was refused permission to use the Fairfax Pavilion for a dance.

Float Requests Goes To Engineers

Application for Army Corps of Engineers sanction to construct a dock and float on the north side of San Rafael Creek has been made by W. H. Johnston of 20 Aqua Vista Drive, San Rafael.

The structures would be located about a quarter-mile upstream from the Marin Yacht Club Harbor, just off San Pedro Road and shoreward of the construction line of the creek as established by the city of San Rafael. The float is to be 60 feet square and secured by wooden piling.

Any objections must be filed in triplicate before Oct. 30 with the office of Corps of Engineers, U.S. Army Engineer District, 180 New Montgomery Street, San Francisco.

Nats Sign Pitcher

OAKLAND (UPI) — The Washington Senators have paid a "substantial bonus" for 18-year-old southpaw pitcher Mike Bishop of Tipton, Calif. Washington scout Eddie Lake called Bishop an outstanding prospect.

Financial Report On Candlestick: Giants Enjoyed A $5 Million Year

HANLEY

It was a $5,000,000 plus year for the Giants in their first season in Candlestick Park. Paid attendance for the 74 home games totalled $4,500,000. Concession commissions, radio rights and sundry other sources of income produced the rest of the gross.

Only the gate attendance income can be pinpointed with reasonable accuracy because the Giants' 35-year lease of Candlestick is a matter of public record. It calls for a minimum annual rental of $125,000 or 5 per cent of the gate.

The San Francisco City Controller's office exercised the 5 per cent option this year because it meant "roughly $100,000 more than the minimum," according to Controller Harry Ross. That means $225,000 which is 5 per cent of $4,500,000.

In addition to the $225,000 rent, parking lot fees produced $300,000 and advertising another $40,000. These three sources of income, totaling $565,000, were funneled into Stadium, Inc., the non-profit corporation that operates Candlestick Park.

After 5 per cent interest and principal payments of $353,000 this year on the $5,500,000 bonds it sold, Stadium, Inc. will wind up with a surplus of $212,000 from which approximately $10,000 will be deducted for the paper work servicing of the bonds. The $202,000 will go into a bond surplus fund.

IF THE surplus should continue to pile up in future years, Stadium, Inc. may elect to call in the bonds—in other words pay them off for a small premium and thus save the heavy interest payments instead of allowing them to run to their full 35-year maturity.

When the Stadium, Inc. bonds are paid off—retired is the financial term—the City of San Francisco will get free and clear ownership to Candlestick Park for the initial $5,000,000 its voters approved in a 1954 bond issue. This original $5,000,000 was not enough to build Candlestick. That is why Stadium, Inc. was formed to float the additional $5,500,000.

TWO INSURANCE companies, Continental Casualty and Continental Assurance, each bought $1,000,000 worth of bonds. Charles L. Harney and his construction firm, which built the stadium, bought the remaining $3,500,000.

This year the insurance companies received $134,000—$100,000 in interest plus $34,000 payment on the principal. Harney and his firm received $219,000, of which $175,000 was interest. Neither the insurance companies nor Harney and his firm need pay income tax on these sums. They are tax-exempt because they are derived from a non-profit corporation that created a public improvement—that's what the tax boys call Candlestick.

ALL OF the $5,000,000 plus the Giants took in was not net profit. Willie Mays' $85,000 salary, Johnny Antonelli's $42,000, Orlando Cepeda's $27,000 and quite a few other salaries and operating expenses, plus taxes, will add up to a substantial sum. One little tax item—a $117,487 tab for what San Francisco Assessor Russell Wolden values the Giants' "possessory interest" in Candlestick — will go directly into the city coffers, not Stadium, Inc.

Even after all of these and other items, such as state and federal income taxes, are paid Horace Stoneham and his fellow stockholders will wind up with a tidy profit.

Indians Brace For Invasion Of Huskies

By ASSOCIATED PRESS

STANFORD — The Stanford Indians are going through rough drills to ready themselves for Saturday's encounter with the University of Washington.

All members of the squad participated in a limited scrimmage Wednesday with the junior varsity running Washington plays againgst the varsity defenders, Coach Jack Curtice said.

SEATTLE—"They can hurt us a lot," said Coach Jim Owens. "We'll have to settle down and put a good ball game together."

The Washington football mentor talked apprehensively of Saturday's encounter with Stanford.

He planned to name his traveling squad today. The Huskies will fly south at 1 p.m. tomorrow. They have a workout scheduled at Stanford Stadium shortly after their plane sets down.

STRENGTHEN LINE

BERKELEY — California, winless in three games, is trying to strengthen its battered line.

Coach Marv Levy moved 210-pound Ted Dinkler to one of the starting tackle spots and made Mel Piestrup, a 195-pounder, second team right tackle.

The Bears meet Washington State here Saturday.

BEWARE, BEARS

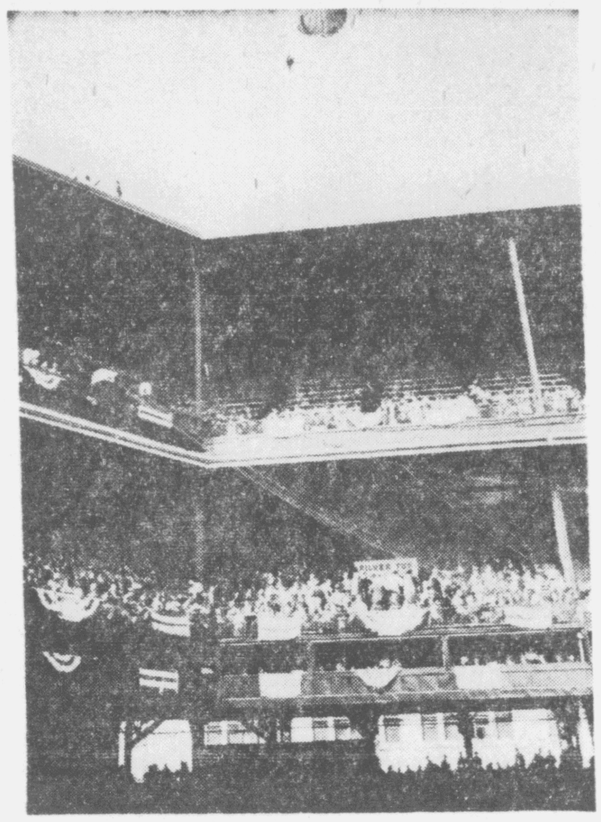
PULLMAN, Wash. — "The Cougars are going to come back!"

That was the word from Washington State University Football Coach Jim Sutherland.

"We've got the talent," he told boosters, "and we'll soon have our heads above water."

The Cougars won their first game, but have lost two straight.

"And we haven't played a game in which injuries haven't been a factor," said Sutherland. "We've yet to play at full strength."



BIG TARGET, BUT HE MISSED

Jack Heatherington of McKeesport, Pa., tried to make an unusual entrance to the World Series in Pittsburgh yesterday—by parachute. However, winds pushed him off the target and he landed on a building adjacent to Forbes Field. (UPI Photo)

Annual Football Skill Contests Slated Saturday

The annual football skill day contests will be held Saturday from 9 to 11 a.m. at San Rafael High School.

Included in the six events open for boys 9 to 14 years old will be passing for accuracy, distance passing, punting, kick-off, extra point placement and two man pass pattern. The contests for boys between 11 and 14 years old will begin at 9 a.m., for 10 year olds at 10 a.m.

Awards for first, second and third place in each event and for each age group will be made by the sponsoring recreation and parks department. Participation will be limited to four of the events for any one boy.

SERIES FEVER HITS SCHOOLS

PITTSBURGH (AP) — A wave of "colds" hit Pittsburgh school children yesterday for the opening of the World Series.

One school in the city had 363 students absent, another had 172 and a third had 126.

Recreation Member Named In Mill Valley

Carl E. Book of 48 Coronet Avenue, Mill Valley, was appointed to the parks and recreation commission by the city council last night to replace Mrs. Martin Collor who resigned to move with her family to Hawaii.

Book, an industrial designer, made the plans for remodeling of the municipal golf clubhouse.

DRESSING ROOM COMMENTS

Virdon's Great Catch Key Play In First Series Game

PITTSBURGH (AP) — The Pittsburgh Pirates, confident but not cocky after winning the opening game of the World Series, found out a couple of things about the New York Yankees that they suspected all along.

"They're like any other club," said Elroy Face. "They can be pitched to."

"And they can scare you," said Dick Groat.

It was Face, the scrawny relief pitcher who helped the Bucs get fat after 33 years between pennants, who saved the victory for starting pitcher Vernon Law. The little right-hander got rid of Yankee power with two on and none out in the eighth inning by striking out Mickey Mantle, retiring Yogi Berra on a fly, and fanning Bill Skowron.

In the ninth, pinch-hitter Elston Howard tagged him for a two-run homer, but Face then ended it by getting Hector Lopez to hit into a doubleplay.

"We knew they had power," said Groat, pivot man at short on the wrapup doubleplay, "but they strike so fast!

"You go into the ninth inning and you figure you've got it made. And then bing, bing, bing! You're in trouble."

The Pirates also were in trouble in the fourth inning, when Bill Virdon's running catch of Berra's long drive to right center saved a 3-1 lead. That catch, with Virdon reaching over Roberto Clemente as they bumped slightly, was the turning point.

Hardly any of the Yankees saw Virdon in the first inning, when he pulled a delayed steal of second that caught Yankee shortstop Tony Kubek napping. Kubek drew the error — after convincing the scorer that the responsibility was his, not Berra's—when no one was at second to take the throw by the Yankee catcher.

Law, who gave up a first-inning home run by Roger Maris, also admitted to some mistakes. "I think I made more mistakes in the first two innings than I did all season," he said. "I only walked one batter, but it wasn't my game. I was behind on a lot of hitters. I couldn't keep my pitches low."

Pitching was the Yankees' problem. "It was the type of game, I figure, where if we get any kind of pitching we win it because we got four runs," said Manager Casey Stengel.

Dipsea Champion Bob Hope Paces Tam Runners To Win

Bob Hope, the slender distance runner who won the seven-mile Dipsea Handicap Race from Mill Valley to Stinson Beach last month, yesterday led Tamalpais High School's cross-country runners to victory over four other schools at Mill Valley.

Hope covered the 1.9-mile rain soaked course in 10 minutes, 47 seconds as Tam scored the low total of 33 points to 55 for Vallejo, 80 for Sonoma, 93 for Redwood and 139 for Montgomery.

Redwood's Marv Stephens came in second. Others to follow in the first 15 were Roger Sturgeon (V), Steve Bohannon (R), Dennis Gustafson (T), Reed Dillingham (T), Warren Duncan (Son.), Jay Johnson (V), Jeff Olson (T), Dave Carey (Son.), Paul Smith (Son.), Bill Nelson (T), Roger Selsback (V), Jim McAuley (V), Greg Jennings (T).

The Hope family made it a clean sweep as Bob's freshman brother, Siguird, won the "reserves" division.

Nats Sign Pitcher

OAKLAND (UPI) — The Washington Senators have paid a "substantial bonus" for 18-year-old southpaw pitcher Mike Bishop of Tipton, Calif. Washington scout Eddie Lake called Bishop an outstanding prospect.

Fairfax Park Drawings Due Soon

A student of landscape architecture at College of Marin is preparing a plan for Fairfax's city park.

William Brown, planner of the Fairfax Park and Recreation Commission's master plan committee, told the commission this week that college student Hal Walker expects to have drawings completed sometime next month.

The commission, looking toward a plan of a complete parks system for the city, asked that the city council inform it of completion of placement of stones marking the city park's boundaries.

The problem of cleaning the small park area in Claus Circle is one for the council to deal with, the commission decided.

Marin County Car Clubs was refused permission to use the Fairfax Pavilion for a dance.

Float Requests Goes To Engineers

Application for Army Corps of Engineers sanction to construct a dock and float on the north side of San Rafael Creek has been made by W. H. Johnston of 20 Aqua Vista Drive, San Rafael.

The structures would be located about a quarter-mile upstream from the Marin Yacht Club Harbor, just off San Pedro Road and shoreward of the construction line of the creek as established by the city of San Rafael. The float is to be 60 feet square and secured by wooden piling.

Any objections must be filed in triplicate before Oct. 30 with the office of Corps of Engineers, U.S. Army Engineer District, 180 New Montgomery Street, San Francisco.

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Napa Area Open To Duck Hunters; Bay Striper Fishing Really Hot

STEVENS

So much news to pass along today and so little space to tell it in, we'll have to give only the highlights of fishing—after we announce that the Napa Salt Marshes will again be open to public duck hunting this year. Some 5,000 acres under control of the Department of Fish and Game will be open. A $3 permit entitles you to shoot for the entire season. No limit on hunter capacity—you may come back as many times as you wish. Bag limit is six birds, but no canvasbacks or redheads allowed. Opening day shoot (Oct. 15) starts at 12 noon, there after from one-half hour before sunrise to sunset.

To get to the Napa Marshes travel on State Highway 38 (Black Point-Sears Point road). Shooting areas are generally reached by boat. Seven boat liveries in the vicinity have more than 300 boats available for hunter use. Access by water is from South and Napa sloughs and the Napa River.

Permits can be had at DFG offices in San Francisco and Sacramento, and at the following locations: In Napa—Lantow and Moore, Yates and Cochrane, George's Gun Shop, and Napa Val Resort; Vallejo—Al's Sport Shop, Earl Cobb Sport Shop, Steffan's Sport Shop and the Gum Tree.

YOU GET A map of the area when you buy your permit.

Hunting license and duck stamp required, of course.

Number of boats available at the following resorts: Robert's, Napa River (30); Nelson's Napa River (30); Moore's, Cuttings Wharf (50); Norman's Cuttings Wharf (50); Dutton's Landing; Napa River (38); Napa Val, Vallejo (110); Vallejo Boat Center, Vallejo (18). All the above have complete parking facilities except the Vallejo Boat Center which has limited accommodations.

This swell area is made available through the cooperation of the Leslie Salt Co. and you must in no way interfere with their operations in the production of salt. Read the "Notice to Hunters" on the back of the map you will receive and abide by the rules of the game.

NOW FOR THE fishing. One word describes it. HOT.

From the Racoon Strait (where an acquaintance of ours collected easy limits for a party of four, while trolling with slugs for bait) to the Carquinez Bridge and above the bridge off Dillon's Point.

For example, Joe Nerviani of Joe's Launching on Santa Venetia Slough reported the best weekend of the year with around 200 nice stripers unloaded. Fish are running much larger and are unquestionably fresh run bass. Joe's customers took fish at the Sisters, near the Pump House and off buoys six, eight and ten. The William McGowans limited out on both Saturday and Sunday.

JOE MELLO and friend showed six nice six-pounders, Olie Quan landed a 14-pound 11-ounce beauty, Jack Reeves and Friend were only one short of limits, Roger Thompson of Novato had a limit to 12 pounds, Mickey Lockenouer and wife took nine bass in two trips, Gene Jones of San Rafael took a 12-pound one-ounce striper and on Tuesday Joe F. Fuller and Friend from Novato had just come in to get more bait. Said the fish had just started hitting like crazy, they were going back to get the three additional fish to fill out their limits.

Rifle Course To Start Next Week

Marin Rod and Gun Junior Rifle Club will begin a new series of instructions next Tuesday at College of Marin's indoor range, Instructor George Finney announced today.

There are still some openings for boys and girls 12 to 18 years old, Finney said. The course features National Rifle Assn. training and hunter safety lessons. The class will begin at 7 p.m.

Meanwhile, a Winter Rifle League is being formed and any junior teams interested in competing should contact Gus Scheuermann at 60 Stevens Court, Fairfax.

NEW CONCEPTION—Hailed as "the first use of park-hill zoning in the United States" is the Marinero subdivision in Tiburon, for which ground was broken yesterday. This drawing by J. A. Frost shows deadend streets from Lyford Drive take advantage of natural terrain, eliminating steep cuts on hillsides.

PARK-HILL ZONING

Work Begins On New Tiburon Subdivision

Groundbreaking ceremonies were held yesterday at the Marinero subdivision in Tiburon in what is said to be the first use of park-hill zoning in the United States.

The approach, according to Kurt Heath of Heath Development Co., is to leave park areas or borders of green belts as buffers between groups of houses.

Supervisor Vera L. Schultz, who poured champagne over the tracks of a tractor pushing ground aside, said: "With Marin's particular type of hilly typography, it is most encouraging that developers are willing to embark in new designs with the hazard that comes with anything that is new.

"It is important to utilize our topography to its best advantage and to do the least violence to the terrain."

Also speaking at the ceremonies was Mrs. Margaret Azevedo of Tiburon, who recently resigned from the county planning commission to go on a European trip. Mrs. Azevedo said, "The prime requirement for new or fresh designs in subdivisions is to have a developer who is willing to experiment."

It is proposed by the Heath company that the first set of 34 cooperative apartments be started within the next two months and are expected to be ready for occupancy next March. They are located on Lyford Drive, with various cul-de-sac streets shooting off that main and only "through" street.

All land unusable for building sites will be formed into park areas, Heath said, and will be left as green buffers between residential lots and apartment lots. No one is to pay for land that cannot be built upon and no one loses a part of his lot due to excess steepness or rockiness.

A home owners' association is to be formed to provide for care of the green belts.

The development on 200 acres is to have 200 "town and country" apartments, three stories or less in height and each building with its own swimming pool. The apartments are expected to sell for about $37,000.

Residential lots will be developed as purchased.

The apartments, to be called Belvedere Heights Apartments, are designed, engineered and financd locally, Heath said. Heath has worked with Leslie Smith of Tiburon Associates as engineer. Campbell and Wong are designers of the apartments, and Daniel Lieberman is in charge of landscaping.

Apartments, with views of Richardson Bay, San Francisco and the bay bridges, will be of two or three bedrooms and two baths. Each will have either a deck or patio garden. Utilities will be underground.

JETS TOO FAST TO PINPOINT BOMB TARGETS

SAN ANTONIO, Tex. (AP)—The inability of supersonic jets to strafe and bomb pinpoint targets is worrying Army leaders, the Army aviation director said Wednesday.

Brig. Gen. Clifton F. von Kamm said in the next 10 years the Army must spend hundreds of millions of dollars on airplanes built to perform jobs for which Air Force jets are inadequate.

Von Kamm, here for the fourth Army Aviation Conference, said the jets go too fast to be able to spot and destroy small targets.

Smog Control Decision Pends

SAN FRANCISCO (UPI)—The board of directors of the Bay Area Air Pollution Control District yesterday postponed until about Dec. 1 the establishment of firm policing policies for industrial smog controls.

The controls, under the controversial Regulation 2, go into full effect in the district's six-county area on Jan. 1.

Chairman Andrew C. Byrd also ruled that there would be no decision until about Dec. 1 on an efficiency report calling for widespread changes in the operations of the district.

The board also received copies of another report from six county administrators yesterday. It reported their investigation of the Ernst & Ernst efficiency report, and made recommendations as to which of the Ernst & Ernst recommendations are necessary.

Real Estate Boom At End, Expert Says

SAN FRANCISCO (UPI)—The 20-year real estate boom is over, according to market research expert James G. Downs Jr.

He told the California Real Estate Assn. yesterday that "inflation is over. We must learn to live without it."

Downs, president of the Real Estate Research Corporation of Chicago, said that it was inflation that pushed up the price of property in the face of depreciating value.

Home owners believed that any investment in real estate would pay off "automatically."

This, he said, is no longer true.

"The man who bought a house a year ago may not get his full investment back today."

Downs said realtors must therefore convince sellers of the new facts of economic life.

But he said that real estate was still a sound investment. He pointed out that securities have dropped some 20 per cent since January, while the same money in real estate would have lost only 3 to 5 per cent.

He predicted the economy will continue its drift downward through the second quarter of next year, at which point it will level off.

He said the United States will again hit the high road to prosperity then, especially if foreign markets can be developed and the lid kept on the inflationary spiral.

The five-day convention of the association ended today.

Dodge Dealers Feel Pretty Good About The New Line Of Autos

Marin County Dodge and Lancer dealers—Nave's Dodge in Novato and Hart's Dodge, San Rafael, along with Ford and Plymouth outlets have had about a week's edge on other showrooms that are firing off their first sales outbursts today.

It hasn't necessarily followed that they've sewn up all the likely new car prospects, most of whom have been waiting to look over the field in the low-medium price range. At least, that is the opinion of Nave's in Novato. This dealer has sold out its remaining 1960 models during the past week — more activity than in the new lines. It suggests that Novato residents have been discount conscious and when there aren't any more special deals available they'll turn to the 1961s. Nave's still has a few 1960 Dodge trucks left.

Hart's in San Rafael, for a new dealer, has done exceptionally well with both 1960 models and the 1961 run. The firm claims to be "sitting" on orders for some new models not yet available. Apparently the months-long absence of a San Rafael Dodge agency has not worked to its disadvantage.

Dodges, by the way, still retain a vestige of the rear fender fins, a sort of reverse curve with a forward sweep. They flow with the body lines smoothly enough and should not be objectionable to most critics. Perennial Dodge buyers are extremely loyal and will find nothing in 1961 models to change their feelings.

Lancers, in a manner of speaking, are still marking time until the smoke clears away. Their close resemblance to the Plymouth Valiants which they top pricewise approximately $40 to $50 for a few additional inches of space and more trim is yet to be proven an advantage or disadvantage. Valiant's success during the past year has been a good sales primer for the Lancer but the similarity may also lead to confusion being added to an already confusing compact field. They are, however, built in Dodge's plant — not Plymouth's.

Both Nave's and Hart's, in common with other Dodge and Lancer dealers, feel they have good lines to sell and are counting on a successful year ahead.

Hart's incidentally, has announced a winner of its opening night drawing in the Dodge International Sweepstakes — Adrannita D. Houghley of San Rafael who will receive a clock radio — compliments of the factory.

CHEVROLETS AND CORVAIRS will appear in Marin dealers' showrooms tomorrow —Andersen Chevrolet, Novato, Campbell Bishop Chevrolet Co., Mill Valley, Cheda Chevrolet, Point Reyes and De Long Chevrolet Inc., San Rafael.

BELLUCCI REALTY of Novato has opened an additional office at 536 Third St., San Rafael. Vee Matthews will be in charge. Also on the San Rafael staff will be her husband Russell and Mrs. Rosemary Komel.

THE ROGERT GOLYNS of Marin County Furniture, San Rafael have been named exclusive color consultants for House and Garden magazine in Marin County for the eleventh successive year.

The appointment makes Marin County Furniture a sort of clearing house for information on sources of supply in paints and fabrics conforming to the House and Garden recommended color chart for 1961. Manufacturers producing the suggested shades in their wares generally post the entire list of nationwide consultants on where their products may be obtained in each territory for the benefit of interested home decorators.

Tamalpais District Needs More Rooms

Continued from page 1

tion of Tamalpais district taxpayers, property owners and parents and organized an advisory committee to study the proposals from top to bottom.

And that's what the committee did in periodic meetings over a span of half a year.

They waded through a considerable amount of pedagogic gobble-de-gook until they were satisfied that the growth ahead is accurately forecast. This eliminated the possibility of over-building.

From the outset they stood fast for eliminating all but "immediate necessities."

Every proposal was critically examined. Many differences of opinion were resolved; some were not.

In the end they had carved the plan in half, financially, and recommended only a three-million-dollar program. The final recommendation was nearly unanimous.

It is this pared-down plan that is the basis of next Tuesday's bond election.

At Redwood, it would provide two new classroom wings and proportionate increases in library and other facilities to accommodate an additional 1,200 students.

At Tam, a new science building would be built to replace woefully inadequate and obsolete science classrooms in Keyser Hall. The old science rooms would be refurbished as ordinary academic classrooms. The old office space in Wood Hall would be converted to additional classroom space, increasing Tam's capacity by about 250.

The unused cafeteria space, declared substandard for instructional use, would be converted to offices. A canteen for improved lunch offerings and provision for improved outdoor physical education facilities also are included.

At Drake adequate space for gym lockers would be provided together with a multi-purpose covered area for use primarily by students as a place to eat lunch in rainy weather.

Industrial arts facilities will be expanded to provide, among other things, an electric shop. A combination teachers' workroom-lunchroom also will be added, since classrooms are so fully utilized for teaching that teachers need a workroom elsewhere to prepare for class instruction and to correct papers.

Finally, the bond issue provides a little more than $600,000 for the purchase of another high school site, presumably to serve Alto and the Tiburon Peninsula. There has been no committment on location; the advisory committee made no specific recommendation as to site.

School officials foresee the possibility that the northernmost end of the district in Woodacre and San Geronimo Valley might experience a population "explosion" which would make it adviseable to buy a site there first.

The population boom and the birth rate explosion make it absolutely essential that another site be obtained and planning begun for the longer range future.

The three-million-dollar bond issue before the voters next Tuesday would finance all these immediate necessities and avert the crisis threatening the Tam district.

Tomorrow: Bond campaign pros and cons.

Benjamin Drapers To Host Party For Noted Medicos

Mr. and Mrs. Benjamin Draper of Mill Valley, will pour cocktails for two hundred at their home in Enchanted Knolls on Sunday, October 9.

The affair honors "medical alumni" of "Science in Action," the TV series which Mr. Draper produces and for which Mrs. Draper writes many of the medical scripts.

Special honor guests will be distinguished physicians from all over the country who are here for the convention of the American College of Surgeons.

Assisting the Drapers, in addition to the "Science in Action" staff, will be Mr. and Mrs. Richard F. Kemp and Mr. and Mrs. Hugh James of Mill Valley.

Theme for the party will be the history of medicine. A series of prints and pictures of ancient medical practices will be on display as will be some instruments and a prescription kit used a hundred years ago by Mr. Draper's grandfather, Dr. Charles Miller Poff.

Marin medical men who have had a part in the television show in its eleven years include Doctors Stuart Cullen, Arthur Jampolsky, Harold Jolley, John Cann and John Janscheski.

Teen Assn. Plans Dances For The Year

The Mill Valley Teen Association has announced its calendar for the current year, and the election of Don R. Miller, juvenile officer for Marin County, as teen adviser and program coordinator.

His presence will avoid the necessity of an armed officer's being at all teen dances, since he fills the Mill Valley city requirement to have a law enforcement officer at all such gatherings, as well as experience and qualifications requirements for professional adviser.

Mill Valley teens are sponsored by Mill Valley's Rotary club, and the Outdoor Art Club, where the three monthly dances are held.

Dances for the senior teens, from 8 to 11:30 p.m., are scheduled for Oct. 7 and 21, Nov. 4, Dec. 2, Jan. 6 and 20, Feb. 3 and 17, April 7 and 21, May 5 and 19, and June 2.

Junior teen dances, from 8 to 11 p.m., will be given in the same place on Oct. 14, Nov. 18, Dec. 9, Jan. 13, Feb. 13, Mar. 10, April 14, May 12 and June 2.

Membership in the Mill Valley teens is open to students residing within the boundaries of the Mill Valley Elementary School District. Membership cards for the year and member and guest admission cards are available at a small cost.

Tamelpa Parlor Sets Auction Date

The month of October promises to be an eventful one for Mill Valley's Tamelpa Parlor, No. 231, Native Daughters of the Golden West.

Planned at their recent meeting in the Outdoor Art Clubhouse were a silent auction to follow the Oct. 11 meeting with proceeds to go to the children's foundation fund, and initiation of several new members on Oct. 25.

Attending the recent meeting from Marinita Parlor No. 198 of San Rafael was Mrs. William Faber, deputy grand president, who installed Mrs. Delphine Nullmeyer as trustee.

After the meeting games were played and refreshments served by Mrs. Francis Doyle and Mrs. Mary Silva.

Bayside Club Has Barbecue

Annual barbecue of the Bayside Acres Women's Club was held recently at the home of Mr. and Mrs. Fred Tegeler. They were assisted in entertaining by Mesdames Clyde Good, O. E. Finch and James Thornton.

The afternoon began with swimming in the new pool. The pool is unique. It is built into the hillside and from it there is a glorious view of the bay and Loch Lomond.

Mr. Tegler, the barbecue chef, was assisted in preparing the prime roast beef in the Chinese-type barbecue grill by James-Thornton.

The barbecue marked the fifth anniversary of the founding of the club and as Mrs. Frank Marsh was one of the enthusiastic organizers, she was presented with a gift by Mrs. Max Sobel, president.

Present were Maj. and Mrs. Harold Varner, Messrs. and Mesdames Jay Alpers, Alan Atkins, Edward Day, Elias Day, George Geller, Ronald Giambastiani, Earl Pennington, Tegeler, Good, Marsh, Thornton, Sobel, Mrs. George Alpers, Mrs. Nell Clark (mother of Mrs. Tegeler), Mrs. Finch, Mrs. Fred Croker, Mrs. Bea Richter, Mrs. Adrian Romaggi, Miss Loreta Pacheco, Miss Frances Clark, Cathy Atkins, and Peter Thornton.

Missed from the gathering were Bayside Acres neighbors, Mr. and Mrs. Paul Street, who are vacationing in the Yellowstone.

Next meeting of the club will be on Oct. 19 at the Sobel home. The meeting will begin at 1:30 p.m. when dessert will be served. All women residents of Bayside Acres are invited.

Alpha Xi Deltas Plan Oct. 12 'Tasting Party'

All Alpha Xi Delta Alumnae in Marin County are invited to participate in a "Tasting Party" at the Kent Woodlands home of Mrs. William Ingersoll on Wednesday, Oct. 12 at 8 p.m. This is the first fall meeting of the Marin County Chapter.

Each person is asked to bring a copy of her favorite recipe plus a bonafide sample of it. Recipes will be sold to members and the proceeds will be used for the chapter's philanthropic project. The remainder of the year's program will be presented by the president, Mrs. Robert De Witt.

Mrs. DeWitt attended the Omicron chapter house at the University of California at the presentation of the new Alpha Xi Delta pledges. She announced that Beverly Sue Diercks, a 1959 graduate of Sir Francis Drake High School, is one of the pledges.

Any new members are welcome to the Oct. 12 meeting. Contact Mrs. Ingersoll.

Mill Valley University Women Set Program

Plans for the year were reported by the program chairman, Mrs. Viking Leon, at the recent first general meeting of the season for the Mill Valley branch of the American Association of University Women.

Taking the theme from the current world problems, the branch has chosen to study "the United States image abroad." This year the group will depart from its program of previous years in that all study sections will follow some phase of this central theme.

Chairmen of the study sections told how they would follow the theme. Higher education and fellowships sections will study the education of diplomats. The elementary and secondary education sections, the mass media section and the social and economic issues section will all work together to find out "how effective are the voices of America?"

The legislative section will try to answer the question "Has our foreign policy helped us?" and the international relations plans to go "through the looking glass to Africa."

The arts groups have the theme "Arts—an international image."

Mrs. Leon reported that other AAUW branches have found this type of program rewarding.

This meeting also served as an orientation and featured a verse playlet authored by Mrs. Ross S. Shade. The play, which gave a total picture of AAUW, featured each of the board members telling in verse of her responsibilities.

Mrs. Edward Boessenecker reported on the regional workshop held Sept. 23 and 24 in San Rafael, for which the branch was co-hostess. She said that 16 members of the Mill Valley branch attended the various round tables. Mrs. Shade was publicity chairman for the event and Mrs. Earl Reinke was housing chairman.

In the registration of members Mrs. Boessenecker was assisted by Mrs. Wendell Ames, and their committee including Mesdames James R. Loonie, Harry Miller, William L. Treverton, Carl W. Massey, Richard Burns, Wayne Bingham, Charles Hunter, William Connarn, Charles A. Smith, Joseph Brewster, J. Ralph Murphy, Bruce Wrisley, Edwin H. Hildebrand, J. A. Fuller and Daniel Deedy.

Officers' Wives Show Will Have French Theme

On Oct. 13 at 1 p.m. the Hamilton Air Force Base Officers' Wives Club will sponsor an "afternoon a la mode."

The decorations will follow a French theme — including a flower cart, magazine stall, and perfume booth—all reminding one of Paris. The program chairman is Mrs. Edward Beaty.

Other chairmen are Mesdames H. B. Crownover, decorations; James Lyle, table decorations; J. C. Meadows, hostess chairman; L. B. Griffith, menu chairman.

The commentary will be written by Mrs. John D. Stevenson and the commentator will be Mrs. M. H. Good.

Modeling will be Mesdames L. B. Griffith, Austin Bryan, W. Greenwood, W. F. Barns, L. R. Kramer, K. H. Wells, Robert Margison, C. H. Bradley, Leonard Robinson, L. A. Ross and LeRoy Barton.

Reservations must be made no later than noon Oct. 11. Champagne, hors-d'oeuvres and canapes will be served.

Novato SPRSI Whist Party For Sunday

The women of the SPRSI are holding their annual whist game on Sunday at the Novato IDESI Hall.

Refreshments will be served after the game which is scheduled to begin at 2 p.m. Chairman of the party is Mrs. Simon Azevedo who will be assisted by Mrs. A. T. Nunes and Mrs. Joseph Silveira.

Benjamin Drapers To Host Party For Noted Medicos

Mr. and Mrs. Benjamin Draper of Mill Valley, will pour cocktails for two hundred at their home in Enchanted Knolls on Sunday, October 9.

The affair honors "medical alumni" of "Science in Action," the TV series which Mr. Draper produces and for which Mrs. Draper writes many of the medical scripts.

Special honor guests will be distinguished physicians from all over the country who are here for the convention of the American College of Surgeons.

Assisting the Drapers, in addition to the "Science in Action" staff, will be Mr. and Mrs. Richard F. Kemp and Mr. and Mrs. Hugh James of Mill Valley.

Theme for the party will be the history of medicine. A series of prints and pictures of ancient medical practices will be on display as will be some instruments and a prescription kit used a hundred years ago by Mr. Draper's grandfather, Dr. Charles Miller Poff.

Marin medical men who have had a part in the television show in its eleven years include Doctors Stuart Cullen, Arthur Jampolsky, Harold Jolley, John Cann and John Janscheski.

Teen Assn. Plans Dances For The Year

The Mill Valley Teen Association has announced its calendar for the current year, and the election of Don R. Miller, juvenile officer for Marin County, as teen adviser and program coordinator.

His presence will avoid the necessity of an armed officer's being at all teen dances, since he fills the Mill Valley city requirement to have a law enforcement officer at all such gatherings, as well as experience and qualifications requirements for professional adviser.

Mill Valley teens are sponsored by Mill Valley's Rotary club, and the Outdoor Art Club, where the three monthly dances are held.

Dances for the senior teens, from 8 to 11:30 p.m., are scheduled for Oct. 7 and 21, Nov. 4, Dec. 2, Jan. 6 and 20, Feb. 3 and 17, April 7 and 21, May 5 and 19, and June 2.

Junior teen dances, from 8 to 11 p.m., will be given in the same place on Oct. 14, Nov. 18, Dec. 9, Jan. 13, Feb. 13, Mar. 10, April 14, May 12 and June 2.

Membership in the Mill Valley teens is open to students residing within the boundaries of the Mill Valley Elementary School District. Membership cards for the year and member and guest admission cards are available at a small cost.

Mr. and Mrs. Justin M. Day of Sausalito have returned home after a three weeks motor trip. With New Mexico and Colorado their goals, the couple spent several days in Santa Fe and Taos, N.M. and Mesa Verde National Park in Colorado. They returned by way of Salt Lake City and Lake Tahoe.

Nat'l Forests San Rafael Club's Topic

When Miss Lelia Crouch of the United States Forest Service spoke on Tuesday at the meeting of the San Rafael Improvement Club, she impressed her hearers with the vast extent of the national forests. She said there are 20 million acres of such forests in California, alone. She told of the natural resources, the lumber, water, soil and recreation areas and wildlife habitats provided by the forests. She stated that the forests are managed "for the greatest good of the greatest number" and receipts from the national forests go to schools and roads in counties which have the forests.

Following her brief talk Miss Crouch showed colored motion pictures on the "Harvest of Natural Resources in Alaska." This emphasized the great beauty of the northern land and its major industry, catching and processing of salmon.

Miss Crouch has been with the Forest Service for 16 years and is now stationed in San Francisco as information officer of women's activities.

Mrs. Donald Murray, president, conducted the meeting. A tea followed the program under the chairmanship of Mrs. Emerson Yates. She was assisted by Mesdames Homer Hood, James D. Carter and John Bell. Pouring were Mesdames Roy A. Brown, George Arnold, James Goodale and Ernest Kroll.

Next event on the club calendar will be the "three generation" fashion show on Oct. 18.

St. Anselm's YLI Sets Dinner Dance

St. Anselm's Institute 98, Young Ladies Institute, will sponsor a fall dinner dance at the Cabana Club, Hamilton Air Force Base on Saturday. Mrs. Jack Benz, chairman, is assisted by Mesdames Edward Rancke, Walter Milani, Wesley Phelps and Richard Bettencourt.

Proceeds from the evening will supplement the donation of the Institute to the Golden Jubilee Burse For Seminarians. This is one of the principal projects of all of the Young Ladies' Institutes throughout the west coast, to provide funds for the education of young men for the priesthood.

Mill Valley's Mt. Carmel Women's Club will have its monthly meeting Wednesday, Oct. 19, at 7:45 p.m., in the lower meeting hall of the Mt. Carmel School.

Following the recitation of the Rosary there will be a special guest, Father Edward J. Quinn, Maryknoll missionary from San Jose, who has just returned from his mission in Puli, Taiwan. Father Quinn will show his movies he took on the island of Formosa.

After the business meeting there will be a silent auction, and refreshments will be served. All women of the parish are invited to attend.

MOVIE GROUP PLANS TEA

The Marin Motion Picture Council will hold an installation tea at the home of Mrs. John Lewis, 45 Fairway Drive, San Rafael, on Tuesday, Oct. 11.

Mrs. Paul A. Hammer, president, will announce projects for the current year, and advanced plans will be formulated.

Reservations may be made with Mrs. Thomas Meagher or Mrs. Laura Campbell.

Heather Knit Shirts

Ribbed styles are leading the pack among knitted sport shirts this season. Heather color mixtures are among the most popular in this line.

Meet Teacher Nights At Tamalpais Valley

Mrs. Donn Iissen, P-TA president, has announced the "Meet Your Teacher" nights at Tamalpais Valley School.

These are Oct. 10, grades 1 and 5; Oct. 11, grades 1 and 6; Oct. 17, grades 2; Oct. 18, grades 3; Oct. 20, grades 4.

All will meet from 8 to 9 at night.

Return Home

Mr. and Mrs. Justin M. Day of Sausalito have returned home after a three weeks motor trip. With New Mexico and Colorado their goals, the couple spent several days in Santa Fe and Taos, N.M. and Mesa Verde National Park in Colorado. They returned by way of Salt Lake City and Lake Tahoe.

ANTOINETTE GIROT, of Kentfield, models the new Horizon Club uniform which she will wear while attending the Camp Fire Girls' Golden Jubilee Convention in New York City Oct. 31 to Nov. 4. Antoinette along with her mother, Mrs. Alfred V. Girot and Marlene Gavello will be the delegates from Marin.

Three Marinites Readying For Trip To Camp Fire Convention

By MAYBELLE SPECKMANN

Antoinette Girot, Marlene Gavello and Antoinette's mother, Mrs. Alfred V. Girot, all of Kentfield, will be on a jet flight Oct. 27 headed for the Camp Fire Girls' Golden Jubilee Convention in New York City Oct. 31 through Nov. 4.

Fifteen years old, the girls are juniors and members of Redwood high school's Star-dusters" Horizon Club and have been active in Camp Fire 10 years, ever since they started together as Blue Birds.

The remarkable part of the trip for the girls is that each is paying her own expenses, amounting to some $400, earned and saved carefully over a period of two years.

Starry-eyed, the girls were almost too excited to talk when they were interviewed, together with Mrs. Girot.

Antoinette said, "It's going to be a wonderful opportunity to find out what it entails to organize the horizon program, learn future plans and bring back worth while suggestions and new ideas to the girls in my district—not to mention seeing another part of our country."

MOST THRILLING

For Marlene, the daughter of Mr. and Mrs. Louis Crottogini of Kentfield, the trip will be "the most thrilling experience of my life. I want to get to know the girls around the country and what they have done in Camp Fire, and to meet the adults I have heard so much about connected with Camp Fire."

Both girls, who are as close as sisters, have played a leading role in Camp Fire.

Antoinette became a Blue Bird as soon as she could follow the example of her only sister, now Mrs. Stanley Smith of Kentfield. Active in Camp Fire ever since, she has won the Torch Bearer rank, the highest in camp fire, in social leadership, home making, business, and creative arts.

Her chum, who started as a Blue Bird at the same time, has the Torch Bearer rank in home making.

Both girls have been officers in their own Horizon Club, as well as its representatives to the Marin Horizon Club cabinet, and have worked on all the national fund raising sales, winning an award in each over the last 10 years.

And they have devoted many hours to working with younger girls in Blue Bird groups and Camp Fire, including summer day camps.

Talking to Mrs. Girot revealed the leadership that has no doubt inspired the girls' achievements.

She started as a Camp Fire Guardian 15 years ago and was on the National Council from 1956 to 1959.

DISTRICT CHAIRMAN

At present she is a district chairman in Marin and regional representative to Camp Fire's Region 10, consisting of California, Nevada, Utah and Hawaii. In 1952 she received the Luther Gulick award, highest recognition for adult service given by the organization.

At the convention in New York, Mrs. Girot will be chairman for Region 10's opening breakfast on Oct. 31.

From then on she and the girls will be busy every minute with a round of meetings, dinners, theater parties, a style show, tours, and even a dance —all leading up to the grand finale for the Golden Jubilee, a musical spectacle entitled "One Little Girl."

On the return flight Antoinette and Marlene say they are going to try to record their experiences for the benefit of other Marin Horizon Clubbers.

Toastmistress Club Will Meet Tonight

The Marin Toastmistress Club 651 will hold a dessert and coffee meeting at 7:30 this evening at the Woodlands Restaurant, Kentfield.

Mrs. Nell Swanson, a new member, will speak.

Cook P-TA Will Meet On Oct. 13

Thursday, Oct. 13 has been designated "Back to School Night" at Isabel Cook School, San Anselmo. A brief meeting in the multi-purpose room will be followed by open house in all class rooms. Each teacher will give a brief outline of the school day and general plans for the 1960-61 school year. The meeting will begin at 7:45 and the evening will close with refreshments in the multi-purpose room.

The P-TA officers serving this year with the president, Mrs. L. A. Perazzo, are Mrs. E. W. Woodward Jr., vice president, James Stinchcomb, honorary vice president; Mrs. William McGough, secretary; Mrs. Walter Jacobs, treasurer; David Raffo, auditor; Mrs. Harold Sharrow, historian; and Mrs. H. F. Girvin, parliamentarian.

Mrs. Perazzo has announced new committee chairmen. They are Mesdames Perry Smith and Joseph Bridges, tea hostesses; Gordon Hellwig, membership; Frank Allen, hospitality; Joseph Purcell and Per Hoeg, room mothers representatives; William Davis, seventh and eighth grade coordinator; Gerald Segale, magazine; J. E. Suyderhoud, motion picture; Wesley Martin, music; Charles Brandt, health; C. E. Hughes, legislative; Harry Belgrade, safety and civil defense; Philip Kendall, youth activities; Jane Yoder, Newsette; Helen Parent, publicity; William Franchini, hot dog sales; H. A. Newlin, Founders' Day and life membership; and William H. During, mental health. Dance committee chairmen are Mr. and Mrs. William Parker.

Ross Valley Council Discusses Bond Issue

Highlight of the Ross Valley Council meeting on Tuesday was the endorsement of the Tamalpais Union High School District bond election to be voted on Oct. 11.

Consisting of 15 elementary P-TA units and two high school P-TA units, members realize the pressing need for more classrooms, more teaching facilities and another high school site. They agreed to give the bond election support throughout the district.

Mrs. Sam Goldbaum, president, conducted the business meeting. Officer's and chairmen's reports were given. Mrs. E. H. Osterloh, juvenile protection chairman, reported on the 14th District P-TA dinner meeting in Sebastopol which she had attended as a delegate. The subject presented at this meeting was "Can Youth and Adults Face Forward Without Cheating?"

The unit presidents were called upon to give a one minute report of their plans for the year. These plans centered around: parent education, building up school libraries, more family life projects, recreation, school ground development, teaching foreign languages, book fairs and school district unification.

The unit presidents in Ross Valley Council, CCPT, are:

Brookside, Mrs. Alfred Cherry; Deer Park, Mrs. W. E. Drummond; Fairfax Central, Mrs. Cyrus Burns; Greenbrae, Mrs. Bradley Palmer; Henry Hall, Mrs. Myron Kaplan; Isabel Cook, Mrs. L. A. Perazzo; Kentfield, Mrs. E. B. Pike;

Lagunitas, Mrs. M. E. Greenfield; Larkspur, Mrs. Harold Stephenson; Neil Cummins, Mrs. M. J. Simon; Manor, Mrs. A. E. Shepperd; Ross, Mrs. Peter Fitzhugh; Sir Francis Drake, Mrs. Robert Prather; Wade Thomas, Erdis Smith; Wolfe Grade, Mrs. Albert Gommo Jr.; Redwood High, Mrs. William Ferguson, Yolansdale, Mrs. James Orr.

Junior Theater Picnic Scheduled

A picnic has been planned this year for new members and old of the Fairfax Unit Junior Theatre. This will take the place of the new membership luncheon held in previous years. The picnic will be held at Samuel P. Taylor State Park Saturday, Oct. 15 at 2 p.m.

This will be a family affair so bring the children. Families with the initials A-F bring hot dish; G-M, bring salads; M-Z, dessert. Coffee will be furnished by the Unit.

Any new members interested are to contact Mrs. L. G. Ruhl.

$1.9 Million In San Rafael Building Set

The San Rafael Building Department issued 113 permits for new building last month totaling $1,959,829.

It represented a jump of almost $260,000 over the 88 permits issued in August for $1,704,741. In Sept., 1959, 74 permits were issued for $1,365,623.

Included in last month's permits were a $240,000 equipment building for Pacific Telephone and Telegraph Co. on Professional Center Parkway and a $178,000 18-unit apartment on Canal Street.

There were 77 permits for new houses and apartments totaling $1,579,772 and seven commercial permits for new buildings and alterations totaling $282,200. The department collected $5,616 in fees.

Prison Observing Newspaper Week

Newspaper works from Marin County and nearby areas will be invited guests at San Quentin Prison tomorrow to help in writing, editing and printing the San Quentin News, fortnightly prison newspaper, in observance of National Newspaper Week.

The writers will be given special assignments to cover stories within the walls for a special eight-page edition of the paper.

At least one parolee will attend Newspaper Day ceremonies—a journeyman printer, accompanied by his present employer.

School Questionnaire Progress Report Due

A committee evaluating the results of the education questionnaire submitted to parents in the San Anselmo School District will give a progress report to the district trustees at 8 p.m. Monday in Isabel Cook School.

Also on the agenda: review of the administrative handbook; discussion of electrical work at Wade Thomas School; enrollment report.

TWO CHOICES IN RAMBLER WAGONS

New Rambler station wagons are available in three-seat and two-seat models. An unusual feature is a side-hinged tailgate which is standard equipment on three-seat wagons and optional for two-seaters. Station wagons and sedans are supplied with both six-cylinder engines rated at 127-horsepower and V-8 engines developing 200 horsepower. Wheelbase is 108 inches.

How to
OUTWIT YOUR APPETITE

Try The Profile Bread Method Of "Planned Nibbling" To Help Avoid Overeating At The Table And Going On Wild Calorie Binges Between Meals

IF you want to avoid overeating at meals, or avoid going on hog-wild calorie binges between meals—then the "Profile Bread Method" to outwit your appetite may prove most helpful.

Because the Profile Bread Method depends upon "planned nibbling"—a dietetic approach to the problem of overeating.

Make no mistake, the Profile Bread Method cannot cause you to lose weight. It can only help to avoid taking in excess calories.

"PLANNED NIBBLING"

Remember what your mother used to say: "Don't eat it now, it will spoil your dinner."

Many dieticians recognize the same principle in "planned nibbling." Which means eating about 150 calories of any carbohydrate-protein food about 30 minutes before a meal. Or, when tempted, between meals. The carbohydrate acts fast; the protein keeps working longer.

Try a tablespoonful of sugar in a half glass of skim milk. Or a couple of slices of Profile Bread. Or a slice of Profile with jam on it. Anything light that spoils your appetite and keeps you from overeating at the table or between meals.

PROFILE BREAD

Profile Bread contains about 40% more complete protein than many white breads. It's flecked with tiny bits of cracked wheat and the flavor is fine—plain or toasted.

In addition, Profile Bread is fortified with calcium, phosphorus, iron and Vitamins B_1, B_2 and niacin, and has about 65 calories per slice. For "planned nibbling" you may find Profile Bread ideal.

Get a loaf of Profile Bread fresh at your favorite grocer's today. And try the Profile Bread Method of "planned nibbling" to outwit your appetite. You may be very glad you did.

$1.9 Million In San Rafael Building Set

The San Rafael Building Department issued 113 permits for new building last month totaling $1,959,829.

It represented a jump of almost $260,000 over the 88 permits issued in August for $1,704,741. In Sept., 1959, 74 permits were issued for $1,365,623.

Included in last month's permits were a $240,000 equipment building for Pacific Telephone and Telegraph Co. on Professional Center Parkway and a $178,000 18-unit apartment on Canal Street.

There were 77 permits for new houses and apartments totaling $1,579,772 and seven commercial permits for new buildings and alterations totaling $282,200. The department collected $5,616 in fees.

Prison Observing Newspaper Week

Newspaper works from Marin County and nearby areas will be invited guests at San Quentin Prison tomorrow to help in writing, editing and printing the San Quentin News, fortnightly prison newspaper, in observance of National Newspaper Week.

The writers will be given special assignments to cover stories within the walls for a special eight-page edition of the paper.

At least one parolee will attend Newspaper Day ceremonies—a journeyman printer, accompanied by his present employer.

School Questionnaire Progress Report Due

A committee evaluating the results of the education questionnaire submitted to parents in the San Anselmo School District will give a progress report to the district trustees at 8 p.m. Monday in Isabel Cook School.

Also on the agenda: review of the administrative handbook; discussion of electrical work at Wade Thomas School; enrollment report.

TWO CHOICES IN RAMBLER WAGONS

New Rambler station wagons are available in three-seat and two-seat models. An unusual feature is a side-hinged tailgate which is standard equipment on three-seat wagons and optional for two-seaters. Station wagons and sedans are supplied with both six-cylinder engines rated at 127-horsepower and V-8 engines developing 200 horsepower. Wheelbase is 108 inches.

PROPOSITION 6

Golf Club Plan Is Controversial

(Fourth in a series on California's November ballot propositions.)

By MORRIE LANDSBERG

SACRAMENTO (AP) — Anything is liable to pop up on the ballot in California. Even golf courses.

Proposition 6 has touched off one of the liveliest side arguments of the 1960 campaign.

This initiative measure would require the valuation of golf course properties for tax purposes on the basis of present use—recreational—rather than "highest profitable use."

"Keep California Green," is the main pitch by the active group pushing the proposed amendment.

Non-profit clubs emphasize it wouldn't give them tax exemption, nor do they expect their tax bill to go down. And they say it would apply to only about 70 clubs in California.

The proponents fear that one of these days golf clubs will be taxed out of existence as real estate values climb. They say golf helps bring in one million dollars a year in tourist money and keeps up "beautiful park-like 'green belt' open areas in our big cities."

Assemblyman John A. O'Connell (D-San Francisco) takes issue with these arguments. In fact, he takes the position that No. 6 has no business being on the ballot.

Its purpose, in his view, "is to give golfers privileges not enjoyed by people who happen to prefer tennis, swimming, fishing, or any other sport."

O'Connell offers this further point: Adoption of the amendment could make it possible for land speculators to start a non-profit golf club on the fringe of a city, then unload it at a profit when land values rise.

Sponsors of No. 6 insist this couldn't happen, emphasizing that the measure would apply only to non-profit, member-owned courses.

Two other ballot measures would affect veterans.

Since both seek to amend the same section of the state constitution, the legislative counsel has ruled: in the event they are adopted by the voters, the one receiving the higher vote would prevail.

Here's what they would do:

Proposition 3—Would permit a service-disabled paraplegic to retain his $5,000 property tax exemption when he sells his home, acquired with federal help, and buys another without federal help.

Proposition 11—Would continue the $1,000 property tax exemption for veterans (it's more for paraplegics and some others) who lived in California when they entered military service or have made their home here since November, 1960.

In short, the amendment would deny the exemption to ex-GIs who move to California in the future.

Proposition 11 also would:

Allow a veteran's widow to own $10,000 in property and still be eligible for the tax exemption. The present minimum is $5,000.

Broaden the reference to widows to include widowers of women who were in the service.

Proposition 9 deals with claims, by veterans and non-veterans alike, against chartered cities and counties.

Until last year, 174 different laws governed payment of claims by a city, county, school district or other local governmental agency. Red tape, not surprisingly, often blocked payment.

The 1959 legislature repealed all the conflicting sections and substituted a simple, uniform claim-filing procedure. But since chartered cities and counties are not governed by state law in such matters, Proposition 9 was put together to extend the new statute to them.

KTIM Schedules Debate Followups

Following the three remaining Nixon-Kennedy debates, radio station KTIM will present leading members of the Republican and Democratic parties in Marin County to give their impressions and analyses of the debates.

On Monday, Gerald Misner, assistant chairman of the Marin County Republican Central Committee, and Harold Morgan, chairman of the Marin County Democratic Central Committee, will open the series at 11 a.m. on Kitty Oppenheimer's "Open House" program.

Next Friday Mrs. Oppenheimer's guests at 11 a.m., will be William Keeler, chairman of Marin County Young Republicans, and his Democratic counterpart, Ernest Ornellas. On Oct. 22, she will have as her guests, John Buresh, chairman of special events of the Marin County Republican Central Committee, and Samuel W. Gardiner, Marin County chairman for Sen. John F. Kennedy's campaign.

San Rafael's Municipal Code Arrives

One hundred copies of the long-awaited San Rafael municipal code arrived at the city hall this week—ending a seven-year struggle to codify the city ordinances.

The city will use 15 of the eight-pound volumes and the rest will be offered for sale to the public.

Each red-jacketed copy has cost the city $86, but the sale price will be determined by the city council.

Contained in the 412-page loose-leaf volumes are all effective city ordinances, the city charter and its 13 amendments added since 1913. The book is divided into such matters as zoning, taxes, administration, business regulations and a dozen other sections for easy reference.

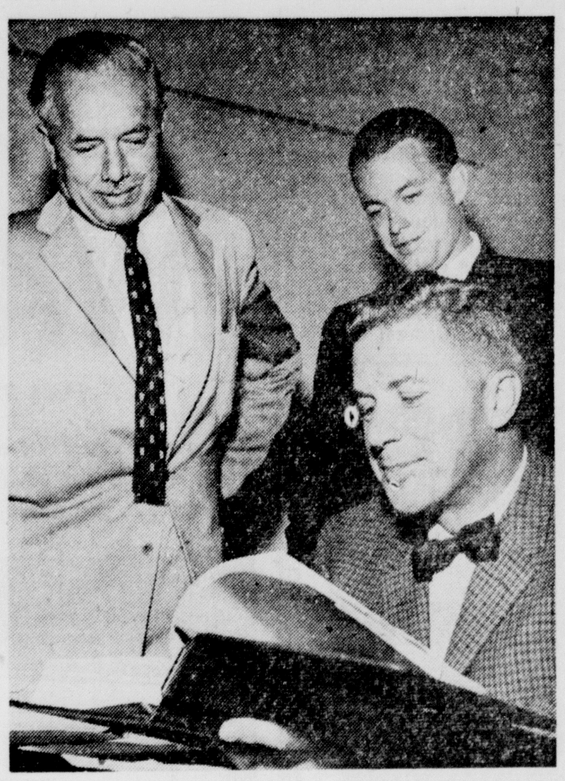
The movement to codify the various ordinances scattered throughout the city hall (some 716 ordinances have been passed, but many of these have been repealed) began in October, 1954. Robert T. Anderson, a Berkeley attorney, was authorized to compile a preliminary codification.

Three copies—each on typed sheets—were delivered in 1957. The city paid $4,000.

These gathered dust in the city archives until last March, when the city directed the Book Publishing Co. of Seattle to take the preliminary code, incorporate additional ordinances passed since 1957 and deliver 100 bound codebooks.

The cost this time was $4,600.

The company put 200 hours of editorial work into updating and correcting the municipal code.



IT'S ALL HERE—Inspecting one of the new San Rafael city codebooks which arrived from the printers this week are (from left) City Atty. Albert E. Bagshaw, Robert M. Frayn Jr., publisher's representative, and Mayor John F. McInnis. The volume contains every one of the city's ordinances. (Independent-Journal photo)

Family Of Coyotes Takes Unusual Roles Of Mendicants For Handouts

YOSEMITE NATIONAL PARK (AP) — A familiar sight in any national park is the begging wildlife — animals, birds, even fish — taught by indulgent visitors that an imploring attitude beside highway or trail provides a better livelihood at less effort than scrounging for food.

But the rangers in Yosemite National Park believe they have one unique example in this department. About four years ago a large, sleek male coyote began making regular appearances at dusk just south of the Chinquapin turnoff to Glacier Point. As motorists stopped to toss him tidbits his visits became more frequent and bolder.

Last year a mother coyote and pups were added to the scene, with the male busy teaching them the art of begging from passing motorists.

Tragedy greeted this experiment. One of the pups became too bold and was killed by a car. At least two of the pups survived and returned this year.

The lesson in pedestrian safety caused the begging coyotes to set up their venture near a spacious turnout and garbage can. There they alternately appear in plaintive poses on the roadway and play hide-and-seek with amateur photographers and would-be caterers. Their number has been augmented with three or four pups in a new family.

The coyote is one of the most furtive of all the larger animals, and park naturalists have not seen this species of canine cast in the role of mendicant anywhere else. They are curious to see how far the art will be perfected as future coyote families appear in the area.

Most of those who try to photograph the coyotes will not succeed, but will get a glimpse of their family antics.

As a pup creeps noisily through the brush below the roadway, barely out of sight, the mother coyote, obviously within peeking distance from above the garbage can, will suddenly create a comotion to distract the inquisitive interloper.

This will be repeated until the pup retreats to a distance considered safe from harm.

Vina Del Mar To Be Saluted

The Sausalito Woman's Club, under the Sausalito people-to-people program, will sponsor a special program, "a salute to Vina Del Mar," at 3 p.m. Oct. 23 at the clubhouse.

Mrs. Robert S. Crowell, chairman, said the salute to Sausalito's sister city Chile will be open to the public with a small admission charge. On the program will be Carl T. Ruegger of Greenbrae, who will show colored slides taken during his 30 years in Chile. Ruegger was general administrator of a company in charge of two nitrate plants.

There will be an exhibit of 60 photographs of Sausalito scenes assembled by Ted Castle, Sausalito photographer. The exhibit will be sent to Vina Del Mar after the program

Hub City Zoning Session Delayed

A study session scheduled for Tuesday night by the San Anselmo City Council to discuss the proposed new zoning ordinance was postponed because not enough councilmen were available.

The council will discuss the proposal at its regular meeting next Tuesday night, according to Douglas J. Flautt, city administrator.

Memorial Fishing Pier Is Worthwhile Public Project

It's not often that a spontaneous project seeking public support contains the vital germ of success. One that started this week appears to have it.

We refer to the proposal by Supervisor-elect J. Walter Blair and Fred G. Zelinsky of Tiburon for construction of a safe fishing pier for youngsters at Tiburon.

As often happens, the idea grew out of tragedy. Last weekend, 11-year-old Robert Keener of San Rafael was fishing from the ferry slip there and was crushed to death between pilings when he slipped and fell into the water.

It is the hope of the two men, who have pledged $100 each to start the campaign, that with volunteer labor and much donated materials and water easement, a safe pier can be built at little actual cost outlay.

As they picture it, such a pier would be restricted to youngsters, 16 or 18 or younger, and no adults would be permitted on the facility unless they were taking care of some youngster fishing there.

As you can tell, the idea is still in its formative stages. But basicly it would provide something which would be a real benefit to the County of Marin.

We have long needed some place where our youths could fish without infringing on private property or facing discrimination because of race or for some other reason.

Just the fact that so many youngsters, and adults too, defy the "No Trespassing" signs on the Tiburon ferry slips is a sure indication that there is a need for such an installation.

We believe that the Robert Keener Memorial Pier would be a great asset for Marin County.

We hope that Blair and Zelinsky get overwhelming support for their project. We wish them good luck and endless cooperation.

A Bargain In Music

Marin County is becoming increasingly well known for the cultural opportunities available to its residents. Our painters, sculptors, and other artists are becoming increasingly famous. We have statewide and nationally known writers. Our little theater movement is of uniformly high quality.

And in music too, Marin has much to offer.

One organization which has contributed much to the county's musical reputation is the Symphony Guild of Marin. Only eight years old, it already is offering participation programs of professional quality, for the good amateur, for youths, for minors, and for listeners. It is an outstanding and well-rounded program.

Right now, the Symphony Guild is conducting its annual membership drive, the principal source of its finances.

This is not a charitable donation. The Guild is offering a lot of music for its money. For example, the purchaser of a double associate membership will receive two tickets to all three concerts of the symphony orchestra, conducted by Sandor Salgo. And to three concert previews at which the program is discussed and explained. And to two concerts of the Marin Youth Orchestra.

Not only this, but the $10 such a membership costs, also helps support the Symphony Orchestra, Marin Youth Orchestra, Music For Minors program, a workshop for strings, and there is still a little left over to add to the memorial scholarship funds.

Isn't it obvious why we encourage anyone interested in music to become a member of the Symphony Guild of Marin?

SHEEPSKIN FOR THE WIFE

"Good wife" certificates were awarded a short time ago to the wives of night students who received degrees from New York University's College of Engineering.

Each woman was cited for "the assistance she has rendered her husband in the completion of his program of higher education."

The certificates, expressing recognition and appreciation of the wives' "encouragement, collaboration and understanding," were well earned. It often took the husbands from 5 to 9 years of evening classes to earn their degrees.

During this long period of curtailed social life, the children had to be kept quiet while Daddy studied, and the budget had to be trimmed in favor of tuition fees.

Husbands and wives who show thoughtful consideration for each other will grow stronger in their mutual love. God blesses in a special way marriages in which one partner gives unselfish love to the other.

Taking Up An Office Collection? Here Are Types To Watch Out For

NEW YORK (AP) — One of the great ways to kill company time in the modern business office is to take up a collection for somebody.

In the old days you took up a collection for someone only when he died or retired.

Today any excuse will do. You take up a collection for a fellow if his sister-in-law develops a head cold or his son gets bad marks in high school algebra.

"Did you hear about poor old Charlie's trouble?" someone asks. And before you can find out what's ailing Charlie, three eager beavers are already going around the office to raise a fund for him.

If you have ever taken up a collection yourself, the following types will surely be familiar:

1. The selfish realist — "I could drop dead in my swivel chair and nobody would even bother to mail me a petunia," he grumbles. "When are you going to take up a collection for me? That's what I'm interested in."

2. The fatalist — "Don't bother telling me what the collection is for," he says, "Just tell me how much you want from me."

3. The artful postponer—He has a reputation for being generous, but the truth is he hasn't actually contributed a nickel to an office collection in the last 15 years. His stock line: "Gee, I sure want to be in on this one, but I don't have any change with me. Be sure and look me up tomorrow. Now don't forget!"

4. The helpful soul — He makes no move toward his wallet, but has a lot of sound and sage advice on how you could do a better job of taking up the collection. "You'll get more if you wait until after lunch before hitting everybody up,"he says. "People give more on a full stomach."

5. THE TOPPER — "You think old Charlie's got troubles?" he demands. "Let me tell you what real troubles are." If you spend 45 minutes listening to all the woes of his life, he will then grudgingly contribute a dime to your collection.

THE IMPORTANT DEBATE

WHAT OUR READERS SAY

A Challenge For Sutherland

EDITOR,
Independent-Journal:

In seven years of volunteer compaigning for tax and bond issues in the Tamalpais Union High School District, I thought I had learned to take every kind of below the belt blow, but I must admit that W. R. Sutherland's letter in your Saturday paper (Oct. 1) really got under my skin!

To have the several thousand citizens of the high school district who have campaigned time after time for issues to insure quality education for the children of their communities referred to as "unscrupulous zealots" was just too much.

I challenge Mr. Sutherland to produce one line of "false and inflammatory propaganda" put out by proponents of tax increases and/or bond issues in these seven years.

If to desire excellence in education for the children in one's community is an ideal we have recently been forced to share with Communist Russia, it does not necessarily mean that its adherents "espouse Communist doctrin "espouse Communist doctrines." Many of us have been brought up in this old American tradition that dates back to the founding of Harvard University in 1636.

It is high time that the people of Marin County became aware of the type of influence being exerted by a tiny group of its citizens to retard the education of thousands of its young people. It is interesting to note that every tax increase and bond issue proposed in the Tamalpais Union High School District has eventually been passed—certifying to the belief of the majority (in the case of bond issues a two-thirds majority) of the voters in their validity.

Why is it then that each proposal had had to run three times before acceptance? This is indeed a tribute to the obstructionist tactics of this small group, operating under various labels, that has labored through years to cast doubt on the necessity for every issue.

It is interesting to note that the chief instigators of these attacks live in Mill Valley, an elementary school district that has more than its share of difficulties in passing school tax and bond issues because of similar opposition by a tiny but vocal group.

It is heart-rending to live in the Tamalpais Union High School District, which educates two-thirds of Marin County's youth, and see neighboring districts pass financial issues without major effort because doubts and aspersions are not cast on the efforts of their Boards, administration, and parents in their attempts to assure quality education for the young people of their communities.

Basically the citizens of our district have confidence in their Board of Trustees, and the administration and teachers of their schools. This has been illustrated time and again as the trustees have been re-elected to office with overwhelming majorities over the leader of the opposition, who annually offers himself as a candidate for the office.

When are the citizens of our district going to awaken to the fact that they are dangerously delaying needed financing for their schools because of the doubts implanted by these people?

Extensive campaigning for school issues would not be necessary if the voters were prepared to take the word of the trustees whom THEY have elected to office on the needs of the district and not allow themselves to be distracted by the misleading claims of this tiny band of opponents. If they have indeed lost confidence in this Board, let them elect Mr. McDougall, the leader of the opposition, to office next May.

If, on the contrary, they wish to express their confidence in the Board, Administration, and Faculty that have made the Tamalpais Union High School District a symbol of academic excellence, not only in California, but throughout the nation, let them go to the polls on Tuesday, Oct. 11, and vote YES on the bond proposal.

REMEMBER WHEN?

10 YEARS AGO

An 18-foot drop in the Novato water table was reported, with moderation urged on all users until winter rains brought things back nearer to previous norm.

There's no simple inexpensive way to make things smell better around San Pedro Point and the Bayside Acres shore area, according to a letter from the state bureau of sanitary engineering to the Marin supervisors. Dirt fill was suggested as one costly answer.

Members of the Sausalito Teachers Assn. drew up a voluntary loyalty oath which, they said, they would be willing to take.

20 YEARS AGO

Hundreds of willow cuttings placed in a gully area by Milton Callan, Tomales rancher, were said to be prospering and showing signs of putting a halt to soil erosion.

Marin County registration under the new Selective Service Act totaled 4,671 young men between the ages of 21 and 35, according to County Clerk George S. Jones.

The Country Parson

"The fellow who won't do a job because he's never done it before leaves it for somebody else who also has never done it before."

TRY AND STOP ME

BENNETT CERF

Bobby Cohn, of Columbia Pictures, tells about a cloak-and-suiter named Rappaport who suffered a nervous breakdown because of business reverses, and was advised by his doctor to try skin diving. Dubious but game, Rappaport donned a diving helmet, fins and an oxygen tank, and lowered himself into Lake Michigan.

Down, down he went—100 feet, 200 feet, 300 feet. Strange fishes entranced Rappaport. Suddenly, however, who should come floundering into view but his partner Schmul, attired only in a pair of bathing trunks.

"Schmul!" cried Rappaport, "what are you doing diving 300 feet without your equipment?"

"Who's diving?" gasped Schmul. "I'm drowning."

Walter Carmody, of Red Bank, is engaged in a unique journalistic endeavor: an analysis of obituary notices! A special paragraph is reserved for the accounts describing the deceased as a "clubman, raconteur, sportsman and bon vivant." "Right there," says Carmody, "you can know there has passed away one more wastrel who never did an honest day's work in his life."

I-J REPORTER'S NOTEBOOK

By CARLETON WILLIAMS

Politics Ain't Like They Was, But Then Neither Are Candidates

Politicking has come a long way since I dried out behind the ears.

What with national TV hookups, through which candidates are invited into the nation's living rooms to discuss far-reaching problems involving billions, if dollars, and potentially millions of human lives, it is all a little beyond me.

In my youth, when my father's take home pay depended on who was elected governor of Tennessee, the conversation at our dinner table usually delt with the best cure for distemper, the advantages of a setter over a pointer when working quail and who was going to be elected court clerk.

CAMPAIGNING ITSELF was heated but simple.

A few weeks before election day, back county candidates invariably changed from their seersucker suits into faded overalls, parked the Essex sedan in the barn for the duration and cranked up the old Model-T which was maintained from election year to election year for just this purpose.

Thus transformed into a grass-roots man of the people, the officeseeker would spend the weeks visiting farm houses for miles around, where he would "set a spell" in battered rocking chairs on front porches, swapping tall tales and tobacco with the men of the house, touseling the hair of endless broods of runny-nosed kids, complimenting the womenfolk on their pork roasts and apple pies and informing all who would listen that his opponent was a shiftless cur who hid his thievery behind a smokescreen of goddam lies.

ABOUT AS OFTEN as not, or so it seemed to me in those wondrous days, the remarks invariably got back to his opponent who, as the same time, was running his Model-T around the other end of the county and making the same remarks in reverse.

Quite often, one of them then shot the other.

Generally speaking, in those days a politician who lived out more than two terms of office was considered either a fast man with a 12-gauge or extremely agile at dodging a load of birdshot.

It was all most exciting and, as I recall, centered around such comparatively simple issues as the moral fiber of the opposing candidate and the price of pigs.

Nothing at all like the points under debate nowadays —such as bills to nullify the doctrine of federal preemption in fields of concurrent federal-state jurisdiction and the question of corporate income and excise tax rates.

Or, shall we drop the atom bomb now?

IT ALL MAKES ME homesick for the nights I spent listening to my dad and my uncles harrangue one another on the issues of the day as they sat until the wee hours spitting over the porch railing with amazing accuracy, recalling the last time they had talked to William Jennings Bryan and taking an occasional drink of Jack Daniels, a whiskey made by Lem Motlow in a small still down the road a piece.

It gives me a yearning for the days when, as a small boy, my father would point out the spot on a Nashville street corner where senator governor whats-his-name, settling for all time a heated political disagreement.

BEING A COMPARATIVELY practical man in the confusing world of 1960, I know such days are gone forever.

But I like to be reminded of the times when the world was comparatively sane, or so it seemed to me.

The only link I seem to have, though, is the campaign sticker I display on the windshield of my MG-TD.

It says, simply, in red white and blue: Keep Cool With Coolidge. It seems silly, but the calm, collected expression on old Cal's face kinda gets me.

ROSCOE DRUMMOND

Campaigns Of Both Candidates Rest On Unproved, Uncertain Premise

WASHINGTON—Sen. John F. Kennedy's campaign rests on an unproved and uncertain premise.

So does Vice President Nixon's.

This is one reason the polls find the candidates so close and the outcome so unpredictable.

Kennedy's theme is that the U. S. is losing the arms race with Russia and that our economy is slowing down. Therefore he contends that we can't solve our problems at home or meet our responsibilities abroad.

Can he sell this to a majority of voters?

SUCH A CAMPAIGN appeal can be effective only if there is widespread discontent with our military strength and with the state of the economy, or if Kennedy can persuade the country to be dissatisfied.

Thus the great unknown factor in the Kennedy campaign is whether there is widespread discontent and, if there isn't, whether the senator's case is strong enough to generate it.

His appeal has strength and weaknesses.

Spokesmen for the Eisenhower administration have themselves admitted to the "missile gap," putting it at 3-to-2 against us not long ago. The majority of the Joint Chiefs of Staff believes that our military strength is unbalanced.

If the administration has been right—that we can only negotiate from strength — then it is evident that we have not been sufficiently strong to cause the Soviets to feel that they must negotiate and negotiate seriously.

BUT KENNEDY is talking more about the future than about the present. There is no persuasive case to be made that the sum of all our deterrent power is weaker than the Soviets'. And Nixon affirms that he is as intent upon keeping it as his opponent.

Also, while Kennedy can cite military opinion on his side, it is not easy for him to persuade the country that Gen. Eisenhower's judgement as to what is the right balance of military strength is unsound and reckless.

As to our rate of economic growth, one of the Senator's difficulties is that his case is not provable. With take-home pay and employment at an all-time high, it is extremely hard to demonstrate that different political leadership would produce better economic conditions.

NIXON'S CASE also rests on an uncertain premise. His premise is that Americans are substantially content with the Eisenhower record and that where there are points of discontent he can be counted on to correct them.

What Nixon cannot know is whether the country, though giving almost unlimited affection to Eisenhower, exonerates the Administration from all blame for the crises in Cuba, the Congo, and Japan.

IF THERE IS not widespread discontent in the country, Kennedy, in order to win, must persuade the voters that they ought to be discontented.

If there is widespread discontent in the country, Nixon, in order to win, must persuade the voters that he is not blind to the reasons for discontent and will respond.

Just the fact that so many youngsters, and adults too, defy the "No Trespassing" signs on the Tiburon ferry slips is a sure indication that there is a need for such an installation.

We believe that the Robert Keener Memorial Pier would be a great asset for Marin County.

We hope that Blair and Zelinsky get overwhelming support for their project. We wish them good luck and endless cooperation.

A Bargain In Music

Marin County is becoming increasingly well known for the cultural opportunities available to its residents. Our painters, sculptors, and other artists are becoming increasingly famous. We have statewide and nationally known writers. Our little theater movement is of uniformly high quality.

And in music too, Marin has much to offer.

One organization which has contributed much to the county's musical reputation is the Symphony Guild of Marin. Only eight years old, it already is offering participation programs of professional quality, for the good amateur, for youths, for minors, and for listeners. It is an outstanding and well-rounded program.

Right now, the Symphony Guild is conducting its annual membership drive, the principal source of its finances.

This is not a charitable donation. The Guild is offering a lot of music for its money. For example, the purchaser of a double associate membership will receive two tickets to all three concerts of the symphony orchestra, conducted by Sandor Salgo. And to three concert previews at which the program is discussed and explained. And to two concerts of the Marin Youth Orchestra.

Not only this, but the $10 such a membership costs, also helps support the Symphony Orchestra, Marin Youth Orchestra, Music For Minors program, a workshop for strings, and there is still a little left over to add to the memorial scholarship funds.

Isn't it obvious why we encourage anyone interested in music to become a member of the Symphony Guild of Marin?

SHEEPSKIN FOR THE WIFE

"Good wife" certificates were awarded a short time ago to the wives of night students who received degrees from New York University's College of Engineering.

Each woman was cited for "the assistance she has rendered her husband in the completion of his program of higher education."

The certificates, expressing recognition and appreciation of the wives' "encouragement, collaboration and understanding," were well earned. It often took the husbands from 5 to 9 years of evening classes to earn their degrees.

During this long period of curtailed social life, the children had to be kept quiet while Daddy studied, and the budget had to be trimmed in favor of tuition fees.

Husbands and wives who show thoughtful consideration for each other will grow stronger in their mutual love. God blesses in a special way marriages in which one partner gives unselfish love to the other.

"Favor is deceitful, and beauty is vain; the woman that feareth the Lord, shall be praised." (Proverbs 31:30)

Taking Up An Office Collection? Here Are Types To Watch Out For

NEW YORK (AP) — One of the great ways to kill company time in the modern business office is to take up a collection for somebody.

In the old days you took up a collection for someone only when he died or retired.

Today any excuse will do. You take up a collection for a fellow if his sister-in-law develops a head cold or his son gets bad marks in high school algebra.

"Did you hear about poor old Charlie's trouble?" someone asks. And before you can find out what's ailing Charlie, three eager beavers are already going around the office to raise a fund for him.

If you have ever taken up a collection yourself, the following types will surely be familiar:

1. The selfish realist — "I could drop dead in my swivel chair and nobody would even bother to mail me a petunia," he grumbles. "When are you going to take up a collection for me? That's what I'm interested in."

2. The fatalist — "Don't bother telling me what the collection is for," he says, "Just tell me how much you want from me."

3. The artful postponer—He has a reputation for being generous, but the truth is he hasn't actually contributed a nickel to an office collection in the last 15 years. His stock line: "Gee, I sure want to be in on this one, but I don't have any change with me. Be sure and look me up tomorrow. Now don't forget!"

4. The helpful soul — He makes no move toward his wallet, but has a lot of sound and sage advice on how you could do a better job of taking up the collection. "You'll get more if you wait until after lunch before hitting everybody up,"he says. "People give more on a full stomach."

5. THE TOPPER — "You think old Charlie's got troubles?" he demands. "Let me tell you what real troubles are." If you spend 45 minutes listening to all the woes of his life, he will then grudgingly contribute a dime to your collection.

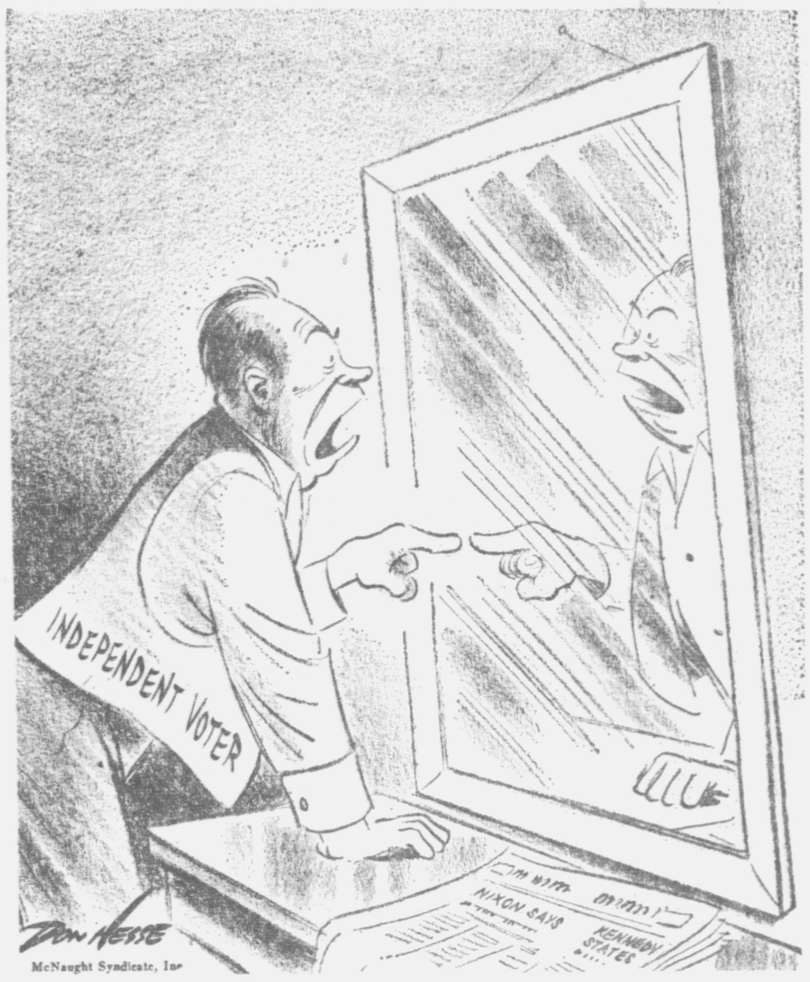
THE IMPORTANT DEBATE



WHAT OUR READERS SAY

A Challenge For Sutherland

EDITOR,
Independent-Journal:

In seven years of volunteer compaigning for tax and bond issues in the Tamalpais Union High School District, I thought I had learned to take every kind of below the belt blow, but I must admit that W. R. Sutherland's letter in your Saturday paper (Oct. 1) really got under my skin!

To have the several thousand citizens of the high school district who have campaigned time after time for issues to insure quality education for the children of their communities referred to as "unscrupulous zealots" was just too much.

I challenge Mr. Sutherland to produce one line of "false and inflammatory propaganda" put out by proponents of tax increases and/or bond issues in these seven years.

If to desire excellence in education for the children in one's community is an ideal we have recently been forced to share with Communist Russia, it does not necessarily mean that its adherents "espouse Communist doctrin "espouse Communist doctrines." Many of us have been brought up in this old American tradition that dates back to the founding of Harvard University in 1636.

It is high time that the people of Marin County became aware of the type of influence being exerted by a tiny group of its citizens to retard the education of thousands of its young people. It is interesting to note that every tax increase and bond issue proposed in the Tamalpais Union High School District has eventually been passed—certifying to the belief of the majority (in the case of bond issues a two-thirds majority) of the voters in their validity.

Why is it then that each proposal had had to run three times before acceptance? This is indeed a tribute to the obstructionist tactics of this small group, operating under various labels, that has labored through years to cast doubt on the necessity for every issue.

It is interesting to note that the chief instigators of these attacks live in Mill Valley, an elementary school district that has more than its share of difficulties in passing school tax and bond issues because of similar opposition by a tiny but vocal group.

It is heart-rending to live in the Tamalpais Union High School District, which educates two-thirds of Marin County's youth, and see neighboring districts pass financial issues without major effort because doubts and aspersions are not cast on the efforts of their Boards, administration, and parents in their attempts to assure quality education for the young people of their communities.

Basically the citizens of our district have confidence in their Board of Trustees, and the administration and teachers of their schools. This has been illustrated time and again as the trustees have been re-elected to office with overwhelming majorities over the leader of the opposition, who annually offers himself as a candidate for the office.

When are the citizens of our district going to awaken to the fact that they are dangerously delaying needed financing for their schools because of the doubts implanted by these people?

Extensive campaigning for school issues would not be necessary if the voters were prepared to take the word of the trustees whom THEY have elected to office on the needs of the district and not allow themselves to be distracted by the misleading claims of this tiny band of opponents. If they have indeed lost confidence in this Board, let them elect Mr. McDougall, the leader of the opposition, to office next May.

If, on the contrary, they wish to express their confidence in the Board, Administration, and Faculty that have made the Tamalpais Union High School District a symbol of academic excellence, not only in California, but throughout the nation, let them go to the polls on Tuesday, Oct. 11, and vote YES on the bond proposal.

(Accurate, unbiased information on the need for same can be gained by reading your Independent-Journal.)

REMEMBER WHEN?

10 YEARS AGO

An 18-foot drop in the Novato water table was reported, with moderation urged on all users until winter rains brought things back nearer to previous norm.

There's no simple inexpensive way to make things smell better around San Pedro Point and the Bayside Acres shore area, according to a letter from the state bureau of sanitary engineering to the Marin supervisors. Dirt fill was suggested as one costly answer.

Members of the Sausalito Teachers Assn. drew up a voluntary loyalty oath which, they said, they would be willing to take.

20 YEARS AGO

Hundreds of willow cuttings placed in a gully area by Milton Callan, Tomales rancher, were said to be prospering and showing signs of putting a halt to soil erosion.

Marin County registration under the new Selective Service Act totaled 4,671 young men between the ages of 21 and 35, according to County Clerk George S. Jones.

TRY AND STOP ME

BENNETT CERF

Bobby Cohn, of Columbia Pictures, tells about a cloak-and-suiter named Rappaport who suffered a nervous breakdown because of business reverses, and was advised by his doctor to try skin diving. Dubious but game, Rappaport donned a diving helmet, fins and an oxygen tank, and lowered himself into Lake Michigan.

Down, down he went—100 feet, 200 feet, 300 feet. Strange fishes entranced Rappaport. Suddenly, however, who should come floundering into view but his partner Schmul, attired only in a pair of bathing trunks.

"Schmul!" cried Rappaport, "what are you doing diving 300 feet without your equipment?"

"Who's diving?" gasped Schmul. "I'm drowning."

Walter Carmody, of Red Bank, is engaged in a unique journalistic endeavor: an analysis of obituary notices! A special paragraph is reserved for the accounts describing the deceased as a "clubman, raconteur, sportsman and bon vivant." "Right there," says Carmody, "you can know there has passed away one more wastrel who never did an honest day's work in his life."

I-J REPORTER'S NOTEBOOK

By CARLETON WILLIAMS

Politics Ain't Like They Was, But Then Neither Are Candidates

Politicking has come a long way since I dried out behind the ears.

What with national TV hookups, through which candidates are invited into the nation's living rooms to discuss far-reaching problems involving billions, if dollars, and potentially millions of human lives, it is all a little beyond me.

In my youth, when my father's take home pay depended on who was elected governor of Tennessee, the conversation at our dinner table usually delt with the best cure for distemper, the advantages of a setter over a pointer when working quail and who was going to be elected court clerk.

CAMPAIGNING ITSELF was heated but simple.

A few weeks before election day, back county candidates invariably changed from their seersucker suits into faded overalls, parked the Essex sedan in the barn for the duration and cranked up the old Model-T which was maintained from election year to election year for just this purpose.

Thus transformed into a grass-roots man of the people, the officeseeker would spend the weeks visiting farm houses for miles around, where he would "set a spell" in battered rocking chairs on front porches, swapping tall tales and tobacco with the men of the house, touseling the hair of endless broods of runny-nosed kids, complimenting the womenfolk on their pork roasts and apple pies and informing all who would listen that his opponent was a shiftless cur who hid his thievery behind a smokescreen of goddam lies.

ABOUT AS OFTEN as not, or so it seemed to me in those wondrous days, the remarks invariably got back to his opponent who, as the same time, was running his Model-T around the other end of the county and making the same remarks in reverse.

Quite often, one of them then shot the other.

Generally speaking, in those days a politician who lived out more than two terms of office was considered either a fast man with a 12-gauge or extremely agile at dodging a load of birdshot.

It was all most exciting and, as I recall, centered around such comparatively simple issues as the moral fiber of the opposing candidate and the price of pigs.

Nothing at all like the points under debate nowadays —such as bills to nullify the doctrine of federal preemption in fields of concurrent federal-state jurisdiction and the question of corporate income and excise tax rates.

Or, shall we drop the atom bomb now?

IT ALL MAKES ME homesick for the nights I spent listening to my dad and my uncles harrangue one another on the issues of the day as they sat until the wee hours spitting over the porch railing with amazing accuracy, recalling the last time they had talked to William Jennings Bryan and taking an occasional drink of Jack Daniels, a whiskey made by Lem Motlow in a small still down the road a piece.

It gives me a yearning for the days when, as a small boy, my father would point out the spot on a Nashville street corner where senator governor whats-his-name, settling for all time a heated political disagreement.

BEING A COMPARATIVELY practical man in the confusing world of 1960, I know such days are gone forever.

But I like to be reminded of the times when the world was comparatively sane, or so it seemed to me.

The only link I seem to have, though, is the campaign sticker I display on the windshield of my MG-TD.

It says, simply, in red white and blue: Keep Cool With Coolidge. It seems silly, but the calm, collected expression on old Cal's face kinda gets me.

ROSCOE DRUMMOND

Campaigns Of Both Candidates Rest On Unproved, Uncertain Premise

WASHINGTON—Sen. John F. Kennedy's campaign rests on an unproved and uncertain premise.

So does Vice President Nixon's.

This is one reason the polls find the candidates so close and the outcome so unpredictable.

Kennedy's theme is that the U. S. is losing the arms race with Russia and that our economy is slowing down. Therefore he contends that we can't solve our problems at home or meet our responsibilities abroad.

Can he sell this to a majority of voters?

SUCH A CAMPAIGN appeal can be effective only if there is widespread discontent with our military strength and with the state of the economy, or if Kennedy can persuade the country to be dissatisfied.

Thus the great unknown factor in the Kennedy campaign is whether there is widespread discontent and, if there isn't, whether the senator's case is strong enough to generate it.

His appeal has strength and weaknesses.

Spokesmen for the Eisenhower administration have themselves admitted to the "missile gap," putting it at 3-to-2 against us not long ago. The majority of the Joint Chiefs of Staff believes that our military strength is unbalanced.

If the administration has been right—that we can only negotiate from strength — then it is evident that we have not been sufficiently strong to cause the Soviets to feel that they must negotiate and negotiate seriously.

BUT KENNEDY is talking more about the future than about the present. There is no persuasive case to be made that the sum of all our deterrent power is weaker than the Soviets'. And Nixon affirms that he is as intent upon keeping it as his opponent.

Also, while Kennedy can cite military opinion on his side, it is not easy for him to persuade the country that Gen. Eisenhower's judgement as to what is the right balance of military strength is unsound and reckless.

As to our rate of economic growth, one of the Senator's difficulties is that his case is not provable. With take-home pay and employment at an all-time high, it is extremely hard to demonstrate that different political leadership would produce better economic conditions.

NIXON'S CASE also rests on an uncertain premise. His premise is that Americans are substantially content with the Eisenhower record and that where there are points of discontent he can be counted on to correct them.

What Nixon cannot know is whether the country, though giving almost unlimited affection to Eisenhower, exonerates the Administration from all blame for the crises in Cuba, the Congo, and Japan.

IF THERE IS not widespread discontent in the country, Kennedy, in order to win, must persuade the voters that they ought to be discontented.

If there is widespread discontent in the country, Nixon, in order to win, must persuade the voters that he is not blind to the reasons for discontent and will respond.

There Are Three Reasons For Teen-Agers' Rebellious Moods

"What makes teen-agers tick?" a father asks.

"I have a girl and a boy, 13 and 14. They used to be lovable. They were happy and obedient. Now they're moody. They disobey. They act almost as though they hate me. Other teen-agers are the same way. My question is, why?"

There are three chief reasons for teen-agers' troubles.

One is physical. Their bodies are changing. Their glandular balance is being revised. They've new feelings, new powers, new contours. Many of them aren't as strong as they look. They tire easily. They get sick quickly. They worry deeply.

The second reason is their interest in the opposite sex. Normal teen-agers have crushes and can't cope with them. They can be bluer than blue and happier than happy. It takes years for them to learn to control their emotions. We were the same way, remember?

The last cause of trouble is our civilization. Physically, our teen-agers are ready for marriage. If your kids lived in the South Seas they'd take their place as adults shortly. But here they still are children. They've much to learn before they can be independent. They have to take orders from you. They're blocked a hundred times a day. Frustration breeds rebellion.

It's a wonder our teen-agers aren't worse.

Most youngsters reach the peak of their rebellion at 13 or 14. By the time they're 16 or 17 they're over the hump.

Show your children your love. Be consistent in guiding them. Enforce reasonable rules. Expand their freedom as they prove themselves responsible. They'll improve, gradually.

READERS' FORUM

(Q) "I try to be consistent with my children. But some days I'm a little easier with them than others. Does this mean I'm a failure?"

Y.I.

(A) No, we all are changeable. The point is that we should try to be consistent. We should be sure to avoid extreme changes in the treatment we give them.

Marin Welfare Worker Gets Scholarship

A Marin County welfare worker now on educational leave has received a state scholarship award.

Mrs. Janet W. West of 205 Spring Grove Avenue, San Rafael, is among 58 recipients of scholarships in child welfare study for the 1960-61 school year.

The announcement was made by the California Department of Social Welfare, which has $151,947 from the federal grant-in-aid program of the Social Security Act, average grant working out at $2,620.

Mrs. West was recently granted educational leave by the Marin County Board of Supervisors after 10 years of welfare service. During the last six years she worked as supervisor in the aid to needy children and general relief programs.

She is among 27 recipients who are on educational leave from positions with county welfare departments, and is now studying at the University of California School of Social Work in Berkeley.

Mrs. West is also doing field work with the Family Service Agency in Oakland, taking classes three days of each week and having two days of professionally supervised field work.

The scholarship is not expected to alter Mrs. West's program during the period of her leave, which ends next June.

Mrs. Irene Sauer Has Operation

Mrs. Irene J. Sauer of San Rafael, widow of City Councilman Joseph F. Sauer, underwent a serious operation at the University of California Medical Center in San Francisco Saturday.

She was reported "doing very well" today. Atteandants at the hospital said Mrs. Sauer may be hospitalized for another week or 10 days.

Councilman Sauer, retired Pacific Gas and Electric Co. executive, died about a year ago after a long illness. Since his death, Mrs. Sauer sold their home on Clyde Avenue and is now living at the El Rey Apartments in San Rafael.

Scientist Comes Up With Formula For Persons Who Drink—Socially

NEW YORK (UPI) — A scientist learned in the ways of alcohol has a formula for people who like to drink for sociability and pleasurable stimulation but don't want to end up on their faces drunk.

You multiply the percentage of alcohol (by volume) in the drink by five. Then you divide your weight by whatever the result is. The answer is the amount, in fluid ounces, of that particular drink which you can consume in one hour without feeling it.

For a whisky which is 45 per cent alcohol by volume (90 proof), the amount is a little over half an ounce—0.65 ounce—if you weigh 154 pounds. For a 7 per cent alcohol beer the amount is 4.4 ounces, and the standard beer bottle or can contains 12 ounces.

Dr. Giorgio Lolli doesn't advocate normal drinkers limiting themselves to such tiny rations. In fact, he advocates the joys of the bottle for anyone who wants those joys and can handle them without risking any kind of damage to himself.

His formula is a base-line. It yields the approximate amount of alcohol which a human body of a given weight can oxidize or "burn" in one hour.

By the amount that amount is exceeded in an hour or a succession of hours, alcohol is backing up in the body, waiting to be burned. A slight excess gives a pleasant sense of warmth. A moderate excess relaxes and stimulates. An extreme excess puts you on your face.

Lolli earned his scientific reputation as medical director of the Yale Plan Clinic for Alcoholics and with his alcohol research findings in the Yale University Laboratory of Applied Physiology. He believes the evils of drink can be reduced to a minimum by teaching people the ways of alcohol.

He has now written a book on "how to enjoy drinking without being hurt by it." It begins with a detailed rundown on how alcohol affects the organs and organic systems of the body, how it is transformed by body chemistry and ultimately eliminated by oxidation or burning.

Then he gets into how it affects people's social and emotional relations with other people and themselves. For instance, he believes American social living contains "a taboo on tenderness" — Americans are inhibited in showing a truly tender regard for one another, even (in some Americans) for husbands or wives or children. Social drinking weakens this inhibition which he considers a good thing.

No one could say he isn't thorough. Among the aspects of social drinking he goes into are "the love affair with alcohol," "those who do not drink," and "alcohol and the American woman." He even deals with the hang-over, but not encouragingly—or helpfully.

There is positively no "cure" for the hangover except time, and drinkers who long for "a miraculous cure" are only dreaming. "In some ways," he added, "it is fortunate that there is no (effective) treatment.

"The vivid memory of the hangover predicament has encouraged many drinkers to avoid further excesses. Hangover should be a time for reflection, self-analysis, and insights. To face the realities which were avoided during inebriety is the best possible treatment."

TWO FEET ...FIRMLY PLANTED!

The typical newspaperboy in your neighborhood is living proof that there is a big difference among the youth of today. This lad stands erect when he faces the world; there's a smile on his lips; and his two feet are firmly planted. There's nothing cocky about his attitude—yet he is confident, ready for any challenge, eager and able to accept responsibility. He has the best job in the world for developing the most important qualities of leadership—a job which gives him a *practical education* to supplement that which he gets in the classroom. And he is learning to put leisure time to constructive use. Only on this job—*running his own business*—could he learn so much in so short a time—and earn money doing it!

97% of parents interviewed said newspaper route experience taught their son to accept responsibility.

An Independent-Journal Route is the best job for a Marin County boy. . . .

THE PURSUIT OF EXCELLENCE

BY GEORGE ROMNEY
President, American Motors Corporation

How dedication to people's needs resulted in America's Most Trouble-Free Car

Many voices today urge that Americans set their sights on higher plateaus of excellence in all fields. In a recent article in Life magazine, John W. Gardner, president of Carnegie Corporation of New York, said:

"How does one contribute to the greatness and strength of a free society? That is a question to which there are many true answers. One answer is—*pursue excellence.*

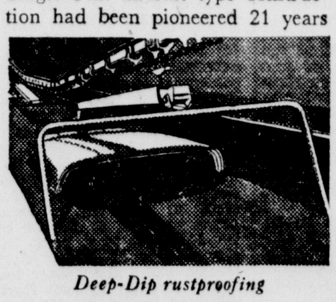
"At the simplest level, the pursuit of excellence means an increased concern for competence on the part of the individual.

"But excellence implies more than competence. It implies a striving for the highest standards in every phase of life. We need individual excellence in all its forms, in every kind of...industry—in short, universally."

In our company, striving for basic product excellence has resulted in the Rambler and its trouble-free superiority, a revolutionary force in today's car business.

Competitors hustled to reshape their product planning and to reorganize their efforts. In contrast, our technicians could pursue their tasks carefully and unhurriedly; their pioneering work on compact cars was long behind them.

Our solid and rattle-free car with Single-Unit aircraft type construction had been pioneered 21 years ago. Other manufacturers are now following our lead in part.



Deep-Dip rustproofing

Freeing Ramblers from rust by dipping the entire car body into a rustproofing bath was another by-product of American Motors' pursuit of excellence.

Rambler's gasoline mileage records, year after year, represent still another area of achievement.

Eleven Years of Rambler Experience Behind '61 Line

Our newest line of Rambler cars has been designed, engineered and manufactured by men and women who take great pride in workmanship and whose motto is "Build every Rambler as though you were going to own it yourself." Our 1961 models have reached a new industry level of basic balanced excellence.

What can this mean to *you?*

It means that the strongest safeguards in auto history are set up for your benefit. A year ago Rambler dealers were informed we would extend our warranty coverage against product defects for 12,000 miles of operation, or 12 months, whichever comes first. Today, we are formally extending to all new car buyers this warranty protection to cover total replacement cost, including *parts* and *labor*, on all 1961 Rambler models and to original owners of all 1960 Ramblers still under this warranty period.

Our assurances don't stop there. We now guarantee that the new Ceramic-Armored mufflers and tailpipes on 1961 Ramblers will last as long as the original purchaser owns his Rambler.

New Ceiling Reduces Road Noises

Another 1961 Rambler advance is a new cushioned acoustical ceiling of molded fiber glass on Rambler Classic and Ambassador models that reduces road noises by 30%.

In the Rambler Classic Six Custom model, you'll find America's first die-cast aluminum engine block, a quality engine capable of improved performance and economy.

Those are just a few current examples of American Motors' advances. The most basic is the type of car itself. The compact car, pioneered by Rambler, is today's outstanding motor car value.

Just what is a true "compact" car? Loosely applied, the term has been used to describe a car providing better-than-average gasoline economy, or a particular size of vehicle, or a car in the new lower price range. The compact car concept is broader than these things.

Values Found in True Compact Cars

Balanced proportions of passenger and utility space, riding comfort, handling ease and maneuverability, performance, economy, durability, dependability, attractiveness and safety have been and will be the elements of value most desired over the years by car buyers.

Today the best balance of these elements is achieved in cars ranging from 170 to 200 inches in length. Below 170 inches, interiors are skimpy. Above 200 inches, economy, zestful performance and handling ease are sacrificed.

In Rambler's compact cars you enjoy a balanced combination of values most sought in a passenger car. Today's Rambler is the end product of our pursuit of excellence.

Widest Choice of Compact Cars

At least 3 out of 4 motorists would be better off with one of the basic types of compact cars. Rambler, alone,

New cushioned acoustical ceiling

offers all three basic types. Let me describe them, briefly:

1961 Rambler American—Lowest priced U. S. car, built with Single Unit construction, room for six average adults. Holds nation's top economy run records. New contemporary styling that does not require annual change, plus engineering simplicity, assure that depreciation costs will be held to a minimum. Offers more value than any compact car on the market today.

1961 Rambler Classic, 6 or V-8—All-purpose compact with the best balance of room, performance and economy. Custom 6 model equipped with die-cast aluminum engine block, an industry first. Styling continuity cuts depreciation cost and appearance obsolescence. Has substantial price and utility advantages over "low-priced" standard-sized cars and new luxury compacts.

1961 Ambassador V-8 by Rambler—The compact car that offers top performance and luxury features of most expensive cars, yet avoids ostentation, high depreciation, high operating costs, and gives owners advantages not found in larger, bulkier and less manageable cars. Equipped with either 250 or 270 H.P. engine. Will save medium- and high-priced car buyers hundreds and even thousands of dollars.

Your Rambler dealer is conducting his 1961 previews now. Why not visit him today?

In our pursuit of excellence we pledge you:

To change the design of our automobiles only when change represents genuine improvement, never to change for the sake of mere change . . . To continue the search for new ways to offer greater usefulness to the user . . . To balance compact design with interior room and convenience . . . To avoid fads and extreme, impractical styling . . . To strive constantly to understand America's changing motoring needs and build cars to meet them . . . To dedicate ourselves to the pursuit of basic excellence . . . This is American Motors' pledge to all America...

This is Rambler

Many voices today urge that Americans set their sights on higher plateaus of excellence in all fields. In a recent article in Life magazine, John W. Gardner, president of Carnegie Corporation of New York, said:

"How does one contribute to the greatness and strength of a free society? That is a question to which there are many true answers. One answer is—*pursue excellence*.

"At the simplest level, the pursuit of excellence means an increased concern for competence on the part of the individual.

"But excellence implies more than competence. It implies a striving for the highest standards in every phase of life. We need individual excellence in all its forms, in every kind of...industry—in short, universally."

In our company, striving for basic product excellence has resulted in the Rambler and its trouble-free superiority, a revolutionary force in today's car business.

Competitors hustled to reshape their product planning and to reorganize their efforts. In contrast, our technicians could pursue their tasks carefully and unhurriedly; their pioneering work on compact cars was long behind them.

Our solid and rattle-free car with Single-Unit aircraft type construction had been pioneered 21 years ago. Other manufacturers are now following our lead in part.

Deep-Dip rustproofing

Freeing Ramblers from rust by dipping the entire car body into a rustproofing bath was another by-product of American Motors' pursuit of excellence.

Rambler's gasoline mileage records, year after year, represent still another area of achievement.

Eleven Years of Rambler Experience Behind '61 Line

Our newest line of Rambler cars has been designed, engineered and manufactured by men and women who take great pride in workmanship and whose motto is "Build every Rambler as though you were going to own it yourself." Our 1961 models have reached a new industry level of basic balanced excellence.

What can this mean to *you*?

It means that the strongest safeguards in auto history are set up for your benefit. A year ago Rambler dealers were informed we would extend our warranty coverage against product defects for 12,000 miles of operation, or 12 months, whichever comes first. Today, we are formally extending to all new car buyers this warranty protection to cover total replacement cost, including *parts* and *labor*, on all 1961 Rambler models and to original owners of all 1960 Ramblers still under this warranty period.

Our assurances don't stop there. We now guarantee that the new Ceramic-Armored mufflers and tailpipes on 1961 Ramblers will last as long as the original purchaser owns his Rambler.

New Ceiling Reduces Road Noises

Another 1961 Rambler advance is a new cushioned acoustical ceiling of molded fiber glass on Rambler Classic and Ambassador models that reduces road noises by 30%.

In the Rambler Classic Six Custom model, you'll find America's first die-cast aluminum engine block, a quality engine capable of improved performance and economy.

Those are just a few current examples of American Motors' advances. The most basic is the type of car itself. The compact car, pioneered by Rambler, is today's outstanding motor car value.

Just what is a true "compact" car? Loosely applied, the term has been used to describe a car providing better-than-average gasoline economy, or a particular size of vehicle, or a car in the new lower price range. The compact car concept is broader than these things.

Values Found in True Compact Cars

Balanced proportions of passenger and utility space, riding comfort, handling ease and maneuverability, performance, economy, durability, dependability, attractiveness and safety have been and will be the elements of value most desired over the years by car buyers.

Today the best balance of these elements is achieved in cars ranging from 170 to 200 inches in length. Below 170 inches, interiors are skimpy. Above 200 inches, economy, zestful performance and handling ease are sacrificed.

In Rambler's compact cars you enjoy a balanced combination of values most sought in a passenger car. Today's Rambler is the end product of our pursuit of excellence.

Widest Choice of Compact Cars

At least 3 out of 4 motorists would be better off with one of the basic types of compact cars. Rambler, alone,

New cushioned acoustical ceiling

offers all three basic types. Let me describe them, briefly:

1961 Rambler American—Lowest priced U. S. car, built with Single Unit construction, room for six average adults. Holds nation's top economy run records. New contemporary styling that does not require annual change, plus engineering simplicity, assure that depreciation costs will be held to a minimum. Offers more value than any compact car on the market today.

1961 Rambler Classic; 6 or V-8—All-purpose compact with the best balance of room, performance and economy. Custom 6 model equipped with die-cast aluminum engine block, an industry first. Styling continuity cuts depreciation cost and appearance obsolescence. Has substantial price and utility advantages over "low-priced" standard-sized cars and new luxury compacts.

1961 Ambassador V-8 by Rambler—The compact car that offers top performance and luxury features of most expensive cars, yet avoids ostentation, high depreciation, high operating costs, and gives owners advantages not found in larger, bulkier and less manageable cars. Equipped with either 250 or 270 H.P. engine. Will save medium- and high-priced car buyers hundreds and even thousands of dollars.

Your Rambler dealer is conducting his 1961 previews now. Why not visit him today?

In our pursuit of excellence we pledge you:

To change the design of our automobiles only when change represents genuine improvement, never to change for the sake of mere change . . . To continue the search for new ways to offer greater usefulness to the user . . . To balance compact design with interior room and convenience . . . To avoid fads and extreme, impractical styling . . . To strive constantly to understand America's changing motoring needs and build cars to meet them . . . To dedicate ourselves to the pursuit of basic excellence . . . This is American Motors' pledge to all America...

TWO FEET ...FIRMLY PLANTED!

The typical newspaperboy in your neighborhood is living proof that there is a big difference among the youth of today. This lad stands erect when he faces the world; there's a smile on his lips; and his two feet are firmly planted. There's nothing cocky about his attitude—yet he is confident, ready for any challenge, eager and able to accept responsibility. He has the best job in the world for developing the most important qualities of leadership—a job which gives him a *practical education* to supplement that which he gets in the classroom. And he is learning to put leisure time to constructive use. Only on this job—*running his own business*—could he learn so much in so short a time—and earn money doing it!

97% of parents interviewed said newspaper route experience taught their son to accept responsibility.

An Independent-Journal Route is the best job for a Marin County boy. . . .

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

2 Propositions Will Be Aired At Meeting

Two of the most controversial ballot propositions on the Nov. 8 ballot will be discussed by experts at a meeting in College of Marin's Olney Hall on Oct. 17 at 8 p.m.

Proposition 1, the state water bond proposal, and Proposition 15, the State Senate reapportionment plan, are topics for the public meeting sponsored by the legislative section of the Marin Branch, American Assn. of University Women.

A representative of the State Department of Water Resources and a representative of organized labor will debate the water issue. Both sides of the reapportionment program also will be represented.

Mrs. Hugh Marchant, president of the branch, will preside at the meeting.

Hub City Building Permits: $190,000

Permits for new building totaling $190,800 were issued by the City of San Anselmo last month.

The 33 building permits included eight new houses worth $134,163, a Richfield service station to be located at Forbes and Red Hill Avenues valued at $16,000, a $12,000 commercial garage, and three swimming pools worth $9,148.

The city issued 14 permits in August for $136,199 and 14 permits in Sept. 1959 for $85,795.

Army Command Tops United Crusade Quotas

All 13 units of the Sixth Region Army Air Defense Command with headquarters at Fort Baker have met or topped their United Crusade quotas, it was announced today.

The command contributed $5,161 (107½ per cent) which is $361 over their quota of $4,800. Highest unit was the headquarters of the Fourth Battalion of the 67th Artillery at the Santa Venetia Nike site, which contributed 138 per cent of its quota.

RESOLUTION NO. 2399

RESOLUTION GIVING NOTICE OF PROPOSED ANNEXATION TO CITY OF SAN RAFAEL OF UNINHABITED TERRITORY DESCRIBED HEREIN AND DESIGNATED "GEISTER ANNEXATION," AND GIVING NOTICE OF TIME AND PLACE FOR HEARING OF PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN RAFAEL:

1. That, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory, by area and by assessed value as shown on the last equalized assessment roll of the County of Marin, was filed with the Council of the City of San Rafael on Monday, the 3rd day of October, 1960, requesting annexation of the hereinafter described territory to said City.

2. That the territory which the petitioners request to be annexed to the City of San Rafael and which said City and its Council propose to annex, is situate in the County of Marin, State of California, hereby designated "Geister Annexation," and described as follows:

EXHIBIT "A"

That certain parcel of land located in the County of Marin, State of California, described as follows:

COMMENCING at a point in the Easterly line of Irwin Street in the City of San Rafael, distant along said Easterly line South 6° 30' West 33.40 feet from the Southerly line of the fifty foot wide strip of land described first in Deed dated August 21, 1882, from William T. Coleman to San Francisco and North Pacific Railroad Company, recorded September 7, 1892, in Book 24 of Deeds, page 22, Marin County Records; thence South 41° 57' East, parallel with distant 50 feet, Southerly, measured at right angles from the original located center line of the railroad formerly of the San Francisco and North Pacific Railroad Company, (Bearing of said center line shown as South 43° 30' East in said Deed dated August 21, 1882) a distance of 2009.18 feet to the most Northerly corner and point of beginning of the land of the Marin Storage and Trucking Company, Harold R. Geister and Melvin A. Geister, described in Volume 644, Official Records, Page 481, Marin County Records, thence South 41° 57' East parallel with said original located center line 350.00 feet more or less to the point of beginning of the parcel to be herein described, said point of beginning being on the City Limit Line of the City of San Rafael, thence South 41° 57' East 472.55 feet more or less, thence South 28° 43' West 85.38 feet to a point distant 49.15 feet, Northerly, measured at right angles from the original located center line of the railroad of the San Rafael and San Quentin Railroad Company, as described first in the "Condemnation Proceedings of the County Court of Marin County, in the matter of land sought to be condemned at and between 'B' Street, San Rafael and Point San Quentin", approved by the Judge of said County Court on July 12, 1869; thence North 54° 41' West, along a line parallel with and distant 49.15 feet, Northerly, measured at right angles from said original located center line of said railroad of the San Rafael and San Quentin Railroad Company 499.66 feet more or less to the City Limit Line of the City of San Rafael, thence North 44° 01' East along said City Limit Line a distance of 191.17 feet more or less to the point of beginning, containing 1.59 acres more or less.

2 Propositions Will Be Aired At Meeting

Two of the most controversial ballot propositions on the Nov. 8 ballot will be discussed by experts at a meeting in College of Marin's Olney Hall on Oct. 17 at 8 p.m.

Proposition 1, the state water bond proposal, and Proposition 15, the State Senate reapportionment plan, are topics for the public meeting sponsored by the legislative section of the Marin Branch, American Assn. of University Women.

A representative of the State Department of Water Resources and a representative of organized labor will debate the water issue. Both sides of the reapportionment program also will be represented.

Mrs. Hugh Marchant, president of the branch, will preside at the meeting.

Hub City Building Permits: $190,000

Permits for new building totaling $190,800 were issued by the City of San Anselmo last month.

The 33 building permits included eight new houses worth $134,163, a Richfield service station to be located at Forbes and Red Hill Avenues valued at $16,000, a $12,000 commercial garage, and three swimming pools worth $9,148.

The city issued 14 permits in August for $136,199 and 14 permits in Sept. 1959 for $85,795.

Army Command Tops United Crusade Quotas

All 13 units of the Sixth Region Army Air Defense Command with headquarters at Fort Baker have met or topped their United Crusade quotas, it was announced today.

The command contributed $5,161 (107½ per cent) which is $361 over their quota of $4,800. Highest unit was the headquarters of the Fourth Battalion of the 67th Artillery at the Santa Venetia Nike site, which contributed 138 per cent of its quota.

No. 1105—Oct. 6, 1960

RESOLUTION NO. 2399

RESOLUTION GIVING NOTICE OF PROPOSED ANNEXATION TO CITY OF SAN RAFAEL OF UNINHABITED TERRITORY DESCRIBED HEREIN AND DESIGNATED "GEISTER ANNEXATION," AND GIVING NOTICE OF TIME AND PLACE FOR HEARING OF PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN RAFAEL:

1. That, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory, by area and by assessed value as shown on the last equalized assessment roll of the County of Marin, was filed with the Council of the City of San Rafael on Monday, the 3rd day of October, 1960, requesting annexation of the hereinafter described territory to said City.

2. That the territory which the petitioners request to be annexed to the City of San Rafael and which said City and its Council propose to annex, is situate in the County of Marin, State of California, hereby designated "Geister Annexation," and described as follows:

EXHIBIT "A"

That certain parcel of land located in the County of Marin, State of California, described as follows:

COMMENCING at a point in the Easterly line of Irwin Street in the City of San Rafael, distant along said Easterly line South 6° 30′ West 33.40 feet from the Southerly line of the fifty foot wide strip of land described first in Deed dated August 21, 1882, from William T. Coleman to San Francisco and North Pacific Railroad Company, recorded September 7, 1892, in Book 24 of Deeds, page 22, Marin County Records; thence South 41° 57′ East, parallel with distant 50 feet, Southerly, measured at right angles from the original located center line of the railroad formerly of the San Francisco and North Pacific Railroad Company, (Bearing of said center line shown as South 43° 30′ East in said Deed dated August 21, 1882) a distance of 2009.18 feet to the most Northerly corner and point of beginning of the land of the Marin Storage and Trucking Company, Harold R. Geister and Melvin A. Geister, described in Volume 644, Official Records, Page 481, Marin County Records, thence South 41° 57′ East parallel with said original located center line 350.00 feet more or less to the point of beginning of the parcel to be herein described, said point of beginning being on the City Limit Line of the City of San Rafael, thence South 41° 57′ East 472.55 feet more or less, thence South 28° 43′ West 85.38 feet to a point distant 49.15 feet, Northerly, measured at right angles from the original located center line of the railroad of the San Rafael and San Quentin Railroad Company, as described first in the "Condemnation Proceedings of the County Court of Marin County, in the matter of land sought to be condemned at and between 'B' Street, San Rafael and Point San Quentin", approved by the Judge of said County Court on July 12, 1869; thence North 54° 41′ West, along a line parallel with and distant 49.15 feet, Northerly, measured at right angles from said original located center line of said railroad of the San Rafael and San Quentin Railroad Company 499.66 feet more or less to the City Limit Line of the City of San Rafael, thence North 44° 01′ East along said City Limit Line a distance of 191.17 feet more or less to the point of beginning, containing 1.59 acres more or less.

3. That the County Boundary Commission of Marin County, California did in session duly assembled on Friday the 26th day of August 1960, consider the proposed annexation boundaries of said "Geister Annexation," as above described, and as submitted to said Commission by the proponents of said annexation.

4. That on Monday, the 7th day of November, 1960, at the hour of 8:00 P.M., in the Council Chambers in the City Hall in the City of San Rafael, County of Marin, California, is hereby fixed as the time and place when and where any person owning real property within the uninhabited territory above described and proposed to be annexed to the City of San Rafael, and having any objections to the proposed annexation, may appear before the Council of the City of San Rafael and show cause why such uninhabited territory should not be so annexed to the City of San Rafael. The protest must be in writing, may be filed at any time before the hour set for hearing objections to the proposed annexation, and shall state the name or names of the owner or owners of property affected and the description and area of such property, in general terms.

5. The City Clerk of the City of San Rafael is hereby authorized and directed to cause a copy o this resolution to be published at least twice, but not oftener than once a week, in the Independent-Journal, a newspaper of general circulation published in said City of San Rafael, said publication to be complete at least twenty (20) days prior to the date set for hearing.

I, W. L. MORGAN, Clerk of the City of San Rafael hereby certify that the foregoing resolution was duly and regularly introduced and adopted at a regular meeting of the Council of said City held on Monday, the 3rd day of October, 1960, by the following vote to-wit:

AYES: Councilmen Aby, Baar, Jensen, Menary
NOES: Councilmen—None

SANITARY DISTRICT NO. 2 OF MARIN COUNTY
SEWAGE FORCE MAIN—LAKESIDE PUMPING STATION TO TAMALPAIS DRIVE

NOTICE IS HEREBY GIVEN that Sanitary District No. 2 of Marin County will receive up to, but not later than 5:00 o'clock P.M. of the 13 day of October, 1960, sealed bids for the award of a contract for the construction of improvements in the District in strict accordance with the plans and specifications therefor entitled "Sewage Force Main — Lakeside Pumping Station to Tamalpais Drive", dated September ——, 1960, prepared by Brown and Caldwell, Consulting Engineers, and on file in the office of the Secretary of said District.

Said sealed proposals or bids shall be delivered to the Secretary of the Sanitary Board of said Sanitary District, 500 Tamalpais Drive, Corte Madera, California. Bids will be publicly opened, examined and declared on said day and hour by the Secretary, who shall report to the Sanitary Board his findings, which findings shall be considered by said Sanitary Board at its meeting to be held at said place on October 13, 1960, at 7:30 o'clock P.M.

Each bid shall be in accordance with said plans, specifications and other contract documents now on file in the office of the District Secretary, located at 500 Tamalpais Drive, Corte Madera, California.

Said proposals or bids must be enclosed in a sealed envelope, addressed "Sanitary District No. 2 of Marin County, 500 Tamalpais Drive, Corte Madera, California", and endorsed "proposal for Sewage Force Main—Lakeside Pumping Station to Tamalpais Drive".

All proposals or bids shall be accompanied by a certified or cashier's check payable to the order of the District amounting to ten per cent (10%) of the bid, or by a bond in said amount and payable to said District, signed by the bidder and a corporate admitted surety or two individual sureties who shall justify before any officer competent to administer an oath, in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said District in case the bidder depositing the same does not, within fifteen days after written notice that the contract has been awarded to him, enter into a contract with the District, the faithful performance of which shall be secured by an undertaking in the amount of one hundred per cent (100%) of the amount so bid, with sureties satisfactory to the said Sanitary Board, and which shall be accompanied by a labor and material bond

Young GOP Sets Day For Work

Marin County's Young Republicans will observe a special "work day" Saturday. Between 10 a.m. and 5 p.m. they will show up at Republican campaign headquarters, 1029 C Street, San Rafael, to help with addressing, envelope stuffing, bumper strip distribution or to accompany car caravans.

Hamburgers will be served from 5:30 to 7:30 p.m. at the American Legion Log Cabin at Memorial Park in San Anselmo, with square dancing later. Mrs. Edwin W. Thomas is general chairman for the evening, assisted by Mrs. John W. Clow and Mrs. David R. Cruz. President of the organization is William D. Keeler.

Green Pine Nursery To Open Tomorrow

Green Pine Nursery, Fourth and Mary Streets, San Rafael, will hold its official opening tomorrow.

The new store is located in the former Roberts Dairy Building. Bob and Jim Lundgren, former owners of Roberts', are the proprietors of the nursery.

Catholic Faith Forums Under Way

A series of inquiry forums on the Catholic faith began this week at St. Hilary's Catholic Church, Tiburon, and Star of the Sea Catholic Church, Sausalito.

Rev. Walter Anthony, CSP, a Paulist missionary, will conduct the series. Forums will meet at 1 p.m. Wednesdays and 8 p.m. Fridays in Sausalito and 8 p.m. Thursdays and 10:30 a.m. Saturdays in Tiburon.

Mumps, Infections Head Disease List

Five cases of streptococcus infections and four of mumps headed the list of communicable diseases reported last week to the Marin County Health Department.

Also reported were three cases of syphilis, three infectious hepatitis, and one each of gonorrhea, measles, serum hepatitis and meningitis aseptic.

Ross Valley Players Plan 'Auntie Mame'

With Marie Rogers of Tiburon starring in the title role, "Auntie Mame," a comedy hit which enjoyed two seasons on Broadway, will be the Ross Valley Players' 1960-61 season opener. The play will run for three weekends beginning Oct. 20 at the barn in the Marin Art and Garden Center in Ross.

"Auntie Mame" is the adaptation by Jerome Lawrence and Robert E. Lee of a best-selling novel of the same name by Patrick Dennis.

The play presents Mrs. Rogers as an eccentric, whimsical, but courageous woman engaged in rearing an orphan nephew from 1928 to the present.

The comedy features one of the largest casts to be assembled by the Ross Valley Players. The show uses 50 characters and 24 scenes. Mrs. Rogers will have more than 20 costume changes.

A father-son combination will play the two-part role of the orphaned nephew. Roland Irving Jr. will play Patrick as a youngster. His father, Roland Irving, will play Patrick as an adult. To round out this family participation, Mrs. Jean Irving will play Mother Burnside, Auntie Mame's sometime mother-in-law.

Dora Blunden, who paced much of the comedy in the Players' last offering, "Sabrina Fair," will support Mrs. Rogers in the role of Vera Charles. Mame's actress friend. Dave Holaday will be featured as Beauregard Burnside, Mame's good-natured husband.

Other leading actors in the large cast are Dorothy Shuster as Gloria Upson, the nephew's nitwit fiancee; Bobbie Dowd as Agnes Gooch, the overwhelming secretary, and Percy McPartland in three different roles including that of Alexander Woolcott.

Completing the cast are Ursula Abbe, Ben Borden, Jean Brown, Don Carlin, Jerry Citti, Mervyn David, Jean Day, Marie Michetti, Justine Handles, Duncan Holaday, Mike Lopez, Bill McCall, Paul McPartland, Barbara Morrisey, Marjorie Ross, Lionel Stott and Barbara Williamson.

Director is John Brebner of Sausalito.

"Auntie Mame" is one of three Ross Valley Players' shows being offered to the public for the 1960-61 season. "Cat on a Hot Tin Roof" is scheduled for March, and the comedy, "Janus," for May. Tickets and reservations are available through Orrick Travel Bureau, San Anselmo.

Children's Play Now Showing At Sausalito Theater

A children's play, "Ali Baba and the Forty Thieves," is currently occupying the stage of the Gate Playhouse in Sausalito on Saturday afternoons.

It is an Alameda Children's Theater production.

Special arrangements have been made to accomodate children's birthday party groups.

By calling in advance, arrangements can be made for the serving of birthday cake to the youngsters in the party group.

The adult cast for the play is directed by Steven Marshal. Performances begin at 2:30 p.m.

Sausalitan To Speak To Auto Engineers

A Sausalito resident, F. S. Nowlan, will be a featured speaker at the annual meeting of the Society of Automotive Engineers Oct. 10-14 at the Ambassador Hotel in Los Angeles.

Nowlan is manager of performance and operations analysis for United Air Lines.

Ross Valley Players Plan 'Auntie Mame'

With Marie Rogers of Tiburon starring in the title role, "Auntie Mame," a comedy hit which enjoyed two seasons on Broadway, will be the Ross Valley Players' 1960-61 season opener. The play will run for three weekends beginning Oct. 20 at the barn in the Marin Art and Garden Center in Ross.

"Auntie Mame" is the adaptation by Jerome Lawrence and Robert E. Lee of a best-selling novel of the same name by Patrick Dennis.

The play presents Mrs. Rogers as an eccentric, whimsical, but courageous woman engaged in rearing an orphan nephew from 1928 to the present.

The comedy features one of the largest casts to be assembled by the Ross Valley Players. The show uses 50 characters and 24 scenes. Mrs. Rogers will have more than 20 costume changes.

A father-son combination will play the two-part role of the orphaned nephew. Roland Irving Jr. will play Patrick as a youngster. His father, Roland Irving, will play Patrick as an adult. To round out this family participation, Mrs. Jean Irving will play Mother Burnside, Auntie Mame's sometime mother-in-law.

Dora Blunden, who paced much of the comedy in the Players' last offering, "Sabrina Fair," will support Mrs. Rogers in the role of Vera Charles. Mame's actress friend. Dave Holaday will be featured as Beauregard Burnside, Mame's good-natured husband.

Other leading actors in the large cast are Dorothy Shuster as Gloria Upson, the nephew's nitwit fiancee; Bobbie Dowd as Agnes Gooch, the overwhelming secretary, and Percy McPartland in three different roles including that of Alexander Woolcott.

Completing the cast are Ursula Abbe, Ben Borden, Jean Brown, Don Carlin, Jerry Citti, Mervyn David, Jean Day, Marie Michetti, Justine Handles, Duncan Holaday, Mike Lopez, Bill McCall, Paul McPartland, Barbara Morrisey, Marjorie Ross, Lionel Stott and Barbara Williamson.

Director is John Brebner of Sausalito.

"Auntie Mame" is one of three Ross Valley Players' shows being offered to the public for the 1960-61 season. "Cat on a Hot Tin Roof" is scheduled for March, and the comedy, "Janus," for May. Tickets and reservations are available through Orrick Travel Bureau, San Anselmo.

Children's Play Now Showing At Sausalito Theater

A children's play, "Ali Baba and the Forty Thieves," is currently occupying the stage of the Gate Playhouse in Sausalito on Saturday afternoons.

It is an Alameda Children's Theater production.

Special arrangements have been made to accomodate children's birthday party groups.

By calling in advance, arrangements can be made for the serving of birthday cake to the youngsters in the party group.

The adult cast for the play is directed by Steven Marshal. Performances begin at 2:30 p.m.

Sausalitan To Speak To Auto Engineers

A Sausalito resident, F. S. Nowlan, will be a featured speaker at the annual meeting of the Society of Automotive Engineers Oct. 10-14 at the Ambassador Hotel in Los Angeles.

Nowlan is manager of performance and operations analysis for United Air Lines.

Young GOP Sets Day For Work

Marin County's Young Republicans will observe a special "work day" Saturday. Between 10 a.m. and 5 p.m. they will show up at Republican campaign headquarters, 1029 C Street, San Rafael, to help with addressing, envelope stuffing, bumper strip distribution or to accompany car caravans.

Hamburgers will be served from 5:30 to 7:30 p.m. at the American Legion Log Cabin at Memorial Park in San Anselmo, with square dancing later. Mrs. Edwin W. Thomas is general chairman for the evening, assisted by Mrs. John W. Clow and Mrs. David R. Cruz. President of the organization is William D. Keeler.

Green Pine Nursery To Open Tomorrow

Green Pine Nursery, Fourth and Mary Streets, San Rafael, will hold its official opening tomorrow.

The new store is located in the former Roberts Dairy Building. Bob and Jim Lundgren, former owners of Roberts', are the proprietors of the nursery.

Catholic Faith Forums Under Way

A series of inquiry forums on the Catholic faith began this week at St. Hilary's Catholic Church, Tiburon, and Star of the Sea Catholic Church, Sausalito.

Rev. Walter Anthony, CSP, a Paulist missionary, will conduct the series. Forums will meet at 1 p.m. Wednesdays and 8 p.m. Fridays in Sausalito and 8 p.m. Thursdays and 10:30 a.m. Saturdays in Tiburon.

Mumps, Infections Head Disease List

Five cases of streptococcus infections and four of mumps headed the list of communicable diseases reported last week to the Marin County Health Department.

Also reported were three cases of syphilis, three infectious hepatitis, and one each of gonorrhea, measles, serum hepatitis and meningitis aseptic.

REP. MILLER'S SURVEY SAYS:

Health Insurance, Federal Aid To Schools Favored

A majority of Redwood Empire residents who answered a questionnaire from Rep. Clement W. Miller favor social security health insurance for retired people and federal aid to education, the Democratic congressman announced today.

Most oppose continuing the present farm program and lifting the ceiling on the government interest rate, he said.

"The keen interest in the issues and the questionnaire over the entire district are very gratifying. The replies have helped my understanding immeasurably," declared the Corte Madera representative.

He said the final tabulation, of weighted samples of the responses, "ran very close to our estimates based on reading the questionnaires as they were returned."

Here are the results:

HEALTH, EDUCATION AND WELFARE

Do you favor social security health insurance for retired people! Yes, 68%; No, 27%; did not answer or undecided, 5%.

Do you favor federal support for education to help relieve our classroom shortage and assist with teachers' salaries? Yes, 54%; no, 41%; ?, 5%.

Should all American children have approximately equal educational opportunities? Yes, 92%; no, 5% ?, 3%.

Should a large share of the federal budget be allocated for education, health and welfare services? Yes, 61%; no, 30%; ?, 9%.

FOREIGN POLICY

Should the U. S. resume testing atomic or hydrogen bombs? Yes, 36%; no, 48%; ?, 16%.

Should the U. S. furnish nuclear weapons to other nations? Yes, 11%; no, 77%; ?, 12%.

Do you support the economic development and technical assistance parts of our foreign aid program? Yes, 58%; no, 30%; ?, 12%.

Do you support the military assistance part of our foreign aid program? Yes, 43%; no, 42%; ?, 15%.

Do you feel the U. S. is holding its own against Soviet Russia? Yes, 48%; no, 33%; ?, 19%.

Should the World Court be abolished? Yes, 12%; no, 70%; ?, 18%.

FARM POLICY

Do you believe in continuing our present farm program? Yes, 9%; no, 77%; ?, 14%.

Would "self-help" legislation to enable farmers to gear total production to demand with marketing agreements be a good alternative to the present farm program? Yes, 52%; no, 16%; ?, 32%.

ECONOMIC

Do you believe Congress should lift the ceiling on the government interest rate? Yes, 24%; no, 52%; ?, 24%.

Do you favor the administration's high-interest-rate, tight-money policies? Yes, 38%; no, 42%; ?, 20%.

Would you favor legislation to assist homebuilders, lumbermen and prospective home buyers, now restricted by tight money? Yes, 43%; no, 46%; ?, 11%.

FEDERAL ROLE

Should the federal government help local governments plan and finance projects that fights slums and blight (urban renewal)? Yes, 55%; No, 40%; ?, 5%.

Should the federal government participate in the field of outdoor recreation? Yes, 45%; no, 45%; ?, 10%.

Should the federal government help local government plan and pay for these types of projects: harbors, airports, flood control, water and air pollution control, fish and wildlife betterment? Yes, 63%; no, 45%; ?, 10%.

OTHER

Do you believe a greater share of America's total resources should be devoted to public as distinct from private purposes? Yes, 40%; no, 35%; ?, 25%.

Do you feel that the Food and Drug Administration is doing the job it should in the field of food additives and sprays for insects and weeds? Yes, 44%; no, 40%; ?, 16%.

Preservation of Point Reyes Peninsula in Marin County is under consideration as a national seashore park and outdoor recreation area. Do you favor such a development? Yes, 65%; no, 25%; ?, 10%.

The above percentages are based on tabulation of 3,250 of the approximately 11,400 questionnaires returned, Miller said.

The sample from each county was first tabulated separately. Then, in order to compute percentages for the entire seven-county district, the sample for each county was assigned a "weight" according to each county's population. At least 250 were tabulated from each county, except Del Norte (from which less than 250 were returned). The sample for each county was chosen at random. The tabulating was done by volunteers.

The questionnaire also included an "open-end" question by which Miller asked his constituents what they consideer "the three most important questions facing our country today" and what they believe should be done about them.

Analysis and tabulation of responses to this question have not yet been completed, Miller reported.

Sanitary District Meeting Planned

Corte Madera Sanitary District directors have set an adjourned meeting for Oct. 13 at 8 p.m. to consider bids for a force main which would run from the Lakeside Drive pumping station to Tamalpais Drive at Sausalito Avenue.

Easement rights for the project were approved by the town council Monday night, but no official word from the city had been received by the district directors at the time of their meeting Tuesday night.

The new sewer line will replace the present line in the Corte Madera lagoon behind Madera Gardens subdivision.

Governor Due At Reception For Democrats

Gov. Edmund G. Brown will be the principal speaker at an all-Democratic candidates' reception next Thursday from 7 to 10 p.m. at the new clubhouse of the Marin Golf Club in Ignacio.

Governor and Mrs. Brown head a list of Democratic guests including Mr. and Mrs. Ted Kennedy (he is chairman of the Kennedy-for-President campaign in the 11 western states), Mrs. Elizabeth Smith, national committeewoman; Roger Kent, chairman of the state central committee, and Mrs. Henry F. Grady, state vice chairman of the Kennedy-for-President campaign.

With the third Kennedy-Nixon debate scheduled the same evening, television will be provided as well as cocktails and hors d'oeuvres.

Following the debate, guests will hear Governor Brown, Rep. Clement W. Miller, candidate for re-election to Congress; Charles Geller, candidate for the State Senate, and Everett Matzen, candidate for the Assembly.

POLITICAL DECORATION—Posters will decorate the new clubhouse of the Marin Golf Club in Ignacio next Thursday when Gov. Edmund G. Brown will be the principal speaker at an all-Democratic candidates' reception from 7 to 10 p. m. Members of the committee are (from left) Mrs. Boyd V. Clay, Mrs. Eric F. Wilkinson and Mrs. Thomas F. Keating. (Independent-Journal photo)
